The lads have found  
With hats a-growing

Where I could get  
My straw hat free

For I must find  
One right away  
I ought to look  
At some today!

### NOISELESS TYPEWRITERS TO BE MADE IN CANADA

Torontonians Are Interested in Two Big Companies Just Incorporated in the States.

The click-click of the typewriter is soon to become a memory. A "silent" and a "noiseless" typewriter company have been granted charters at Albany, N.Y. The "silent" is to be capitalized at \$5,000,000, and the "noiseless" at \$50,000.

S. J. Moore, Toronto, and C. W. Colby, Montreal, are directors of the "silent," and John McKay and Robt. Kilgour, Toronto, of the "noiseless."

Mr. Moore said last evening that the plans contemplate the establishment of factories in Canada, England and the United States. The company just organized has taken up the preliminary work of five years. The invention is now ready for the market, but the machines will not be offered for sale until after the factories have been established, which will take several months.

A model was recently in Toronto, but has been sent to England for exhibition there. Model machines will be on exhibition here before and probably at the Toronto Exposition.

Mr. Moore said that the new typewriter is not very different in appearance from the present makes, but in operation is almost not at all noisy.

### Went Produce the Ledger.

OTTAWA, June 1.—The public accounts committee to-day continued its enquiry into the constitution of the Scuris fish drier, and the alleged purchase of lumber therefrom from a firm of which J. J. Hughes, Liberal M.P. for Kings, Prince Edward Island, is a member.

J. W. Brennan, Hughes' bookkeeper, was asked by O. S. Crockett, Conservative M.P. for York, N.B., whose ledger was in which appeared these transactions. The witness replied that it was in a room "in this building," but that he had been told by Hughes not to produce it. Brennan's refusal to produce the ledger was upheld by the committee. The witness declared, however, that the prices charged by Hughes for lumber and iron to Mr. McEachern were the same as Mr. McEachern had charged the government. The claim of the opposition is that McEachern was a man of straw for Hughes.

### It is Wise to be forewarned for the happenings of the day by fortifying yourself with a knowledge of what the other fellow is doing.

This is easily accomplished by reading The Toronto Daily World, delivered before breakfast. Telephone orders received at Main 252.

### Pacific Coast Excursions.

Daily until Sept. 15 round trip tickets to British Columbia, Pacific Coast and California points will be on sale at C. P. R. ticket offices at reduced summer rates, from \$87.60 up. Wide choice of routes, by Canadian and U. S. lines, with liberal stop-over privileges.

### QUEBEC GOVERNMENT GETS A START OF FOUR

Premier Gouin Runs in Two Constituencies—Montreal Divisions to Be Warmly Contested.

MONTREAL, June 1.—(Special).—As was expected, the government drew first blood to-day. Their candidates in Sherbrooke, Richmond, St. Sauveur and Huntingdon were elected by acclamation.

It was reported that L. P. Pelletier had been returned unopposed in Dorchester in the Conservative interest, but this is contradicted this evening, as Dr. Morissette, ex-M.L.A., was nominated against the Conservative leader in the Quebec district.

Hon. Mr. Gouin, the premier, was nominated in two constituencies, the St. James division of Montreal, and also in Portneuf county, the latter being an old Liberal stronghold.

Hon. W. A. Veit, who will oppose Hon. Mr. Gouin in St. James' division, was also placed in nomination in St. Hyacinthe.

All the ministers of the Gouin cabinet will meet opponents in their respective constituencies. Hon. O. F. Devlin is opposed in Nicolet by M. Godreau; Hon. W. A. Veit is opposed in Argenteuil by J. M. McDougall; Hon. A. Turgeon is opposed in Bellechasse by Mr. Audet; Hon. E. Taschereau is opposed in Charlevoix by P. C. D'Auteuil. This minister was there nominated in Montmorency, and there he has for opponent Mr. Cauchon. Hon. J. C. Kaine, in Quebec, is opposed by W. J. Breen.

In the five divisions of Montreal and the two other constituencies on the island, there will be warm fights. In two of the city divisions three are two-cornered contests. In St. Lawrence, Dr. Finkle was nominated as a government candidate and opposed to the Liberal interest by M. Gouin. The Liberal interest, and running on the independent ticket is Armand Lavergne.

One of the features of the struggle will be in Montmagny. Senator Choquette has been nominated for the Liberal interest, and running on the independent ticket is Armand Lavergne.

There were two labor candidates nominated. In St. Mary's F. P. Tremblay, the latter being opposed to Dr. G. A. LaCombe, the late member.

One of the features of the struggle will be in Montmagny. Senator Choquette has been nominated for the Liberal interest, and running on the independent ticket is Armand Lavergne.

### 329 NEW CITIZENS.

Party of Fine Barnardo Boys and Girls Arrived Yesterday.

A party of 329 Barnardo boys and girls, ranging in age from 6 to 16 years, arrived yesterday in charge of Superintendent Alfred Owens, who says they all reached here in good health and spirits.

Of the number, thirty-five boys go to the Winnipeg, 104 girls to the Peterboro Home, and 190 boys to the Peterboro Home, from where they will be sent to-morrow to the situations and foster homes awaiting them. They are a fine lot.

Before leaving Euston Station, London, the party were addressed by Senator Cox.

### GUELPH AN EXAMPLE.

What Public Ownership Has Done for Gas and Electric Consumers.

GUELPH, June 1.—(Special).—The tax rate of Guelph, the municipal ownership town of Ontario, is fourteen mills, which is considered a record for the province. To-night at a meeting of the city council the light commission reported that the point had been reached when they were in a position to supply the citizens with electricity.

This rate is flat, a uniform price. Not only in the price of gas, but also in the price of electricity, which has the former scale of prices has been abolished, and now all users of electric light and power pay a uniform price, which is considerably less than heretofore, when there was a special price for electricity used for commercial purposes.

It is estimated something like \$13,000 has been saved for Guelph during the three years that the electric light and gas plants have been owned and operated by the city.

### "Hiawatha."

The Daily and Sunday World is now being delivered at this popular summer resort. By telephoning your order to Main 252 or leaving same at 83 Yonge-street you will receive The World before breakfast.

### Summer is Accident Time.

Although accidents will happen at any time, it is generally admitted that summer is when most accidents occur. Possibly this is because most people travel in the summer, and do not move abroad during the winter. If you intend to take a journey this summer, even a short one, make yourself secure with one of our accident policies, including sickness indemnity. London Guarantee and Accident Company, Confederation Life Building, corner Yonge and Richmond-streets.

### A Plucky Policeman.

A large bay horse without a bridle, and attached to a cab, came furiously galloping down Yorkville-avenue, across Yonge-street, and went crashing into the window of 733 Yonge-street. The animal fell, but immediately arose again and tore down the sidewalk. Constable Joe Sweeney, at great risk of his life sprang up, and catching the brute by the nose, finally succeeded in stopping its mad career. Had it not been for the pluck and courage displayed by the officer, it is hard to tell what might have happened.

### Lets Train Run Into Him.

ORANGEVILLE, June 1.—(Special).—An English immigrant named Frank Caoullin, aged 38, met with an accident to-day which will mean the amputation of one of his legs. While walking along the track he was run over by the yard engine. Although the engine he did not seem to know enough to step off the track. He has been in this country for a couple of years.

### Notes Extended.

PHILADELPHIA, June 1.—(Special).—The Canadian Improvement Company's notes maturing to-day, were extended.
