For the Benefit of the Returned Soldiers' Association and C. E. F. (Returned) Chapter, I. O. D. E., London.

The manager, Mr. B. H. Patrick, has spared no pains or expense to bring to your city the finest attractions that can possibly be secured. Each and every attraction will amuse and please all classes of people. The midway will be the most beautifully laid out midway that has ever visited your city. In the centre of the midway you will find the ferris wheel, which will elevate you up, so that you may look down upon the beau-tiful city of London. Also the merry-go-round, which

is one of the latest models. At the extreme end of the midway you will see the otordrome, or the whirl of death. In this motordrome you will see one of the most sensational acts ever witessed in a motordrome, that of one of the riders riding backward and forward, across the motordrome, with one of the lady riders across the handle bars, at the same time dodging another rider coming in the opposite direc-tion. The children's friend, Mr. Murphy, from South Africa, the monkey with the human brain. He will greet you with the salute, and to see Murphy dance is a sight of a lifetime. He is also a great bare-back rider. Murphy's different feats are too numerous to mention
