Winnipeg, March 24.—(Special.)—It looks very much as the the Stanley Cup is booked for a quick passage back to Montreal. On Saturday night the Kenora Thistles took on the Montreal Wanderers, the former holders of the trophy, in the first of a series of two games, total goals to count, for the coveted trophy, and when the incident was over the western champions were five goals to the bad.

The score was 7 to 2, and the Wanderers on Monday will only have to retain one goal of the five they have of a lead tonight to carry the cup east, and it looks like a certainty for them. They outplayed the Thistles at all stages on Saturday night, and the westerners were seldom in the running. The half-time score was 4 to 2. mer holders of the trophy, in the first of

the running. The half-time score was 4 to 2.

Hod Stuart was the star of the winners, but the entire forward line played clean, fast hockey. Alf. Smith and Westwick were the only Thistle players to play to form. Tom Phillips was away off-color.

The match was clean, tho the checking was hard and close at times. The ice was in a wretched state, and the Thistles were sorely handleapped by it. Big pools of water covered the surface, and there were large holes all thru it.

Another game will be played to-morrow night, game called at 8.30 o'clock, and Kenora must win out by six goals if they wish to retain the cup. Line-up:
Kenora (2)—Goal, Giroux; point, Griffis; cover, Hooper; centre, Whitcroft; right, Smith; left, Phillips; rover, Westwick.

Wanderers (7)—Goal, Hern; point, Patrick; cover, Stuart; centre, Russell; right, Blachford; left, Johnston; rover, Glass, Referee—Billy Kean. Judge of, play—Billy Macfarlane. Both of Winnipeg.

Ottawa, March 24,—Acting Trustee Foran, Interviewed regarding the Stanley Cup to-night, said it would go to Wanderers if they won out against Kenora, as the challengers had wired him on Saturday to the effect that they were playing under protest against Smith and Westwick. It was while under the impression that they had withdrawn the protest that Mr. Foran had decided on Friday that he would withdraw the cup.

SENSE ABOUT AUTOMOBILE

### Every Automobile Is An Asset Or Else A Futile Liability

CLEMENT - BAYARD

STEVENS-DURYEA PEERLESS PACKARD THOMAS RUSSELL WINTON NAPIER

TITHER the automobile you buy will be an asset in your account of everyday enjoyment, or-it will be a harassing liability, endlessly demanding your tolerance. The automobile that is an asset is so because it is the right car for you. The wrong car can never be aught to you but a liability. And there is but one particular make and model which is right for you in every way. Not one of the others is quite that to you, tho it be wholly right for your next friend. Your problem, then, in automobilebuying is simply to be sure you get the car which shall be and remain an asset of your pleasure. You need to be sure of that before your purchase is made. Our peculiar policy of selection, made tangible by the presence of nine makes of modern cars in our salesrooms, provides for you that definite surety. This policy, and the workings of it, have a personal bearing upon your choice of an automobile. Merely as a matter of business prudence, will it not be as well that you discover just what that bearing may be? Our book "Certainty," sent for the asking, will guide you to that discovery.
