#### PRESENTIMENT OF DEATH. Teamster Two Weeks Ago Felt Him self in the Shadow.

WOODSLEE, July 23 .- Crushed beloaded with timbers, Mr. E. Dupuis, 81 years old, employed as a teamster, met death while at work in the woods near here. Two weeks ago he had a presentiment that he was going to meet death by accident and within the last few days the feeling became so strong that, being a devout Catholic, he sought absolution. It is supposed that he was knocked off the load and fell between the wheels.

more popular than any other, especia ly for dress occasions. These wngs are in combinations of two or more shades, and the beauty lies more n the carrying out of this idea correctly than in the wing itself. Owing to the fact that hats need no longer match costume, this trimming is specially available.

Very charming indeed was a hat of the palest green, with bunches of dull purple lilacs, in one of the softer tints. The gown of delicate green to match had the tiny bows of satin so much used in a purple to match the hat. Dust coats of linen are more used in colors than in the natural tint. Of the former, brown is the favorite. Crin hats are being much used as linerie foundations. The lace with combined embroidery is a more popular style than the English eyelet embroideries of last year. More and more decidedly do the hats deepen at the back and grow

shorter in the brim in front.
