SIXTY-THREE DEAD IN MEXICAN EARTHQUAKE

Seventy-five Wounded—Thirty Bodies of Soldiers Recovered—No Foreigners Hurt—Old Churches and Schools Suffered Severely—Casualties Confined to Comparatively Small Area.

MEXICO CITY, June 7.—Sixty-three were killed, 75 wounded and property worth \$100,000 was wrecked to-day by an earthquake shock which shook the Mexican capital and injected a note of tragedy into what was to be a day of pure rejoicing over the arrival of Francisco I. Madero, jr.

When the work of searching the ruins is completed, it is possible that the list of dead will be increased somewhat, as hiding here and there throughout the city there doubtless are the bodies of those who were killed by the authorities and government hospitals, are anxious to avoid discovery.

Another place where the earthquake took its toll of dead was the plant of the Street Car Co. There six persons were killed and six wounded. Two others were found in the ruins.

With these two exceptions, the death list was made up of single cases, or in a few instances of two and three persons caught beneath falling walls in unsubstantial buildings.

Altho the shock was plainly felt in all parts of the city, few realized the magnitude of the catastrophe until later in the forenoon, because the casualties were confined to a comparatively small area.

Three blocks from the barracks, the yards of the Mexican Central, at which Major Madero had been scheduled to enter, presented another spectacle of the shock's intensity.

The watermain of the city were not injured and the light and power company suffered little inconvenience.

Two of the capital's old churches and the National Palace show effects of the shock. Long cracks appeared in all of them. In the palace a key-stone in one of the arches was thrown almost out.

No Desire for Election

WINNIPEG, June 7.—Hon. Frank Oliver stated here today that the government has no desire to call a general election now. It was true that only two-twelfths of the meeting supply had been voted, and therefore it was in the power of the opposition to force an election in September.

STRAIGHT TICKETS IN EVERY COUNTY OF N. S.

Provincial Election Promises to Be Keenly Contested—No Acclamations.

HALIFAX, June 7.—Straight tickets were nominated to-day for the provincial elections in all the thirteen counties of Nova Scotia. In addition to this, in Halifax the Liberal party nominated one candidate, the government and opposition parties having their full tickets of three each.

The government side also presents a solid front. In Halifax the government and the opposition newspaper organs are supporting the labor candidate at the expense of the third man.

H. A. VANDUSEN CANDIDATE

Will Contest North Bruce for Legislative in Conservative Interest.

TARA, Ont., June 7.—(Special)—At a large convention of the Liberal-Conservative party of North Bruce held here to-day, attended by more than 250 delegates, H. A. Vandusen, editor of the Tara Leader, was unanimously selected as the Conservative standard bearer at the next provincial election for the Ontario Legislature.

The annual election of officers reported as follows: Honorary president, Andrew Tara; president, E. J. Mitchell; Southampton, vice-president, Thos. Stout, Port Elgin; secretary, Jas. A. Macdonald, Tara; Treasurer, D. M. Sutherland, Sigsbee; Auditors, R. E. Moore, Lion's Head, and C. E. Stuart, Tara.

Numerous Political Conventions Indicate that General Election is Drawing Near.

One of the most significant signs that point to an early election for the province is the activity manifested by political organizers throughout the country.

OTTAWA, June 7.—(Special)—That the great Eddy industries on the Ottawa side of the river at the Chaudiere are being sold is reported to-night in Ottawa.

M. H. O. MAY INDICT CITY FOR CRIMINAL NEGLIGENCE

Local Board of Health Supports His Stand For Abolition of Public Drinking Cup.

"In retaining the public drinking cup a menace to health is being maintained, and by so doing the city renders itself liable to indictment under the Public Health Act," said Dr. Hastings, medical health officer, to the local board of health yesterday afternoon.

At their last meetings the civic park and island committees failed to act on Dr. Hastings' recommendation that the public drinking cups be abolished.

