

FINE WEATHER COMES AGAIN FOR EXHIBITION

Good Outlook Today After Rain Tuesday Checks Attendance

FURTHER AWARDS MADE AT DOG SHOW

Nice Displays Seen in Booths in Buildings at Fair

The weather man, who furnished rain and fog yesterday, was responsible for a falling off in the attendance at the exhibition, but fine weather came today and a large crowd was expected. In the afternoon the vaudeville show was curtailed, the Great Curran not attempting his feats on the high steel pole.

Last night's scheduled vaudeville show was cancelled entirely as the fog obscured the apparatus almost entirely. The fireworks program was also cut out.

The City Cornet Band, under the baton of Bandmaster Waddington, provided an enjoyable program of music for the vaudeville show in the afternoon. Their night concert was cancelled. The disagreeable weather drove many people to the buildings and the music provided by the Saint John Exhibition Symphony Orchestra and the Phonograph Salon booth artists was greatly enjoyed.

MINOR ACCIDENTS.

Half a dozen minor accidents were treated at the emergency hospital of the St. John Ambulance Association during the day. The most serious case attended to was that of a man who had his finger jammed by a closing door. A few babies were left at the Red Cross nursery yesterday, while their mothers took in the big show.

The dairy exhibits attracted many persons. Cheese makers, the famous English principal dairy districts of the Maritime Provinces, are displayed in provision. Demonstrations of cream separators and other dairy machinery of the day are demonstrated here. A model pigsty, cleverly constructed and up-to-date to the last degree, proved of great interest to visiting country folk.

Judges of livestock, dogs, poultry, agriculture and horticulture took place yesterday. Livestock, dog, dairy, poultry and horticulture exhibits will be in place today. Demonstrations of canning, home weaving, Acadian weaving, and other domestic crafts will be in place today. The exhibits in the horticulture hall are also coming in for a great deal of attention.

WASHING MACHINES.

On coming in at the main entrance from Sydney street the first booth to the right is occupied by Besty Brothers, who have a large display of washing machines. This company is the largest manufacturer of electric washing machines in the British Empire and turns out about 1,000 machines a month. It is featuring a new type, suitable for small flats. On each machine purchased at the booth four premiums are given and also a reduction of \$5 in the price allowed.

HEATING AND PLUMBING.

The next booth in order contains a fine display of heating and plumbing supplies made by James Robertson, Ltd. The booth contains samples of hot water, steam and hot air heating apparatus and bathroom equipment. The company is featuring a hot air radiator heater. It also displays a domestic water pumping system for country homes.

VACUUM CLEANERS.

The Premier Vacuum Cleaner Company, Ltd., comes next with an elaborate display of vacuum cleaners. J. Marcus, Ltd., are the local agents for this concern. The booth is in charge of C. R. Martin and demonstrations are given of the operation of the cleaners. There also is an opportunity to secure a cleaner free.

BESCO COKE.

Following on, the British Empire Steel Corporation has a display of Besco coke, a large pile of which fuel is to be seen; also photographs of various coke plants of the corporation.

TEA AND COFFEE.

In the right centre of the entrance is the Red Rose Tea and Coffee booth, where cups of these beverages may be purchased for a small sum and sample packages secured.

PACKERS' DISPLAY.

Next in order in the centre is the booth of the Swift Canadian Company, Ltd., where samples of Silver Leaf brand of pure lard, Jewel shortening, Brookfield butter, eggs and cheese are on display.

ART GLASS AND FLOUR.

A good exhibit of art glass and mirrors, shingles, wood work, plaster and gypsum lath is made by Murray and Gregory, who have the next booth. A large space is devoted to the showing of Robin Hood flour, many bags of which are on display.

AUTOMOBILES.

In the centre of the annex is a large space given over to the display of McLaughlin-Buick automobiles, nine of the latest models being on exhibition. The Pontiac light six features there being two real Indians in full costumes there to advertise this model.

OIL HEATING AND DRINKS.

In this section is the display of Hallett and Company, who demonstrate oil heating system.

