LORNE PARK.

A most successful concert was given Tuesday night in the parlors of Hotel Louise, Lorne Park, the proceeds of which will be handed over to the Children's Aid Society of this city. Among the numbers on the program was a flag drill by 16 young ladies and gentlemen, the different movements of which were performed with a military precision that reflected the greatest credit on the instructor, Miss Maud Lomax. The concert was brought to a close by the presentation of a number of very pretty tableaux by Misses Rose Sloan, Edith Henderson, May Stockwell and Maud Lomax. Master Harold Ball presided, and Miss Davis was the accompanist.

Striking Trackmen Say the C.P.R System is Demoralized. Not since the strike of the Canadian Pacific Rallway trackmen was inaugurated

were the men in a more jubilant mood than they were yesterday. The successful meeting held at Orangeville on Tuesday night, followed by encolraging news from Montreal, has made the men more confident of real, has made the men more confident of victory, and they are now more eager than ever to continue the strike. "We are standing as solid as rocks," said Donald Wilkinson, chairman of the local Strike Committee, on his return yesterday from Orangeville. He was greatly pleased with the success of the meeting, which was in sympathy with the strikers. Altho the strikers paid for the hall, C.P.R. officials tried to run the meeting.

From Farnham to Montreal, none of the men have returned, and from Toronto to Montreal the men are all out. The Toronto strikers have all got employment elsewhere.

strikers have all got employment elsewhere.

A. B. Lowe, vice-president of the Brotherhood of Railway Trackmen, was in the city last night on his way from Orangeville to Montreal. While here he received a letter from President Wilson to the effect that the situation was most encouraging, and the prospects of winning never brighter. Mr. Wilson also stated that the bridge at Mattawa, Ont., has been burned, thus demoralizing the railway from Winnipes. Speaking of the Orangeville meeting, he said it was disappointing only to Mr. Brady, the company's speaker, who failed to create sympathy for the company by his reference to Mr. Wilson.

Mr. Wilkinson last night received \$25 from the Local Division of Trackmen at Toronto Junction in aid of the strike fund. General Superintendent Timmerman reasserts that the strikers are returning at various points, and the places of those still out are being gradually filled. He denies the statements of the trackmen as to the success of the Orangeville meeting.
