REMOVAL OF DR. HAENTSCHEL

Formal Request is Being Circu-
lated in Important Centres
of North.

TEXT OF PETITION

Held That No Citizen of German
Birth Should Have Access
to Registration Records.

Ottawa, June 19.—The feeling against
Registrar Dr. C. W. Haentschel of
Ottawa is running high, despite
the efforts of some societies to stop
it. Petitions asking for his removal
have been circulated among the most
important centres in northern On-
tario, which have been largely signed.
The petitions are impersonal and reliable
names, asking for the acceptance
of his resignation on the grounds
that he is of German birth.
The statement circulated to Senator
Robertson that Dr. Haentschel would
be retained, has come as a big sur-
prise in view of a statement made in
Ottawa by a prominent and reliable
man that Hon. Frank Cochrane
informed him, at Ottawa on
Monday, that the registrar's resigna-
tion had been accepted by the gov-
ernment and N. J. MacAuley, ap-
pointed in his stead. A large num-
ber of citizens are talking of going
to the registering office to register.
The nearest booth is near Temagami,
and as there is a chance of many
doing this, rather than register under
Dr. Haentschel, the registration ma-
chine would probably break down.
The petition follows:
The Petition.
Hon. Frank Cochrane, M.P.,
Ottawa, Ontario.
The petition of the undersigned
citizens of the district of Timiskam-
ing humbly sheweth as follows:
1. That your petitioners are British
subjects born.
2. That your petitioners have learnt
with great regret of the appointment
of Dr. Haentschel as registrar under
the order-in-council approved by his
excellency the governor-general-in-
council and dated the 22nd day of
April, 1918, for registration of res-
idents of Canada as and under said
order provided.
3. Your petitioners are advised and
do verily believe that the said Dr.
Haentschel was born in Brandenburg,
an important part of the Kingdom of
Prussia in the German Empire.
4. Your petitioners believe that no
one can be more sensible than your-
selves of the vast importance of the
order or registration proposed to be
taken under the said regulations and
to the necessity of absolute secrecy
with regard to the same, subject to
all public requirements and therefore
your petitioners feel they need not en-
large on this point.
5. Your petitioners feel keenly that
the information obtained thru this
means is to come into the possession
of a German by race. Your petition-
ers are not insistent that he will
divulge this information improperly,
but your petitioners believe that the
opportunity of a possible divulgence
of this information should in no ap-
pearance be permitted.
6. Your petitioners feel that no
German born citizen should be in any
position of authority in this in any
British dominion. The feeling against
the Germans is so strong in this sec-
tion of the country at least that
this the duties of the registrar should
be performed by someone in whom
there is no taint of Germanism what-
soever.
7. The stories of German atrocities
that are well verified and the stories
of the returned soldiers are familiar
to yourself. Your petitioners feel
that the government at least is repre-
senting the people of this country and
should have no dealings of any kind
with any person who is a German by
birth.
8. Strong British Policy.
9. Many of your petitioners in-
vested themselves a considerable
expense of time, labor and money in
patriotic, Red Cross and other en-
deavors to assist the government, our
soldiers who are fighting, and others
who may have been distressed on ac-
count of the present war. Your peti-
tioners feel that you will give the
most careful consideration to our re-
presentations and to the strong British
feeling which you must see prompts
them and that you will revoke the
appointment of the said Dr. Haent-
schel as registrar.
10. Your petitioners have no per-
sonal ill will of any kind against Dr.
Haentschel and have no name what-
ever to suggest as registrar, but leave
the choice of the said name to your
own judgment. Dated this day of June,
1918, and your petitioners will ever
pray.

Supported by Robertson.
The Canada Registration Board has
come strongly to the support of Dr.
C. W. Haentschel, and in a telegram
to the local Red Cross Society, Sena-
tor G. D. Robertson, the chairman
declares that the board was aware of
Dr. Haentschel's enemy birth before
appointing him as registrar, and that
the board has every confidence in his
loyalty and capability for the position.
The chairman states that Haentschel's
loyalty has never been challenged, and
that no valid arguments have been
advanced that would justify his re-
moval. In calling upon all citizens to
support the official, Senator Robert-
son states that even if he were desir-
ous, Haentschel could not extract in-
formation useful to the enemy from
the registration records.

GETS LIFE IMPRISONMENT.

