NO CLASSES IN BASEMENTS

Decision of Property Committee of Board of Education—Open School Grounds to the Public.

"It will give notice of motion that hereafter no classes shall be taught in basements, either rented or in buildings owned by the board," said Dr. Noble, at the school property committee meeting yesterday. This was the result of a discussion of the Christian church basement complaints. A letter was read from the church, giving notice to the board to vacate. Trustee McGargarty, who evidently had not read the morning paper, charged Miss Carruthers with having injured the church by making unfounded charges. He declared that he had visited the basement and it was as dry as any other basement could be. Dr. Noble declared that he had personally inspected the basement, which was wet half way up the wall, and had a permanent water line. Chairman Hodgson pointed out that the matter had been dealt with at the management committee, and that Dr. Noble's notice of motion followed.

Public May Use Grounds. Trustee Brown secured the unanimous support of the committee for a motion that all the school grounds should be open to the public until 8 p.m. during May, June, July, August, September and October. Chairman Hodgson warned the trustees not to expect all the improvements at their schools which had been approved by the committee, as it would take \$40,000, and they had only \$50,000 in the estimates. "Go ahead," said Dr. Noble, "and have an overland, if necessary. You ought to have had nerve enough to ask for all the money that is required." Chairman Hodgson said they would have to ask for \$125,000 next year. Supt. Bishop suggested that the finance committee be asked to authorize the use of a portion of the building fund for the purchase of sites in addition to the appropriation for that purpose. Trustee Brown, who is chairman of the finance committee, did not regard this as legal. It was decided to purchase a 90-foot addition to the site of the school on Western-ave. school site at \$100 a foot.

RUSSELL MOTOR EARNINGS Increase Large, But Report of Eighty Per Cent. Gain, Result of Error.

Thru a typographical error, the statement was made in an article appearing in a recent issue of The World that the business of the Russell Motor Car Co. had increased 80 per cent. over last year. While the growth of the business is reported as gratifying, however, the increase is not equal to the figure quoted.

Sale of Irish Rose Bushes. It is not often the people of this city have the opportunity of securing high-class Irish rose bushes at auction, and the sale to be conducted on June 5 should bring out numbers of buyers. This is the second consignment shipped

PRICE OF CEMENT AGAIN REDUCED.

Latest Drop of Ten Cents Per Barrel is Effective Thruout Western Territory.

AMUSEMENTS.

For the second time within a period of six months, a reduction of ten cents per barrel in the price of Portland Cement has been announced by the Canada Cement Company.

This latest decrease is effective, according to the company's announcement, at all points in Canada, west of the lakes.

A previous reduction of ten cents per barrel was made in the last November, so that the total drop in the last six months is twenty cents a barrel, west of the lakes, and ten cents east—representing an enormous saving to the cement consumers in western provinces.
