SAULT STE. MARIE CANAL.

NOTICE TO CONTRACTORS.

SEALED TENDERS addressed to the undersigned, and endorsed "Tenders for the Sault Ste. Marie Canal," will be received at this office until the arrival of the eastern and western mails on TUESDAY, the 23rd day of October, next, for the formation and construction of a canal on the Canadian side of the river, through the Island of St. Mary.

The works will be let in two sections, one of which will embrace the formation of the canal through the island; the construction of locks, &c. The other, the deepening and widening of the channel-way; construction of piers, &c.

A map of the locality, together with plans and specifications of the works, can be seen at this office on and after TUESDAY, the 9th day of October, next, where printed forms of tender can also be obtained. A like class of information relative to the works, can be seen at the office of the Local Officer in the Town of Sault Ste. Marie, Ont.

Intending contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and be accompanied by a letter stating that the person or persons tendering have carefully examined the locality and the nature of the material found in the trial pits.

In case of firms, there must be attached the actual signature of the full name, the nature of the occupation and residence of each member of the same; and further, a bank deposit receipt for the sum of \$20,000 must accompany the tender for the canal and locks; and a bank deposit receipt for the sum of \$7,500 must accompany the tender for the deepening and widening of the channel-way at the ends piers, &c.

The respective deposit receipts—cheques will not be accepted—must be endorsed over to the Minister of Railways and Canals, and will be forfeited if the party tendering declines entering into contract for the works, at the rates and on the terms stated in the offer submitted.

The deposit receipt thus sent in will be returned to the respective parties whose tenders are not accepted.

This Department does not, however, bind itself to accept the lowest or any tenders.

By order, A. P. BRADLEY, Secretary.

Department of Railways and Canals, Ottawa, 28th August, 1888.

NEW WATER JACKETED CUPOLA FURNACE.

B. W. KEIM'S New Water Jacketed Cupola produces superior castings with a saving of a labourer and ten per cent. of a saving in metal and fuel. It is especially adapted for the use of stove, brass and iron foundries, also for the treatment of phosphor-bronze, copper and bell metal. It is so constructed that by the addition of 1 1/2 per cent. of aluminum a steel casting can be produced. It requires little, if any, repairs, and the bottom need not be dropped for months. Estimates furnished for portable reduction works for the smelting of gold, silver, lead or copper ore. A saving and analyzing promptly attended to by the best of chemists. Your correspondence is solicited. Send for illustrated catalogue.

WANTED.—Reliable parties to introduce the Hartsfeld Automatic continuous and improved economical Coke and Charcoal Ovens of any capacity.

Also, lately improved portable reduction works and prospecting hand-power diamond bit rock drill that will bring up a solid core 500 feet. Extraordinary inducements.

EPPS'S COCOA.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of the well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Christ Church Gazette*.
