

SUMMONS SERVED ON REV. B. SPENCE

Local Police Take Action
Against Publisher of "The
Parasites."

BAN WAS NOT LIFTED

Two Thousand Copies Seized
at Mr. Spence's
Residence.

All efforts to induce Ottawa to raise the ban on "The Parasites" having failed, Rev. B. H. Spence was served with summons yesterday to appear in the police court on Tuesday morning next to answer a charge of publishing 2000 copies of the book, or in the legal phraseology of the summons, that he did "in the month of March, contrary to law, without lawful excuse or authority, print, publish, or cause to be printed, or have in his possession or premises, in his office, or under his control, a quantity of prohibited literature, contrary to the provisions of the act respecting the publication of obscene or indecent literature."

The arrest was not unexpected in view of an Ottawa despatch published on Thursday, which stated that although the government authorities would not take action against Mr. Spence, the local police authorities could exercise their own discretion in the matter. The summons was served on Mr. Spence as he sat in his office in the Lumsden Building shortly before noon yesterday. It was sworn out by Detective Guthrie under instructions from the chief constable. The offence with which Mr. Spence is charged is punishable by a fine of \$5000 or five years in prison or both.

Passages from "The Fiddlers." Following the issue of the summons, Detective Guthrie visited Mr. Spence's home at 355 Crawford street and there seized 2000 copies of the banned publication, which were taken to police headquarters in baggage wagons.

"The Parasites" has been banned in England and in Canada. Mr. Spence's reprint is also said to contain passages from Arthur Moe's "The Fiddlers." Mr. Spence refused to be interviewed about his summons, but said "There has been a wholesale misrepresentation in the columns of certain Toronto newspapers in discussing this book." Mr. Spence's book is said to have as its frontispiece a portrait of Lord Newton W. Rowell.

When first became known that Mr. Spence had been publishing the book, evidently not knowing that it had been banned, he made a hurried trip to Ottawa in an endeavor to have the ban lifted. Evidently his trip was unsuccessful, for he returned to the city on Thursday to find the local police waiting for him.

WANTED ON OLD CHARGE

Frank Chillico Will Face a Charge of Wounding.

Wanted on the charge of wounding since July, 1916, Frank Chillico, alias Frank Roskill, was arrested yesterday by Detective Mulholland while entering a second-hand store on York street. According to the police, Chillico arrived in Toronto yesterday for the first time since July, 1916. It is alleged he slashed Abe Greenberg, a second-hand dealer, of 149 York street, in the face with a knife after a heated argument over a stolen money which Greenberg had loaned Chillico. After the brawl Chillico succeeded in making a clean getaway. It is said, only returned yesterday. He will appear in the police court to answer to the charge this morning.

EXPERT MANY APPLICATIONS.

Sergeant-Major Gustar, secretary of the West Toronto branch of the G.W.V.A., stated yesterday that the Rotary club hoped to get not less than 500 applications from returned soldiers for vacant lots in the city. The secretary of that club, Geo. Baldwin, he said, was working energetically to this end.

"TIZ" FOR FEET

For Sore, Tired, Swollen Feet; For Aching, Tender, Calloused Feet or Painful Corns--Use "Tiz!"

Whole year's foot
comfort for only
25 cents

"I use Tiz" when
my feet ache, burn
or puff up. It's fine!"

Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet. Good-bye, corns, calluses, bunions, and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "Tiz" is the magical foot powder that draws out all the poisonous exudations which

PLAYS, PICTURES AND MUSIC

"Peter Ibbetson." Not for many years have there been two such wonderful stars as John Barrymore and Constance Collier, who will be presented next week at the Royal Alexandra Theatre by the Moscow Shubert in John N. Raphael's dramatization of George Du Maurier's most famous novel, "Peter Ibbetson." The usual matinee will be given on Wednesday and Saturday.

Other than John Barrymore and Constance Collier, the more important members of the cast are Edmund Elliott, Wallis Clark, Alice John, Mercedes Desmore, Alice Augarde Butler, Alexander Lotus, Jules Epatly, Bruno Bogdanov, Emily McLean, Catherine Charlton and Nina Varschur. In this engagement patrons must be in their seats before the curtain rises. Late comers will have to stand during the first act. Patrons will not be seated during the action of the play.

"Some Little Girl." The attraction at the Princess Theatre, beginning Monday night, will be a new musical comedy in three acts entitled "Some Little Girl." Rida Duncan Young and William Cary Duncan are supplied the book and lyrics respectively, and the music is by William Schroeder. G. M. Anderson and L. Lawrence Weber are the producers. They have provided a company of 50 artists, with 15 principals and a beauty chorus of 35. Felix Adler, Shep Camp, and Harold Tendes are responsible for the three main comedy roles, while Peggy Lundeen, Florence Morrison and Pan Traver carry the opposite female parts. Edward Rowley and Harry Young, eccentric dancers, are also in the cast.