Further prize awards are announced as follows:

Judging was continued at the New Brunswick Kennel Club dog show yesterday afternoon and last night. "Irish Molle," owned by James Latimer, won the special award and cup in the judging of Irish setter bitches. In the sheep-

FREE AT LAST OF KIDNEY TROUBLE

ILLNESS ENDED BY "FRUIT-A-TIVES"

"I have been troubled for some years with dyspepsia, liver trouble and kidney trouble, from which it was impossible to get relief until I started taking 'Fruit-a-tives', which had been recommended to me by a relative. Before taking this wonderful Fruit Juice remedy it was impossible to carry out my daily work, but now, thanks to 'Fruit-a-tives', I am free from these ailments, and able to do my household duties without pain or fatigue."—Mrs. Thomas Evans, R. R. No. 1, Everett, Ont.

The remarkable medicine, "Fruit-a-tives", made from intensified fruit juices and herbs, has more than 20 years of success to recommend it. It can always be depended upon to give positive relief from pain in the back, rheumatism, lumbago, neuralgia and headaches, which are due to improper action of the kidneys, stomach and bowels. Sold every where, 25c. and 50c. a box.

herd bitches, the Alsatian "Abegweit Thora," owned by T. B. Rogers, was awarded a cup. The results of the judging follow:

Open dogs—1, "Pete," Vance Hogan; 2, "Missquash," Dr. W. T. Purdy; 3, "Major Gerald," Mrs. Annie M. Whitehouse. Winner dogs—"Pete"; reserve, "Missquash"; special and cup.