The World does not accept this theory. In fact, the Canadian wheat milling interests seem to have something to do with the formation of the board.

FOR THE HARBOR COMMISSION. The board of trade has submitted to the mayor the names of the following as well qualified for positions on the harbor commission: W. J. Gage, W. K. George, R. S. Goulet, G. Kent, Jos. Kilgour, Herbert Langlois, W. D. Lums, C. G. Mariatt, J. T. Mathews, J. W. Moyes, J. B. O'Brien, R. Homs Smith, G. T. Somers, W. G. Trethewey, J. P. Watson.

Bread Trust in Sight?

Is a big bakery trust or merger in process of formation? The World believes there is one now under way, with the day from people who ought to know that such a deal was now on the tapis in Montreal, but also in Toronto and Winnipeg, and, in turn, to combine these three into one.

The Montreal Star on Tuesday of this week published a leading editorial against the possibility of a bread trust, and said that the formation of one would be impossible.

ISOLATION HOSPITAL SITE Offer of One Hundred Thousand Dollars Said to Have Been Made.

The city is looking for a site for a new isolation hospital and a number of properties more or less convenient to the city have been examined.

TONSORIAL TOPICS TALK OF PRISON CORRIDORS

Problem of Free Hair Cut Keeps Penitentiary Guards on Razor Edge of Excitement—City Knights of Shears Stand to Their Guns.

Should a penitentiary guard pay for a shave or a hair cut? This truly academic question is being settled by the great minds of this burg, and opinion, expert and otherwise, is being freely voiced in barber shops, hotel and prison corridors.

MIXED MARRIAGES NOT AFFECTED, SAYS JUDGE

Ruling of Court Only Touches Validity of Marriage of Two Catholics.

MONTREAL, June 7.—Judge Lect, who considers that his opinion with regard to the Hebert marriage case and the "No Tenere" decree has been quoted in such a way as to create a misunderstanding, has issued a letter to the press in explanation of his position. He upholds the ruling of the court as regards the legal invalidity of the marriage of two Catholics by a Protestant minister, but contends that this ruling has no application to mixed marriages.

Wool Tariff Discussion. Bitterness of political debate such as has been characterized by the opening tariff skirmishes of the present session of congress cropped out in the beginning of the wool tariff discussion in the house to-day.

THE BOARD OF TRADE TRIP UP NORTH. The World trusts that the Board of Trade trip up into Cobalt and Porcupine and the clay belt will be representative. A trip into this new country is a revelation. It is to be the backbone of Toronto—not in years, but now. But it will only tie up to Toronto if our business men and public men show interest in the connection.

WINNER OF FLAVELLE FELLOWSHIP.

F. H. Underhill of the graduating class in arts at University College has won the Flavelle Fellowship, with C. N. Cochrane, also of University College, in second place. The scholarship amounts to \$750 for two years. The successful candidate spends the two years in post-graduate work at Oxford.

MUST KEEP AWAY FROM SON.

GALT, June 7.—Thomson Moore of Toronto, who was arrested a week ago on a charge of kidnaping his son, who was a ward of the Children's Aid Society, placed with a farmer in Beverly Township, received his trial to-day in police court. The father was referred to the Children's Aid Society with his grievance, and was also told to keep away from his son.

ADVERTISING LISTED.

LISTOWELL, Ont., June 7.—Listowel Council, after a conference with a board of trade delegation, decided to grant \$200 for the purpose of advertising the town, with a view of securing new industries to locate here.

NO COMPROMISE ON THE ROOT

It Is Believed No Other Amendment Has Chance of Adoption in Committee, Tho Senator Nelson Has Several Prepared—Bitter Struggle Over Wool Schedule in House.

Taft Will Talk Again

WASHINGTON, June 7.—In his speech to the National Cotton Seed Crushers' Association in New York to-morrow night, President Taft intends to outline the effect that reciprocity with Canada would have on the cotton industry and on the south generally. He will make the address at the request of several southern senators, and it may prove an amplification of the speech he made at Chicago last Saturday.

