

May seventh, 1931.

Dear Major Kesler,

I have your telephone message with reference to the band of the Artillery Regiment being employed at the garden party to be given on May 29th. I am afraid that for this year we are committed to the band of the Royal Montreal Regiment, but there is no reason why we should not employ the Artillery Band next year, providing its progress as a musical organization is satisfactory.

I hope you are doing well with the band, and with all good wishes for the Regiment,

I am,

Ever yours faithfully,