Montreal, June 20.—Joseph Roseno,
convicted by a king's bench jury of
the manslaughter of Francisco Fran-
cisco in September last, was this morn-
ing sentenced to life imprisonment by
Judge Archambault. E. A. Larue,
found guilty of robbing a branch of
the Royal Bank at Cote de Neiges of
\$4,000, was given 15 years.

OUTRAGE IN QUEBEC PARISH.

Quebec, June 20.—A dynamite out-
rage, the second within two months,
occurred yesterday in the small par-
ish of St. Emile de Lotbiniere when
a charge was exploded in the garden
of S. Broutet, deputy registrar and
notary. No one was injured. The
property damage was about \$200.

CANADA TO DOUBLE 18-INCH SHELL OUTPUT

Ottawa, June 20.—Production of
18-inch shrapnel shells in Canada, the
principal factor in the output of
munitions, is to be doubled as the
result of an order just received by
the imperial munitions board from
the British ministry of munitions. The
order is represented as urgent and
the board is communicating with the
manufacturers, asking them to speed
up as much as possible and meet the
new conditions.
The production latterly has been at
the rate of 120,000 shells a week, re-
presenting a weekly outlay of \$600,-
000. It is now proposed to double the
output and incidentally the expendi-
ture.
The shells required will be empty,
the loading and priming being done
on the other side.

START NEXT WEEK ON HALIFAX PLANT

Halifax, N.S., June 20.—That the
work of establishing the big steel
shipbuilding plant at Halifax will be
commenced next week, if the engi-
neers' plans are completed by that
time, and that within three months
the keels of three 10,000-ton freight-
ers, the largest ever built in Canada,
will have been laid on the building
site, was the statement made by
J. W. Norcross, president of Halifax
Shipyards, Limited.
"Our expenditure for the shipbuild-
ing plant," Mr. Norcross said, "will
be between \$2,750,000 and \$4,000,000,
and if the engineers have the plans
ready we will start spending that
money during the latter part of this
week when we will let our contracts."
With Mr. Norcross, who is vice-
president of Canada Steamship Lines,
Montreal, are James Carruthers, pres-
ident of the company; M. J. Haney,
C.E., of Toronto, and H. F. Brown of
Montreal. The party yesterday in-
spected the shipyard site and the
drydock and lunched at the Halifax
Club, the guests of prominent citi-
zens.

ing at Toronto, the cruise includes

time in advance. All information

BUILDERS MEET IN CONVENTION

Annual Gathering of Provin-
cial Association is Held
at Galt.

Galt, June 20.—Despite the busy
season and the scarcity of trained
labor, seventy-five delegates gathered
here today for the sixth annual con-
vention of the Provincial Builders'
and Supply Association, which opened
this afternoon in the S. O. E. hall.
Mayor W. S. Dakin gave the dele-
gates a civic welcome and tendered
them the freedom of the city.
The largest delegations came from
Toronto, London, Hamilton, Stratford
and Chatham.

The first important business trans-
acted was the election of officers,
which resulted as follows: President,
A. Tomlinson, Chatham; first vice-
president, Lieut.-Col. G. Youngs,
Stratford; second vice-president, Ro-
bert Elgie, Toronto; secretary-treas-
urer, T. B. Wright, London; execu-
tive, G. A. Robb, Galt; J. S. Adam-
son, Ottawa; A. Hannaford, Hamilton;
J. Norton, Sarnia; E. Blodig, Chat-
ham; R. Masson, Stratford; F. Nichol-
son, St. Catharines; S. Willis, Lon-
don; G. Stocker and G. J. Oakley, To-
ronto; auditors, D. Davidge, Toronto;
and E. Gerry, London.

A very interesting address on bene-
fits to be derived from the Workmen's
Compensation Act was delivered by G.
Gandier, Toronto. Robert Elgie spoke
on the patronizing of home industries,
making special reference to foreign
contractors doing work in Canada, and
it was decided to memorialize the Do-
minion Government requesting regula-
tions of the operations of foreign con-
tractors. A committee was appointed
to deal with some proposed alterations
to the lien law.

Tonight the visiting delegates were
the guests of the local exchange at
Scott's Opera House. The conven-
tion continues tomorrow, and the
greater part of the morning will be
devoted to sightseeing and a tour of
inspection of various industrial plants.

