Rivals Her Daughter In Youthful Beauty

(From Social Register). A well-known society matron whose youthful beauty is so well preserved that she is regarded as her daughter's rival in this respect—though, she does not pose as such—attributes her girlish complexion chieffy to two things. She says:

"I am convinced that creams, by overloading the skin and pores, tend to age the complexion. Megicolized war, tag just the opposite effect. It keeps the pores clean, permitting them to breathe, and removes dead particles of cuticle which are constantly appearing, and which give vell-known society matron whose removes dead particles of cuticle which are constantly appearing, and which give the complexion that faded look. Whenever my skin begins to get the least bit off-color, I go to my druggist's for an ounce of mercolized wax: I apply this mightly, like cold cream, for a week or so, washing it off mornings. This is what keeps my complexion so fresh, white and valvety.

The absence of wrinkles and flabbiness I owe to the use of a simple face bath prepared by dissolving one ounce of powdered saxolite in a half of the saxolite in This keeps the skin 'tight' and

Pimples So Bad He Was Ashamed

Tried Everything but Did It No Good.
One Box of Cuticura Ointment Took Pimples Away.

'About seven years ago pimples broke out all over my face and neek. When they would first come out they would be big and red, then after a while they would turn white, and matter would come out. Sometimes they would itch so I could hardly sleep. I was ashamed to go down street. my face looked so bad. I went to several doctors and got medicine, which did me no good, and bought ointment, salves and patent medicines, but none of them would cure my face and neck. A friend advised me to try Cuitcura Ointment. I got one box, and it took the pimples away before I had it all used up. I can say it is a wonderful remedy. Any sufferer who has pimples should use Cuticura Ointment if they want a sure cure. I never had any soap equal to Cuticura Sosp." (Signed) Aylmer Mathers, Parkhill, Ont., Dec. 24, 1010.

Sores All Over Baby's Body "When my baby boy was six months old, his body was completely covered, with large sores that seemed to itch and burn, and cause terrible suffering. The eruption began in pimples which would open and run, making large sores. His hair came out and finger nails fell off, and the sores were over the entire body, causing little or no sleep for haby or myself. Great scabs would come off when I removed his shirt. We tried a great many remedies but nothing would help him, till a friend induced me to try Cuticura Soap and Ointment. I used the Cuticura Soap and Ointment but a short time before I could see that he was entirely cured. He had suffered about six weeks before we tried the Cuticura Soap and Ointment, although we had tried several other things and doctors too. I think the Cuticura Remedies will do all that is claimed for them, and a great deal more." (Signed)
