SYDNEY COAL.

This celebrated Coal, mined by the General Mining Association, Ltd., of London, G. B., at North Sydney, Cape Breton, has long been generally known under the name of Sydney Coal, and this name is registered as a Trade Mark. To guard against deception from other coals being sold with the prefix of "Sydney," or as "Sydney Coal," a certificate is issued with each cargo of Genuine Sydney Coal Shipped.

"Sydney Coal" stands at the head of all Nova Scotian and Cape Breton Coals in its reputation for House Use. It is also an excellent Steam Coal.