"Some Little Girl" goes direct from here to finish the balance of the season in Chicago, and this will be its only stop in Canada. There will be matinees Wednesday and Saturday.

Thurston, The Magician. In speaking of ghosts, Thurston, the magician, who will appear at the Grand Opera house next week, in a Grand interview said, "If every man, woman and child were honest with themselves ghosts would be as plentiful as crows. All of us at some time in our lives have experienced strange sensations, the psychic forces either in dreams, visions or actualities. Deep in our hearts we believe in the power of the unseen to manifest themselves. We have felt the presence of ghostly visitors, we have had strange, but true premonitions."

Next Week at Shea's. Valeria Suratt, famous star of the "movies" and the legitimate stage, will headline the bill at Shea's Theatre next week in her latest dramatic success, "The Purple Poppy." An excellent supporting cast surrounds Miss Suratt.

Melba Bonelli, the violin virtuoso, needs no introduction to patrons of Shea's. The clever violinist has a new repertoire that includes popular and classical selections. George Whiting and Sadie Burr are the special attraction of the bill in their clever musical offerings, "Songstings." Joe Cook, presenting his "Orpheus and Eurydice Show," will provoke much mirth, while Beaumont and Arnold in "The Seagull" have a novel sketch. Wargren and Remond are two clever comedians, while Gordon and Rice describe their act as "A Cycle of Surprises." The Lunette Sisters are daring athletes, and the British Gaiety complete the bill.

Loew's. In "The Hired Man," Charles Ray's new rural film which will be shown at Loew's Yonge Street theatre and Winter Garden next week, there is an old-fashioned "corn huskin'" and barn dance, and a New England farm. Charles Ray plays Eddy Hollins, an ambitious farm hand, in love with the daughter of his employer.

"Oh, You Devil," a musical comedy, playlet, with four principals and ten supporting players, including a number of the vaudeville chorists, will open next week. Joe Hurlig, the producer, declares that every feature of this season is new, including two days at Lobster Beach and "A Night in New York Town." This feature of the entertainment is reported to be the most stupendous ever seen in a burlesque house.

Star. Commencing Monday, with the usual matinee performance, "The Jolly Girls," the much heralded girlie, the "Hidden Pearls," will be the attraction at the theatre.

The production is said to be an unusually strong one and includes in its cast the names of some eleven principal players, among whom are Al Martin, Al Turvey, Walter Austin, William Davis, Meyer Gordon, Frances Clair, Lottie Lee and Pan Brouelle. Pretty girls, catchy music, stunning costumes, and wonderful scenic surroundings round out a first class show.

"Blue Jeans" at Regent. Today Matinee Normand completes a most successful week at the Regent Theatre in "The Floor Below." This charming story in which the charming actress, Mary, creates new fun and excitement. Next week the famous melodrama "Blue Jeans," which ran as a play for so many years with increasing popularity, will be shown. Viola Dana has never been seen in a better picture, nor has she ever appeared to greater advantage.

Particularly in the saw scene does she portray the excellent emotional qualities for which she is so justly renowned. There are many other features, including selections by the Regent Symphony Orchestra, which will make next week's presentation among the most popular of the season.

At the Strand. Today will be the last day for seeing the fine comedy drama, "The Turn of a Card," featuring J. Warren Kerrigan and Lois Wilson at the Strand Theatre. The bill for the first half of next week will be a "double head" of "Hidden Pearls," a fine Lasky production, dealing with the subject of racial instinct. Sessue Hayakawa, the distinguished Japanese actor, is the star of this gorgeous production, which is staged in beautiful Hawaii. The other features will be "The Tramp," one of the very best of the silent comedies, and in which Charles H. Adams claim that he exceeds himself.

Headin' South. Those who believe in "Seeing America First" will be more than satisfied with the scenery that makes "Headin' South," the new Artcraft picture, which is showing at the Allen today, the most distinctive film of the season.

Telephone Economy
Talk No. 3

Mounting Costs

No country in the war from the beginning has continued as we have done, to meet the demands for telephone service. Elsewhere, all but the most vital installations have been refused, and in scores of cases rates have been raised.

The trend of prices for all kinds of telephone material since the outbreak of the war has been steadily upward.

Nevertheless, during 1915, '16 and '17 we installed additional telephones to the number of 142,844. During that period 95,651 were taken out, leaving a net growth of 47,193, a remarkable increase for war time.