RESPONSIBILITY FALLS ON CANADA

Ottawa, June 20.—A bulletin from
the Canada Food Board reads:
Great Britain in peace times de-
pends upon imports for four-fifths of
her food supply. One out of every
seven of Scotland's total population is
in the army; in England one out of
every twelve; in Canada one out of
every 17.

Britain, despite army demands for
men, has increased her farm acreage
by help of women, boys and labor di-
verted from towns and cities. She has
also increased her production of mu-
nitions and ships, and her manufac-
tured exports, such as cotton, by
which she finances herself.

But most of her usual sources of
food supplies have been cut off by the
war and scarcity of ships. Canada
produces "the largest available food
surplus in the British Empire." The
responsibility for feeding the armies
and the mother country falls directly
upon Canada. The inhabitant of this
land must be saved or millions will starve.
Let Canadians realize the truth be-
fore writing "yes" or "no" on the
registration cards to the question, "Are
you willing to do farm work?"

Bandits Set Fire to Elevator And Gagged and Rob the Manager

Moose Jaw, June 20.—Bandits set
fire to the Farmers' Trading Company
and grain elevator, causing a loss of
3000 bushels of grain and a million
feet of lumber; gagged the manager,
Charles Hill, and relieved him of
\$1500 at Craik, Sask., last night. Plans
had been made for the fire and rob-
bery, as the fire department engine
had been put out of commission and
an automobile was waiting that the
men could make a getaway. A posse
is pursuing the bandits.

"BLUE DEVILS" ENTERTAINED.

Tendered a Fraternal Reception at the
Valcartier Camp.
Quebec, June 20.—With loud cheer-
ing from their Canadian brothers-in-
arms at Valcartier, the "Blue Devils"
of Verdun were tendered a fraternal
reception this afternoon at the Val-
cartier training camp.

The official reception was tendered
by the general staff of the camp,
headed by Brig.-Gen. Landry, mili-
tary commander of Quebec, and Col.
Rogers, camp commander.
The tour from Quebec to the camp
was made in motor cars furnished
by the Quebec Automobile Club.
This evening the visitors were en-
tertained by the Quebec Reform Club.

PEACE ONLY BY VICTORY.

Premier Hughes Says That Shibo-
leths of Bolshevism Are Futile.
London, June 20.—Premier Hughes
of Australia, at a luncheon of the
British Empire League, commended
Russia on the tragic spectacle of her
treatment by Germany. "The shibo-
leths of Bolshevism," he said, would not
produce peace, which was only attain-
able by an allied victory. Whether the
war lasted a year or ten years longer
Australia would see it thru. The faint
whisperings of a few pacifists were
drowned in the mighty and determined
shout of a patriotic people.
Germany was trying her hardest to
grasp a quick and elusive victory, but
nothing would break the strength of
the allies, whose minds should be
purged of all thoughts of peace.

APPOINTED WINNIPEG MEMBERS.

Winnipeg, June 20.—Hon. T. W.
Crotthers, minister of labor, last night
notified the metal trades council that
he had appointed the three Winnipeg
members of parliament, Dr. F. M.
Blake, Major W. Andrews and G. W.
Allan, to negotiate for the bringing
about of a settlement of the dispute
existing between the employees of the
trades that body represented and their
respective employers.

FATAL BOILER EXPLOSION.

Montreal, June 20.—Joseph Charron,
35 years of age, was killed and sev-
eral others had a narrow escape from
death yesterday at Mont Laurier, when
a boiler in the Mont Laurier saw mill
exploded and destroyed the engine
room of the mill.

WATER BEHIND Strong Keen Red Blooded IRON

"To help make strong, keen, red-blooded Americans there is nothing in
my experience which I have found so valuable as granite iron—Tuxedo
Iron," says Dr. James Francis Sullivan, formerly physician of Bellevue
Hospital (Outdoor Dept.), New York, and the Westchester County Hospital.
Tuxedo Iron often increases the strength and endurance of weak, nervous,
run-down people in two weeks' time. It is now being used by over three
million people annually, including such men as Hon. Leslie M. Shaw, former
Secretary of the Treasury, and ex-Governor of Iowa; former United States
Senator Richard Ballina Kenney of Delaware, at present Major of the U. S.
Army; General John L. Clem (Retired), the former top of Shiloh; who
was sergeant in the U. S. Army when only 13 years of age; also United
States Judge G. W. Atkinson of the Court of Claims of Washington and
others. Tuxedo Iron is dispensed by all good druggists everywhere.