Search And Seizure Planned In Finland

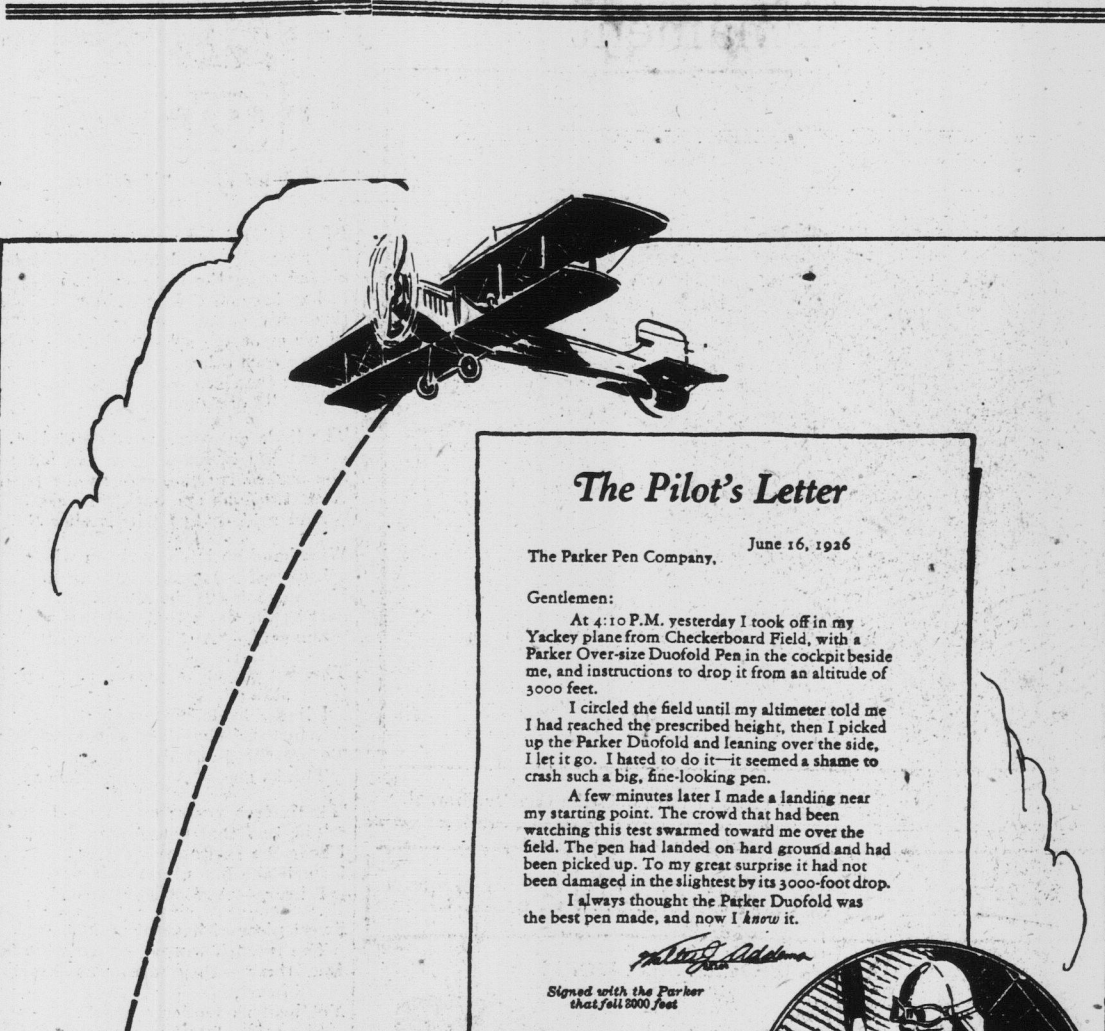

HELSINGFORS, Sept. 8.—According to the proposed amendments to the "dry law," the police will be empowered to enter any house in Finland where they have reason to think that liquor is concealed.

The authorities are discouraged with the amount of smuggling which now goes on and have appointed a commission to "put some teeth in the law." This commission, in addition to the above, recommends that detectives on motorcycles patrol the inland roads to prevent the transport of inland from the coast, while navy sea-patrols will watch the constantly increasing "rum fleet" gathering in Scandinavian waters.

HERRIOT ASSAILED

LYONS, France, Sept. 8.—As a mark of its strong disapproval of Edward Herriot, Mayor of Lyons, taking the office of Minister of Education in the Poincare cabinet, the Socialist majority in the city council has voted lack of confidence in him.

The Pilot's Letter

The Parker Pen Company, June 16, 1926

Gentlemen:

At 1:10 P.M. yesterday I took off in my Yacker plane from Chatham Field, with a Parker Duofold Pen in the cockpit beside me, and instructions to drop it from an altitude of 3000 feet.

I ditched the field until my altimeter told me I had reached the prescribed height, then I picked up the Parker Duofold and leaning over the side, I let it go. I heard to do it—it seemed a shame to crash such a big, fine-looking pen.

A few minutes later I made a landing near my starting point. The crowd that had been watching this test swarmed toward me over the field. The pen had landed on hard ground and had been picked up. To my great surprise it had not been damaged in the slightest by its 3000-foot drop. I always thought the Parker Duofold was the best pen made, and now I knew it.

Signed with the Parker Duofold Pen

Start School with a Pen and Pencil that won't break! Dropped 3000 ft.

YES, the Parker Duofold Pen was tossed from an aeroplane at dizzy altitude to test its new Non-Breakable barrel and cap made of Permalite and landed 3000 feet below—unharmful.

We kept secret nearly a year the fact that all Parker Pens and Pencils have Permalite barrels and caps until by a series of heroic trials we proved beyond a doubt that they do not break.

Now Parker Duofold, already more popular with students than any other pen, will be seen in School and College classrooms more than ever.

Shapely, balanced, lacquer-red barrel with smart black tips made of Non-Breakable Permalite, and a Point guaranteed 25 years for wear and mechanical perfection. That's a combination that can't be equalled at any price.

Choose your point and color at any good pen counter. But look with care for the name of the originator, "Geo. S. Parker," on the barrel. Carry the finest and you'll never need apologize.

Money Raised To Swell Milk Fund

Four groups of children have been the kind benefactors of the Women's Council free milk fund babies during the last few weeks and have sent very welcome donations to the treasurer of the fund, Mrs. T. H. Carter. The sums sent by the children were all raised during the summer time. The C. G. 1. T. group in West Saint John, of which Miss Anna Rippey is the leader, sent \$3.50, the proceeds of their collection of one cent a day. Three little girls, Frances Ryan, Doris Fooker and Dorothy Thompson, sent \$1.80, which they had realized by a successful entertainment. Five other girls, Roberta Nagle, Pauline Vail, Barbara Nagle, Della Beers and Eva Ross, sent \$19.50, which they had raised by holding a bazaar. The fourth group of children had held a sale on the grounds of Rev. R. S. Crisp's residence, Douglas avenue.

ASK BAN ON SMUGGLING

HELSINGFORS, Sept. 8.—Finland, it is announced, will appeal shortly to the League of Nations to put upon the smuggling of liquor the same international ban which now obtains against the smuggling of opium.
