

ATISM FOR 16 YEARS

Of The Trouble Making "Fruit-a-tives"

URCH ST., MONTREAL. Great sufferer from Rheumatism for 16 years. I consulted a doctor; used medicine; used nothing did me good. I used "Fruit-a-tives" and the pain was easier. Rheumatism much better. "Fruit-a-tives" overcame my Rheumatism; and now, for five years I have had no return of the trouble. I recommend this to all sufferers."

FARM HELP SCARCE THROUGHOUT PROVINCE

Much Grain is in Consequence Still Lying Out in Fields.

The following is a summary of the weekly reports made by the agricultural representatives to the Ontario department of agriculture:

Many farmers are now supplementing pasture with green corn and other feeds.

While some representatives speak of slowness in the marketing of live stock, Hastings reports the shipment of five carloads last week by U.F.O. clubs. Leeds states that a number of bulls and dry cows have been marketed lately, and also some sheep and lambs.

About 1,500 head of cattle were bought last week in the vicinity of Ashtabula at prices ranging from \$150 to \$175, for shipment to Toronto and Buffalo markets.

Norfolk reports that 125 cans of milk were shipped daily from Simcoe to the new condensery at Courland at \$1.38 a cwt., f.o.b., to the farmer.

Lanark reports that cheese sold on the Perth board on Friday at 25c a lb.

Fewer Hogs Sold.

Hogs are selling in fewer numbers than formerly at from \$19 to \$20 a cwt. Peel, however, remarks that Millers report an abnormal amount of feed grinding, which indicates heavy hog feeding.

The marketing of grain is comparatively slow, although Essex reports a considerable quantity of wheat and oats being brought to the elevators. Oats are threshing out, surprisingly large fields in many parts of the province.

On the other hand, owing to wet weather and shortness of help a good deal of grain is still lying out in stacks, which is not improving its quality.

Hay is selling at from \$25 to \$30 a ton.

Neither red clover nor alfalfa are as promising for seed as was expected.

Essex reports that wet weather has been greatly delaying the maturing and harvesting of tobacco.

Some farmers in eastern Ontario are cutting their corn early to avoid frost.

Some Fruits Scarce.

Lincoln reports that St. John peaches are finished and that the Crawfords are coming in. While peaches have found a ready sale, plums, pears and apricots are slow.

Apple pickers are in greater demand in various parts of the province than for many years.

Middlesex remarks that threshing by the bushel has been paying this season, and cites a case where 400 bushels of oats were threshed in an hour.

The late harvest, the dry and hard condition of the soil in many localities, and fear of the Hessian fly, is delaying some of the fall wheat sowing, and there is likely to be a shrinkage in the acreage.

So far a great deal of fall plowing has not been done, and most of it has been shallow. Wentworth reports a considerable discing of stubble ground.

Middlesex states that a number of tractors are being used.

MISSIONARY PARTY PROCEEDING TO JAPAN

On Thursday a party of Anglican missionaries will sail from Vancouver for Japan. They are from Toronto and Ottawa and are going out under the direction of the Canadian board of missions. The party includes Miss Ruth Jenkins, Miss Frances Hawkins, Miss Florence Hamilton and Miss Hilda Robinson.

Accompanying the party are Prof. Bryce and Mrs. Bryce. Prof. Bryce is going back to India, as an educational missionary of the Presbyterian church. Mrs. Bryce is a sister of Miss Hilda Robinson, of the Anglican missionary party.

SALARY INCREASES OVER THREE HUNDRED THOUSAND

It is estimated that the increases in salaries already granted to civil servants will cost the province about \$250,000 a year. To this must be added increases not yet announced to employees of government institutions which will amount to some \$80,000.

Increases have been made among the various departments as follows: Prime minister's office, \$2,600; agriculture, \$50,000; attorney-general, \$13,000; education, \$78,000; game and fisheries, \$4,800; labor, \$21,700; lands and forests, \$17,000; mines, \$10,500; provincial secretary, \$22,000; highways, \$13,500; public works, \$14,000; provincial treasurer, \$16,000.

BANKRUPTCY ACT BROAD IN SCOPE

C. T. Clarkson, F.C.A., Explains Its Provisions at Accountants' Convention.

G. T. Clarkson, F.C.A., was the principal speaker yesterday afternoon, at the annual convention of the Dominion Association of Chartered Accountants, which opened a three days' session yesterday morning at the For-esters' Hall, 22 College street. There were about 125 delegates in attendance, representing all provinces in the Dominion.

"The Bankruptcy Act" was the subject of the address delivered by Mr. Clarkson, who was one of the members of a committee representing the trustees and liquidators in practice here, who conferred with the Dominion government and presented their views with regard to certain points and sections in the act that they thought might be improved. Some sixty recommendations were made by the committee, and there were not more than two or three that were not accepted.

Bankruptcy Act's Scope.

"The bankruptcy act," stated Mr. Clarkson, "governs all matters affecting the insolvency of individual partnerships, or corporations in all parts of Canada, with the exception of building societies, banks, savings banks, insurance companies, trust companies, loan companies or railway companies, which will continue to be wound up, when insolvent, under the provisions of the winding-up act. In the drafting of the bankruptcy act, the benefits provided by the procedure employed under the assignment acts have been recognized, and the liquidation of estates is, as under the assignment acts, left almost entirely in the hands of creditors, with the right of reference to the court at times and under such circumstances only as are deemed necessary. In this way, economy in the liquidations of estates is hoped for, and many of the disadvantages met with and the expenses of the Dominion winding-up act are expected to be done away with."

