"Ferrosone." Consequently Mrs. Warman used the same remedy. Here is her statement:

"For five years I have been rheure without success. The disease increased, settled in my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despaired of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrosone I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer effects me."

Perrozone has power to destroy Uric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mrs. Warman's statement proves this.

By removing the cause of the disease and bullding up a reserve of energy. Perrozone is a cruent feer, isn't it about time to stop experimenting? Ferrozone is a CURE, order today, 50c, per box, or six for \$2.59, sold by all dealers or direct from \$2.50, sold by all dealers or direct

The inquest into the death of Joseph Richard, dominion military policeman, who was killed on Friday last while attempting to arrest Albert Nowlan near Buctouche, was continued yesterday in Buctouche. Miss Evangeline Nowlan, sister of Albert Nowlan, testified that she had heard the shooting but could not describe the man she saw running away. Dr. Marc Deleney, who conducted the autopsy, said that, he found two large wounds in the right leg, which had severed the femoral vein and the main artery, and fifty-two small wounds. Death was due to loss of blood. In reply to a juryman, the witness said that he had been called afterwards in consultation on Nowlan's wife who was in a hysterical condition and who afterwards had given birth to a five months child. He had asked Richard to desist on account of Nowlan's wife's condition, but the police officer had said that he had to do his duty.

SUIT STYLES—Quite simple in design, are the new models for Fall wearing. Coats are perhaps a trifle longer than worn last season, and skirts, although emphasizing the slender silhouette, still allow plenty of room for comfortable walking.

Many Suits are showing in practical tailored styles; some very plain, others beautifully trimmed with rich harmonizing fur.

Among the season's novel arrangements are seen plaits, narrow sashes and belts, muffler collars, groups of tucking and various smart pocket

The colors are in splendid assortment. especially featuring navy, African brown, purple, Copenhagen blue and pretty mixtures. Among the leading materials are Velour, Silvertone, Serge and Tweeds.

Be sure and see this pleasing array of the New Fall Styles in models for sports, practical and dressy wear.