It was only through our fortunate financial position at the outbreak of the war that we were enabled to meet the public demands for service as we have done.

But the need for telephone economy on account of the shortage of material and skilled labor is now urgent. We ask your aid in effecting it.

House week commencing Monday, March 25.

CHILD BURNED TO DEATH.

Brookville, Ont., March 15--The nine month old child of Mrs. Charles Farrell, of Brookville, N.Y., across the river from this town, was burned to death this morning in the destruction of Mrs. Farrell's residence by fire. Started by children playing with matches, three children were left alone in the house by the mother while she called on a neighbor. The elder children escaped from the flames.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician. If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, heavy breath or stomach becomes rancid, it's your liver. A low skin, muddy complexion, watery eyes, all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to keep it in good working order. Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Limestone phosphate is as inexpensive as any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and keeps the liver, keeping you feeling fit day in and day out.

How People Feel When They Have Tapeworm

Tapeworm is bred from a parasite. This parasite is a creature male and female in one. It is a pear shape, having two, four and six suckers. It lays the eggs, which are only connected together with a string. They develop and form a body, which is the worm. Each joint is an individual, having a sucker or mouth. The worm grows to be much longer than the bowels where it is located, and sometimes a whole colony of them are found, enough to fill a quart of solid worm, and when put in a bucket of water would apparently fill it. It is the hardest task in the world to destroy this parasite without doing injury to the individual who may be so unfortunate as to have it, as the parasite clings to the bowels, freeing itself from the body of the worm, and remains there to breed another. It is an internal demon and causes its victim to suffer all the symptoms of disease imaginable. The cleverest physicians are led to believe the patient is suffering from some other disease, as nearly every kind of disease, such as dyspepsia, nervous prostration, melancholia, hypochondria, hysteria, inflammation of the bowels, appendicitis, and other complaints, when one or more of these internal demons were eating their lives away.

Prof. Mulveney has made the discovery to free the victim of this monster without injury to the system, destroying the parasite as well as expelling the worm, with one dose of medicine, without any previous starvation. Yet his office where he has in his possession the most wonderful collection of these death-dealing monsters in the world, which have been expelled from hundreds of people by his famous remedy, some bodies containing colonies of worms, and anyone seeing them cannot imagine how a person could possibly live with them in the bowels. It is surprising the number of people that have them. Thousands have them and are not aware of the fact. The letters and testimonials the Professor has in his possession are enough to convince us of this alarming fact. Some of the most prominent symptoms are: Bloating, appetite, dizzy spells, headache, cramps in the bowels, feeling of something moving in the bowels, also a feeling as if something were crawling up the throat. The only certainty of having one in the system is when segments or joints are seen, which come away almost any time. They are flat and from three-quarters of an inch to one inch long, which have often been taken for pin worms by those who do not know the difference. There are many other feelings of distress, which would take too long to enumerate. Strange to say, some people of robust constitution have very little distress.

Professor Mulveney's world-famous "Tapeworm Expeller" is safe, sure and harmless. No starvation, no danger, is not disagreeable to take. One dose nearly always cures. Further information free. Send stamped envelope or call at Professor R. L. Mulveney's, 211 Chestnut avenue (opposite Post Office), Toronto, or 73 Niagara street, Buffalo, N. Y. Phone 5647-J.

LONDON MAN PRESIDENT OF HYDRO ENGINEERS

Officials of Municipally Owned Electric Utilities Admitted to Membership in Organization.

The engineer's section of the Ontario Municipal Electric Association has been reorganized to include in its membership officials of all the municipally owned electric utilities in Ontario, in addition to officials of the local Hydro-electric bodies.

Officers elected for the ensuing year are as follows: President, E. V. Buchanan, London, Ontario; Vice-president, E. I. Sifton, Hamilton, Ontario; Secretary, S. R. A. Clement, Hydro-Electric Power Commission, Toronto; Treasurer, E. C. McCollum, Hydro-Electric Power Commission, Toronto; chairman of standing committees, Oswald H. Scott, Belleville, Ontario; E. S. McIntyre, Kitchener, Ontario; E. J. Stapleton, Collingwood, Ontario; R. H. Martin, Sudbury, Ontario.

The first meeting of the reorganized

NUXATED IRON

"Say, Doctor, This Prescription Works Like Magic." Physician Says Nuxated Iron Quickly Purifies Blood, Strengthens and Enriches the Tissues of Men and Brings Roses to the Cheeks of Nervous, Run-Down Women.