Curb on Dishonesty.

After comprehensively dealing with the act by sections, the speaker stated that under this act an honest or unfortunate debtor could obtain a discharge from his liabilities, while a fraudulent or dishonest debtor could not obtain the discharge from his creditors without the approval of a court. Thus the incentive to commit fraud and thereafter compound with the creditors for the best rate possible is withdrawn.

"It will be seen then that the bankruptcy act will be of benefit, in that the basis for the winding up of estates in Canada are standardized by it, and the different assignment acts, with their varying provisions superseded. It will be of benefit also, in that the unfair preferences which have been obtained in several provinces will be done away with and the properties of debtors left to the creditors for the benefit of whom they belong."

The delegates adjourned to the King Edward Hotel, where the annual banquet was held.

PREPARE PLANS FOR LIVE STOCK ARENA

Last Smallpox Patient Discharged — Probe Lake Shore Fire.

The city architect's department is working on the plans for the live stock arena, and it will be three weeks before they will be ready for the board of control to deal with.

The last smallpox patient was discharged yesterday and the city is now free of the disease. There have been 2,976 cases reported since November 1, 1919, with 12 deaths, mostly as a result of complications.

Matters of only minor importance are slated for the attention of the board of control this morning. The first meeting of council following the summer holidays will be held on the 27th inst.

Investigating Lake Shore Fire.

Provincial Fire Marshal Heaton yesterday investigated the fire which, in the early hours of July 27 last, destroyed the cottage and contents owned by John G. Arnold at stop 6 1/2, Lake Shore road.

The evidence indicated that the fire had started from an electric coffee percolator which had not been disconnected. The Employers' Liability Insurance Corporation, which issued the policies on cottage and contents, totaling \$2,000, had not objected to paying the claim, but the provincial authorities ordered the investigation to discover whether there had been criminal negligence. The four occupants of the cottage escaped thru a window only partly dressed. The hearing will be continued today.

OSGOODE HALL NEWS

Announcements.

The second divisional court will sit on Monday, 20th inst., at 11 a.m. (standard time). The cases provisionally in order for hearing are: Hill v. Wells; Middlesex v. (Hamilton), for township of North Grimsby. Action by the township of South Grimsby for injunction restraining county of Lincoln from assessing it as regards the Queenston-Grimsby road in its county good road system under the Highway Improvement act; action dismissed with costs.

BUSINESS WAS ROUTINE.

Rev. Peter Bryce presided at the meeting of the commission on mothers' pension held yesterday afternoon. Later, the press was informed that routine work had occupied the session and that the name of the secretary whose appointment had been made would be announced in a few days.

TOWN PLANNER COMING.

Mrs. Henrietta Octavia Barnett, well known social housing worker in London, England, will visit Toronto the first week in October, and has been asked by the City and Town Planning Association to address a meeting in the city on Friday, October 1.

EATON'S DAILY STORE NEWS

IF A HAT BECOMES YOU

THEN IT'S UP-TO-THE-MINUTE IN STYLE

At \$7.50 IS A Very Smart Canadian Hat of rich-looking material, known as velours. The shape is the crease crown fedora, though, if preferred, it may be worn negligence style. Has a rolling brim and a leather sweatband, and is obtainable in green, brown and black. Sizes 6 3/4 to 7 1/2. Price, \$7.50.

At \$6.50 ARE Men's Fur Felt Derbies of English make. The one, as illustrated, is of medium dimensions, with almost flat brims, having slightly rolled edges. It is unlined. A Lined Derby is offered at the same price, and it has a narrower crown. Both have leather sweatbands. Sizes 6 3/4 to 7 3/8. Price, \$6.50.

At \$4.00 IS A CANADIAN-MADE CAP of wool and cotton Lovat cloth in green with blue and red overlaid. Sizes 6 3/4 to 7 3/8. Price, \$4.00.

At \$4.50 IS A CANADIAN-MADE CAP of all wool, and wool and silk, mixed material, in one and eight-piece crown style. Sizes 6 3/4 to 7 3/8. Shades consist of light grey, brown and green.

FOR another type of face it is not just the thing. But for you it has the right tilt and the right balance. It becomes you, and that is right style.

No other rule would be consistent, when you consider how little hats change in style from one year to another.

This year, for instance, the changes are very slight. The foreign type of hat of rough materials, such as tweeds, will be popular.

English Derbies, with slightly rolled brims, and slightly lower and smaller crowns, will be popular.

The serviceable Fedoras is shown with smaller crown and brim than last year.

The tweed Hats are in browns, greys and greens, in rough finishes.

Of course, the Derbies are black, and the felt Fedoras offer the usual selection of shades, such as grey, green and black.

A man with a fall hat to buy will, no doubt, appreciate these few facts on what is what in hats for fall, 1920.

He will be glad, no doubt, to know that the EATON Hat Salesmen work with a little slogan ever in mind, and that is, "Make sure that the hat is becoming, then go ahead."

The EATON'S Hat Section is located on the Main Floor, James Street, Main Store.

At \$5.50 IS A Smart Fur Felt Fedora of Canadian make, on an English block. It is suitable for the young or middle-aged man, and is obtainable in grey, green and black. Sizes 6 3/4 to 7 1/2.

At \$5.00 IS AN English Tweed Hat of wool and cotton quality, in rough tweed effects, in grey, brown, green and heather mixtures. This is the hat that has made a hit with many. Ask to see it. Sizes 6 3/4 to 7 1/2.
