A Steady Trade

is most important to every baker. A business in which the receipts and profits vary every week, while the expenses remain the same, is a source of great anxiety to any businessman.

No baker can hope for a steady and increasing business unless the quality of his bread is uniformly superior to that of his competitors. He can have no more valuable asset than the reputation that his bread is the "best in town." Any baker can win this reputation for his bread by using only "FIVE ROSES" and "HARVEST OUEEN" FLOURS.

These flours are made from the very highest grade wheat obtainable and are superior to ordinary bakers' patents in every way. They will not lose, but make, trade for any baker who uses them, as they make the very sweetest, most wholesome and most nutritious bread. Regular and ever increasing custom can be obtained by any baker who lets his customers know that he uses "FIVE ROSES" and "HARVEST QUEEN" only.