Ask the first hundred-strong, healthy people you see what they owe their strength and see how many say "Nuxated Iron." Dr. James Franklin Sullivan, formerly physician at Bellevue Hospital (Outdoor Dept.), New York, says: "Thousands of people suffer from the lack of iron in the blood. Nuxated Iron is the only remedy to quickly enrich the blood, make it healthy, healthy women, and strong, vigorous iron men. Nuxated Iron is a powerful blood purifier. I always prescribe Nuxated Iron to increase the strength of the weak, nervous run-down folks in 10 days. Nuxated Iron is the only remedy above Dr. Sullivan's recommendation from any good druggist, with or without a physician's prescription, on an absolute manufacturer's guarantee of success or money refunded."

TAMMAY, LTD.

Lady Comes 1900 Miles to Toronto

TO BE RELIEVED OF
MONSTER TAPE WORM

Her Visit a Grand Success.
Used Prof. Mulveney's
World Famous Cure.

Mrs. M. Metzger, 524 Fourth avenue east, Duluth, Minn., a beautiful young married lady, and her baby boy, have been the guests of her aunt, who has been great interest in her case, having advised her to come from Duluth, Minnesota, for the purpose of being relieved of a horrible tapeworm, for which she has been treated seven different times without success. Her aunt, who is a highly-reputed citizen, telephoned for Prof. Mulveney's Remedy, which was sent to her, and which she used with the most gratifying results, expelling the tapeworm, head and all, without previous starvation, and without causing her to be sick. Thus, arrived in Professor Mulveney's office on the evening of Sept. 8, her face all aglow with joy and satisfaction. They had the monster which caused so much trouble, head and all, and the grand tidings of joy to convey to the Professor that the result was a grand success. Two happier people could not be found in Toronto. The tapeworm is added to Professor Mulveney's wonderful collection of parasites at 211 Chestnut avenue, Toronto.

Sept. 24, 1914. Dear Sir--Your wonderful remedy received, and I took it according to directions, and am pleased to say the tapeworm was expelled. The head and all in one hour and a half--first motion of the bowels. Your medicine is certainly a wonderful discovery. I can now express my thanks to you. During the last nine years I have taken five other doses of medicine and was cured from 36 to 48 and 50 hours before I took your medicine, and it would only took part of it away. I shall tell my doctor of your great cure, that he may direct others to you. I know another lady who has been troubled longer than I and I will send your address to her. I feel it a duty to let all who need help as I did, know of your worthiness, for what you can do for me I know you can do for every one. You may be spared a long life to continue your noble work, but sincerely hope you will in some way leave your discovery so it is easy to take and acts so quickly.

Gratefully yours,
Near Ingersoll, Ont.

Woodstock, May, 1916. Prof. R. L. Mulveney, Dear Sir--I am again sending for another bottle of "Mother's Friend." It has done our little girl good. She had a real bad spell for a time now, and when she was very ill, and she passed a great lump of clear time like a snake. The other day she was very much better. That is the most that has come from her at once. I have enclosed one dollar and fourteen cents for postage.

Yours truly,

association will be held at Niagara Falls on June 14 and 15, 1918.

ARREST SOLDIER.

Pte. Sherman of Exhibition Camp Wanted By American Police.

Acting on instructions received by wire from the sheriff of Shefton, Iowa, Detectives Montgomery and Croome paid a visit to Exhibition Camp last night and arrested Charles Sherman, a soldier on charge of forgery. Sherman is thought to have forged a name to a cheque while in the camp. He will be held by the Toronto police pending the arrival of an officer.

LAND FOR SOLDIERS

Homestead Lands Within 15 Miles of Railways May Be Set Aside.

Ottawa, March 15--It is officially stated that no formal recommendations have as yet been submitted to the cabinet as to the setting aside of land areas in the west under the soldiers' settlement scheme. The matter is at present engaging the attention of Hon. Arthur Meighen, the members of the land settlement board and the officials of the interior department. It is probable that the order-in-council, when adopted, will be a general one, providing for the setting aside of homestead lands within 15 miles of the railways. Most of the land available for settlement is in the Peace River district, and special provisions will probably be made for that district where railway facilities are lacking.

YACHTSMAN DEAD.

Special to The Toronto World. Kingston, March 15--Henry Cunningham, aged 73, piano tuner, fell along near the city of Kingston, dropped dead this afternoon. He was a noted yachtsman, taking part for many years in the yachting races contested by the Kingston Yacht Club, and was widely known. The deceased was unmarried.

BIG LOSS IN MICHIGAN.

Detroit, March 15--Despatches from various cities in lower Michigan, which sustained heavy damage from goods yachtsmen, observed that the sharp drop in temperature last night checked the rising waters. No casualties have been reported, but it is believed that the million-dollar estimate which was made yesterday.
