Board of Trade Will Lead in Fight on Behalf of the Shippers.

The members of the Toronto Board of Trade, and business men generally, are as beach commissioners. much dissatisfied with the new arrangement which the railways are trying to get the Dominion commission to adopt with respect to the carriage of goods, and when the matter comes before the board a strong fight will be put

up against it The question was discussed at length at a meeting of the council of the board of trade yesterday afternoon, and the unanimous opinion was that if the companies got their way they would be absolved from all responsibility for loss or damage. The bill they have submitted consists of 29 clauses, so drawn, the oard of trade representatives say, that no matter what injury may happen to a shipper's consignment of goods, it will Phone 1063. The advisability of trying to build up

a trade with the West Indies was taken up and the general opinion of the meetwas that all that was needed was the display of a little energy to make the islands one of Canada's best customers. A letter was read from a proinent business man in Demerara, statng that there was a magnificent openig there and in other parts of the islands for Canadian flour. Much of the flour which now goes in is from Canada, but it is mixed with American brands in York and goes to its destination as a genuine Yankee article. In the special committee was appoint ed to look into the possibilities of the

special committee was also appointed to consider the question of railway congestion. It is not only in the west business men feel the lack of sufficient railway accommodation. In the eastern part of Canada merchants and manufacturers are put to almost as great inconvenience as the people of the west, and the board thinks the time has come when the companies should seriously consider how to meet this

Yet that is what mere purgatives Bileans, on the contrary, help the organs to fulfil their functions. Bileans are composed of pure herbal extracts specially prepared in accordance with valuable and unvarying formula, which is the sole property of the Bilean Co. They possess a perfectly natural action, and do not cause discomfort, but gently stimulate and regulate all the functions of stomach, liver and bowels. A splendid spring blood purifier.
