

FIGURES IN FOR POTATO SHEDS

\$10,000 to Make Pettigill and D. A. R. Frost-proof

More for Repairs—City Council Takes Up Matter of East Side Warehouse.

An estimate of cost of the frost proofing of the Pettigill and D. A. R. sheds for the shipping of potatoes from the east side of the harbor, made by the engineers of the C. N. R., was placed before the City Council this morning and referred to Commissioner Bullock and the city engineer for a report.

The cost figured for making the sheds frost proof was \$10,000 and the repairs to the floor and sub-structure were estimated at from \$1,500 to \$2,500, according to the amount of work done. Last season the C. N. R. shipped 21,800 tons of potatoes and it was said this could be increased if there were shipping facilities on the eastern side of the harbor. It was pointed out in the letter that the C. N. R. could not expend capital on property it did not own and asked the city to submit a rental proposal. The commissioner said any proposition would have to be on a yearly percentage of the cost basis and would have to include a rent of \$1,000 a year which the city would be giving up.

ROTARY INVITATION. H. Mont Jones and A. Foster, representing the Rotary Club, extended an invitation to the council to attend at the Rockwood Playgrounds on Saturday, August 15, at two o'clock, to receive the gift of the shelter recently erected by the club. It was decided to accept the invitation.

On motion of Commissioner Harding it was decided to rent a part of the West Side City Hall to R. A. Thorne for one year for \$45.

Commissioner Frink reported that in reporting the retaining wall of Thomas Zed, at 54 Prince Edward street, it would be necessary to repair one at 55 Prince Edward street, and one at No. 60, the total cost of the work amounting to \$2,185. He moved the work be done and paid for by bond. This was defeated. Commissioner Harding voting nay.

The secretary of No. 8, C. and F. P. wrote that Fred W. Campbell had been elected a member. A warrant was ordered issued to Mr. Campbell. He succeeded the late Mr. Carvell.

Commissioner Wigmore moved a letter of condolence be sent to the family and family of James Sprout, a former member of the City Council. This was seconded by Commissioner Harding and carried unanimously.

Mayor Potts referred to the coming visit of two of His Majesty's warships, and the matter of entertainment was left in his hands.

The council adjourned to meet on next Thursday morning at 11:30. The committee meeting to be held at 11 o'clock of that day.

BILL RETURNED. A bill of \$10,440 from the New Brunswick Electric Power Commission was read. A part of this bill was for work done for the last month, and part for the plans for the civic distribution system.

The council adjourned to meet on next Thursday morning at 11:30. The committee meeting to be held at 11 o'clock of that day.

The Opposition Party is circulating throughout the city a recent issue of the Moncton Times, Conservative paper which bears screaming headlines to the effect that the Government is already defeated, as it did not have a full quota of candidates enlisted on nomination day. This is a silly canard and one of the old tricks of election excitement. As a matter of fact the Moncton paper is simply deducting three independent candidates from the Government list and appropriating them as Opposition supporters—which is not the case.

The trick played by the newspaper and repeated by the Opposition party in this city by circulating the issue, is a transparent hoax that will not fool even the most casual observer.

A Montreal gentleman in one of the city hotels today remarked that he saw by the paper the elections here were being held but upon being advised of the true state of affairs drew from his pocket one of the Moncton Times copies. He then had a good laugh over the gag being pulled upon him, an outsider not acquainted with local matters.—Adv.

What The Opposition Candidates Stand For

DON'T BE MISLED BY FALSE CANVASSES. READ THIS CONCISE STATEMENT OF POLICY.

Dear Fellow-Citizen and Voter—The Government has brought this election on so quickly, it is impossible to see you personally before election day. We therefore take the liberty of expressing our views on some of the points at issue.

GRAND FALLS—We are in favor of the development of the waterways of our Province, so long as same can be made to earn the cost of operation. If Grand Falls will do so, it will have our cordial support. We resent and protest the howling farce the Government has made of the enforcement of the Prohibition Act. Under the name and guise of Prohibition the Government has conducted by its vendors an unlawful sale of liquor. In Saint John alone the sales for one year by vendors amounted to \$425,999, and for the Province during the same period, \$1,937,455.68, upon which the Government Auditors figured the Government made a profit in one year of \$500,000, and yet Premier Veniot says he is honestly endeavoring to uphold the Prohibition Law. We promise you our earnest efforts to remedy these objectionable conditions.

PROHIBITION—We resent and protest the howling farce the Government has made of the enforcement of the Prohibition Act. Under the name and guise of Prohibition the Government has conducted by its vendors an unlawful sale of liquor. In Saint John alone the sales for one year by vendors amounted to \$425,999, and for the Province during the same period, \$1,937,455.68, upon which the Government Auditors figured the Government made a profit in one year of \$500,000, and yet Premier Veniot says he is honestly endeavoring to uphold the Prohibition Law. We promise you our earnest efforts to remedy these objectionable conditions.

COMPENSATION ACT—Another false canvass which has been going the rounds is that the Opposition Party, if returned to power, will abolish the Workmen's Compensation Act. This is another political falsehood. The Opposition Party, if returned to power, will not abolish the Compensation Act. One of our candidates when a member of the Legislature at the time of the introduction of the Act was one of its strongest supporters.

PASTEURIZED MILK—After the change of Government on August 10th, Legislation will be passed giving you the option of purchasing pure milk or pasteurized milk, whichever you prefer. The new Government will NOT make it compulsory for you to use pasteurized milk. Today you MUST drink pasteurized milk when in the city, and if in the country for the summer months, you drink pure milk straight from the cow. There is something wrong with legislation which forces you to drink pasteurized milk in the city, and does not compel you to do likewise the minute you get out into the country.

HOW TO VOTE—You can procure a printed ballot with the names of the four Opposition candidates on it at our Ward Headquarters or at our Headquarters, Seamen's Mission, or from our workers. Keep the ballot for election day and take it with you to the poll. Do not put a cross opposite any name on the ballot. It destroys your ballot. That form of voting is used only in Dominion Government elections, but not in Provincial elections. You may, if you wish, write out your own ballot in black lead pencil or black ink. Remember, if you do so, the paper must be pure white and not ruled paper. You vote for four men. Vote the ticket—the WHOLE ticket. The more opposition members elected the surer the Government's defeat. Prince Edward Island—Nova Scotia—and NOW New Brunswick. A solid Maritime front for Maritime rights. Requesting your cordial and enthusiastic support, we remain, Yours very truly,
