CHAMPIONS GO DOWN TO DEFEAT EARLY IN THE WALKER TROPHY COMPETITION

TUESDAY MORNING AUGUST 13 1918

plend'd Start of Annua D. B. T. in Ideal Weather on Ten City Greens.

The Dominion Lawn Bowling Tournament is now well under way. The start was made in glorious weather at one o'clock yesterday afternoon on the well-kept greens of ten city clubs. Long before twilight 184 games had been played, and there were many notables among the missing, including all the tournament winners of the present season. The Rennles of the Granites, champions some years ago, however, won twice in the main competition. The preliminary and most of the games in the first round of the Walker Trophy were played, and the first round of the Ontario. These will be continued today; also the Toronto Cup will start this morning, and is open to the various rinks that qualified yesterday by losing both contests. On Wednesday the doubles will begin, entries for which will be taken today at all the city clubs. There are no singles in the D.B.T. A continuation of the present fine weather will see the three rink competitions and the doubles concluded by Saturday night. Tho the games go regularly to 15 ends, a notable exception was that between Messis. Fice and McDougall, that ran into dead ends and extrast to actually 23 ends. The following are the scores:

Thousand Bowlers and Friends at the Granite

Likely the attendance at the annual game between Toronto and All-Comers last evening at the Granite Club was the largest and most brilliant that ever graced a bowling function in the country, numbering about 1000. The ladies responded splendidly to the invitation, and thoroly enjoyed the play and the fine concert program put on by Arthur Apted, advertising manager of the T. Eaton Co. that included the Hawaiian orchestra, tine singers and a clever ventriloquist. Chairman Thomas Rennie welcomed the guests and introduced Rev. Dr. Pedley, guests and introduced Rev. Dr. Pedley, who delivered a stirring patriotic ad-dress, touching eloquently on the present glorious turning point in the war.

R. T. McLean, the hustling honorary secretary of the tournament, was called on and cheered, but was too busy with the draw for today to respond.

VAGUE CRITICISM OF CELLULOSE CO.

Col. Bryan Dissociates Himself From Concern, While Deprecating Attacks.

Montreal, Aug. 12.—Commenting upon today's despatch from London, concerning what is known as the "dope" scandal, Col. Claude Bryan, director of American propaganda in the ministry of information under Lord Beaverbrook in London, who is staying at the Ritz-Carlton here, made a statement dissociating himself from the British Cellulose Company. Col. Bryan stated that he had sent a cable to Lord Beaverbrook stating that neither directly nor indirectly had he ever stated any finan-cial interest whatever in the British Cellulose Company, or in the parent company (the Prudential Trust) from

which it was evolved.
"As to the British Cellulose Company itself," continued Col. Bryan, "such criticism as I have read in the newspapers has been entirely vague in character, and I am sure that the British Cellulose Company will welits affairs. I am also convinced that the Dominion as a whole will be proud of the part that Canadians have played in the inception and establishment of the company. Col. Grant Morden, who is one of its principal figures, has acted in a bold and courageous manner in carrying this tremendous enterprise to such a successful stage. Altho those concerned are personal friends of mine, I have really not been kept informed of the company's methods of operation, but from my own more or less vague knowledge of the matter, I feel sure that little or no criticism can justifiably leveled against its directors."

CLEMENCEAU ON VISIT TO DEVASTATED AREAS

Paris, Aug. 12.—Premier Clemen-ceau and Minister of Finance Klotz, during their visit to the battlefront yesterday, inspected at length the frightful destruction that had been wrought by the battles waged for the possession of Montdidier and Moreuil. Both towns are places of desolation with their houses reduced to broken fragments of stone and there is not remaining a vestige of their former

Minister Klotz then visited his chateau at Ayencourt, not far from Montdidier, and found it in ruins. In addition to destroying the building the Germans had damaged or wrecked all its contents. The minister obtained as a souvenir an enemy machine gun that had been operated in a battery from his park.

Premier Clemenceau and Minister Klotz discussed the military situation with Marshal Foch and Generals Petain, Humbert, Debeney and Raw-linson. They also witnessed the bringing in of prisoners.

Keeping Down Upkeep

K EEPING engine condition up and repair bills down is chiefly a matter of correct lubrication. The right oil defeats friction, prevents wear, minimizes breakage and replacement of parts-keeps your car on the road and out of the repair shop.

Polarine cushions every vital part against wear. It lubricates correctly at low temperatures and does not break down at cylinder heat. It burns up clean and goes out with the exhaust, thus minimizing trouble from carbon. It is free from harmful acids.

Polarine is made in two grades-Polarine and Polarine Heavy. It is supplied in one-half, one and four gallon sealed cans, also in 121/2 gallon steel kegs, barrels and half-barrels.