WASHINGTON, June 7.—Following four hours discussion of the Canadian reciprocity bill by the senate finance committee in executive session to-day, Chairman Penrose expressed the opinion that any amendment that might be adopted by the committee would be killed on the floor of the senate. It was thought at first that a compromise might be reached on the Root amendment to the paper and wool pulp clause, which amendment had been objected to as fatal to the agreement, but such a compromise was found impossible.

Found Rail Removed. "I found a rail between the tracks, about 12 inches inside of its normal position. I found that the spikes had been taken out and the rails pulled down, as if an attempt had been made to remove it also."

GOOD ROADS COMMISSION.

The report is current that the good roads commission propose to do most of their work this year on the Lake Shore-road, out Dundas-street and on Yonge-street. All in the west and centre. Why not a road on the east side this year? Why this persistent boycott of things to the east? It was the same spirit that defeated the Bloor-street viaduct. Where is George Henry?

THE MONTH FOR WEDDINGS.

June, the month for weddings, is well on its history-making way. It is an important time for many people and a red letter day in the life of the best or the worst of us. It is Silk Hat month, and as "k hats are remarkable in this country it will pay you to get the best there is and the best handled in Toronto comes from the W. and D. WRECK RESULT OF DELIBERATE PLAN

Evidence at Adjoined Inquest Shows That One Rail Was Removed, and Spikes Lifted From Another—Crown Investigating Actions of Certain Persons.

RIDGETOWN, Ont., June 7.—(Special)—Evidence submitted by trainmen and others at the adjourned inquest, this afternoon into the fatal wreck of the Michigan Central flyer, which was derailed here on the morning of May 31, went to show that a rail had been deliberately removed and laid 12 inches inside its usual position, while five spikes had been pulled from the other rail.

No evidence was submitted to incriminate anyone, but an adjournment was taken till Tuesday to allow the crown to enquire into the actions of certain persons, who may be implicated in the matter.

Crown Attorney H. D. Smith of Chatham had charge of the case. W. S. Blackburn, London barrister, a brother-in-law of the deceased Engineer Oakes, W. B. Kingsmill, for the railway company and government, and Provincial Detective James Miller, who is working on the case, were present. An army of witnesses were in the room, but only 12 were called.

Mr. Hickey, roadmaster of all the Michigan Central, was the first witness. The crown asked if there had been a strike on the line near the accident, just previous to the occurrence. Mr. Hickey declared there had been no strike, but he said that "most of the laborers had quit work" as a result of trouble. He admitted that two or three men were in charge of a seven-mile stretch, having to cover this line daily and do all the work besides the responsibility of the track inspection. He said, would call on one John Lamb, foreman. Mr. Hickey then took occasion to retract his position about the seven miles, cutting it down to three. He was positive in his declaration that the rails and road-bed near the scene of the wreck were in good condition. On going over that particular stretch a few days previous he found these all right.

"Any rotten log," he was asked, "was spotted."

Describing the accident, he said when he arrived after 4 o'clock in the morning he took down the rails, and they were all overturned, and the front trucks of the smoker off.

"I found a rail between the tracks, about 12 inches inside of its normal position. I found that the spikes had been taken out and the rails pulled down, as if an attempt had been made to remove it also."

"Did you notice any marks on the ties where the engine went off?" asked.

There is nobody in this country who does not know that the American Woolen Co. to-day fixes the price of wool. Underwood is a monopoly, that it is a trust, and that industry and that company dictated to a Republican house, when they proposed to reduce the wool tariff under schedule K in the last congress.

HOT SHOT FOR TARIFF BOARD.

PAVING his respect for the present tariff board, Mr. Underwood said that if that body "went on for ten years as it is going at present, we would not get enough information on the wool schedule to write a tariff bill."
