PEARY TO MAKE IN JUNE NEW DASH TO NORTH POLE

Secures Three Years' Leave of Absence From Secretary of U. S. Navy.

New York, April 10.—The application of Robert E. Peary, U. S. N., for leave of absence for three years, just approved by the secretary of the navy, has uncovered the fact that Commander Peary definitely purposes to make another attempt this summer to reach the North Pole. His three years' leave of absence expired last Sunday, and the new leave begins at once.

The order granting the leave of absence stipulates that his time is to be devoted to Arctic exploration. June is the month in which the start is to be made.

Funds necessary for the next trip to the North Pole have not yet been obtained in adequate quantity, but it is stated that there is no uneasiness as to that.

The steamer Roosevelt is at Sotter's Island and is being refitted with new boilers.

Capt. Robert Bartlett of St. John's, Nfld., sailing master of the Roosevelt, has been notified to come to New York in May to superintend the fitting out of the vessel.

Commander Peary, before the end of his last voyage, determined to select his own crew for his next expedition; he will pick every man to be taken.

Slides will again be the dependence of the explorer, and he will again follow the American route, making a dash across the ice from his winter quarters towards the pole, which he is more confident than ever of reaching.

HAMILTON HAPPENINGS

TIRED OF LIFE AT 19 GIRL DRINKS CARBOLIC

Sadie Frohman Will Likely Die—Proceedings Before the Parks Board—Niagara W.A.

Hamilton, April 10.—(Special.)—Sadie Frohman, 145 South John-street, a girl 19 years of age, tried to end her life this evening by drinking carbolic acid. St. Joseph's Hospital doctors held out little hope of recovery.

A large deputation waited upon the parks board this evening to get permission to extend the museum to the top floor of the Dundurn Castle, and to turn the courtyard into a place for a permanent art gallery. The board agreed to consider ways of raising \$5000. Architects were invited to compete for a pavilion for Dundurn Park, but only Rastriek & Sons responded.

A. A. Lees wanted the board to buy a pair of bison for Dundurn Zoo, but no action was taken. The two bears from \$65 to \$80 a month, and Supt. Duncan had his pay raised from \$65 to \$80 a month, and Supt. Weaver and John Ambrose, while not getting an increase of pay, were excused from work at nights and on Sundays. George Wild will represent the parks board on the committee to select an engineer to choose the route for the Hamilton, Waterloo and Guelph Railway. Trees will be planted for citizens 50 cents a tree.

A mass meeting was held this evening in Christ Church Cathedral in connection with the Niagara diocesan branch of the Women's Auxiliary. Bishop Dumoulin presided. Hon. S. H. Blake made a strong appeal for funds on behalf of missions. The treasurer reported receipts of the society as \$3130, and a balance of \$480. Harry Boyd, 114 Wilson-street, died this evening.

New Railway Route.

The Toronto, Niagara and Western Railway Company has filed its plans, showing a line running from Toronto to Buffalo, and another branching off at Hamilton and running thru Brantford to the Detroit River. The company will have a line running through the bay, and will use York, Dundurn, Garth and Main-streets for its route to the city, using the Hamilton, Grimsby and Beamsville tracks to a point east of Stony Creek.

Lookout.

New selections each week (25) are now on view at the one-cent vaudeville from 8 a.m. to 11 p.m. Fortune tellers, ring testers, etc. The sign of the Red M, North James-street.

Daniel Dewey was this morning fined \$10 in police court for assaulting Hugh O'Hair, his business partner. It was the outcome of a lawsuit.

Hotel Cecil. Excellent cuisine. Popular prices. Every accommodation. 4th and High-streets. C. A. Herman, proprietor.

The molders will ask the stove manufacturers for an increase of 10 per cent, beginning May 1.

See Billy Carroll's Pipes today at the Grand Opera House Cigar Store.

The Eastern Building Company will erect 100 more houses in the annex. The Hamilton Automobile Company will erect a \$7000 garage on Charles-street.

WILL DEFY THE ACT.

C.P.R. Intend to Move the Stock Trains on Sunday.

The C.P.R. have withdrawn their instructions to their employees in Winnipeg and the west regarding Sunday work. The employees will accordingly work on Sundays and refuse the tickets and delays which are occurring to the stock trains.

This is against the provisions of the Lord's Day Act, and the Lord's Day Alliance will probably be moved to take action against the company. Probably this is what the railway company are aiming at, as if an action results they can then apply for an investigation to enquire into the merits of the new act as it applies to the railroads.

If the companies can show that the interests of shippers are menaced by the act, and that unnecessary suffering is caused to the cattle in these efforts to keep the Lord's Day holy, it may result in an amendment permitting the transportation of cattle on that day, with as much humanity and dispatch as on a Wod's day or 'Flood's day.

THE MEASURE OF A MAN.

One Can Find It Out From His Exact Height and Weight.

If a man tells you his height and his weight, then his exact measurements can be figured out. That is the algebra of physiology—and this simple science is the basis of the physique type system of Semi-ready talking. The seven types of man are based on height and weight, and the variations from normal are met in the finishing by expert tailors in every Semi-ready store.
