**NO FRICTION  
WITH EARL GRAY****Story of Trouble Over Title  
a Conservative Yarn.****WHO OWNS LABRADOR STRIP?****Negotiations Now in Progress Between  
Canada and Newfoundland As  
to Jurisdiction.**

(Special to The Advertiser.)

Ottawa, July 8.—Sir Wilfrid Laurier in the House this morning said that the Dominion Government and the Newfoundland Government had under consideration the difficulty which has arisen between the two countries in regard to the claim of Newfoundland for the establishment of a system of judicial authority and licenses over the Labrador coast, and the contiguous waters within the borders of Canada. The word difficulty might be a little too strong, but a claim for Newfoundland was now under consideration of both Governments. Until the negotiations were completed he could not say anything about the matter. The maps showed that a strip of territory on the Labrador coast belonged to Canada, but the extent of it was not defined.

Nothing in it.

Dr. Sproule read an Ottawa dispatch from a Toronto newspaper stating that His Excellency the Governor-General had been awarding titles and honors without the advice of his responsible ministers. He wanted to know if there were any truth in the allegation.

Sir Wilfrid said that the statement was without foundation.

Sir Wilfrid explained the report of the special committee on the rules of the House. The most important changes have been explained. One is that the House will meet at 1 o'clock on Wednesday, and adjourn at 6 p.m. The motion to adjourn on the order of the day would require the approval of 20 members. If five members consent, then the majority of the House decides. The changes as to fees and charges regarding private bills and time for presentation were considered in committee on the suggestion of Sir Wilfrid and the approval of Borden, although Messrs. Sproule and Fisher thought they should be put off until next session.

**U. S. WARSHIPS ON LAKES****Washington Anxious to Place a Training  
Ship There.**

Washington, July 9.—Among the things that are held in abeyance in the navy department because there is apparently no pressing necessity for settling the question, is the construction of a naval training ship on the great lakes. More than a year ago provision was made for building such a ship, the intention being to have it used for the naval militia of states bordering on the lakes. Before anything could be done the question arose as to whether the building of such a ship would not interfere with the agreement with Great Britain, which provides that war vessels shall not be constructed on the great lakes either by England or the United States. While a training vessel is technically a war vessel, it could not be considered such in the general acceptance of the term, because it would not be at all effective in time of war. This is one of the several questions pending between the United States and Great Britain in relation to Canada which remain unsettled.
