## ARMY IN RETREAT

Austrians Are Decisively Defeated in the Carpathians.

## TURKS ARE ALSO CRUSHED

Army of the Caucasus Has Been Victorious Over Two Turkish Army Corps, Capturing One and Rounding the Other—Passage of the Carpathians Gives Russia Control of Vast Oil Fields.

LONDON, Jan. 6. — The Russians report another victory over the Austrians in the Ussok Pass of the Carpathians. Emperor Francis Joseph's army in this region is declared to be in full retreat in a mountain pass deep in snow, while a violent snowstorm rages and the Russian cavalry is attacking on the flank and rear. By forcing this pass the Russians gain control of some of the most valuable oil fields in the Russian empire, and thus shut off another of the sources of fuel supply of which the Austro-German armies are said to be so much in need. This, however, has only been part of the Russian task. While forcing back the Turks and Austrians, the Russian troops are holding the line of the Masurian Lakes in east Prussia; are fighting strenuously to withstand the German offensive in north Poland; are advancing toward Cracow and have crossed Bukovina, which is now virtually in their possession. In north Poland, where Russia is confronted with the most serious task, the weather is proving a useful ally. The Germans, according to their own accounts, are making only slow progress with their offensive operations, while the Russians, an unofficial dispatch received from Berlin by way of Copenhagen says, are advancing toward Cracow and southern Silesia. Military men look for bigger events between the lower Vistula and the east Prussian frontier. The Russians are in possession of the greater part of the intervening territory, and unless engaged, would, when the river freezes, fall on the German flank to the south of the river. It is therefore believed here that the Germans are planning a movement from Thorn and east Prussia, which would prevent its possibility, and as the fighting would take place in the open it would afford a contrast to the trench warfare which prevails along the rest of the front.

Defeat of the Turks in the Caucasus at Sarikamish with the capture of the entire 9th army corps and the vigorous pursuit of the 10th army corps and a severe repulse of the invaders at Ardahan, forty-five miles northwest of Kars, on the road to Tiflis, were reported in despatches from the commander of the Russian forces on the frontier received in Petrograd last night. This rapid success is considered most gratifying by Grand Duke Nicholas, who has kept his forces at a minimum strength along the three hundred mile Turkish frontier in order not to weaken his armies opposite the Germans and Austrians in the west.

At the outset of the war it was determined in order not to fall in with the designs of the Germans in bringing Turkey into the war to stand on the defensive against the Turks for the present and to devote the energies of Russia to the crushing of the Austrians and Germans. As soon as this was accomplished the Turks would be forced to collapse speedily beneath the superior weight of Russia and Great Britain.

The Turks, led by German officers, took the offensive amid the rigors of a winter of the Caucasus, and the interior Russian force in compliance with the plans of each month at 8 p.m. once fell back and concentrated against the Turkish column so as to defeat them in detail. When one column of two army corps, it is believed here, advanced as far as Ardahan on Sunday, driving in the Russian advanced outposts, the bear, by a lusty stroke with his claws, smashed this formidable force. This was followed by an immediate offensive at Sarikamish before the leaders of that column of invasion could have time to fall back after hearing the result at Ardahan. The result that the Muscovite entangled over sixty thousand men in his net, or what was left of them, and chased sixty thousand more toward the sea. The predicament of the Turks who have escaped from Sarikamish is believed to be very bad.

The effect of these defeats on Turkish arms upon Constantinople is awaited with interest. The Russian successes are considered a severe blow to the prestige of the German officers, who held the high commands, and this will not be lost on the Turkish populace.

Did Not Pass Through U. S. Territory. MONTREAL, Jan. 6. — An official statement was issued by the Canadian Pacific Railway authorities yesterday afternoon in reference to the allegation made in Washington that troops had passed en route from Montreal to St. John, N.B., through the State of Maine. The statement says that not only have no troops passed over this section of the C. P. R., but no war munitions or anything else that would be a breach of the United States neutrality has been carried.

Canadians To Train in France. MONTREAL, Jan. 6. — The artillerymen and the cavalry in the first Canadian contingent in Salisbury Plain have been sent to the south of France to complete their training, according to a letter received here yesterday from an officer with the troops. The rain and mud at Salisbury, it is claimed, make it almost impossible to carry on manoeuvres, and horses as well as men are suffering.

Little Collins' Girl Also Had Stubborn Chronic Cough—Father Tells How She Was Restored to Health by Vinol.

Lakeport, N.H. — "Our little girl, 8 years of age, was in a debilitated, run-down condition, and had a stubborn, chronic cough. While she did not have to stay out of school, on account of her condition, she was weak and ailing all the time and far from well.

"We treated her cough, but nothing seemed to help her until we tried Vinol, after which we noticed an immediate improvement. Her appetite increased and now she is strong and well and we can recommend Vinol to other parents who have delicate, ailing children."

Geo. A. Collins, Lakeport, N.H. What Vinol did for this little girl it will do for other weak and ailing children, because they need the tissue-building, strengthening cod liver elements and the tonic iron in Vinol contains. It is delicious to the taste.

That's why Vinol builds them up so quickly, and we ask parents of delicate children in this vicinity to try Vinol with the understanding that we will return their money if it fails to give satisfactory results.

## NEWS OF SPORT

Preston Beat Elmira.

Preston, Jan. 5. — In the O.H.A. intermediate game here tonight the Preston team succeeded in beating Elmira, the game ending 6 to 2. Play was fast throughout, and was featured by rushes from end to end. Butterfield in a lone rush scored Preston's first in the first period. Weichel scored Elmira's first goal in the second period. Butterfield was responsible for two more goals for Preston. Blithington and Freeman also scored. Ruppel of Elmira put in the final goal. Weichel of Elmira had his head out.

Chasing the Puck.

Wally Horn of Stratford will officiate at the Western University-Ingersoll O.H.A. intermediate game at Ingersoll tonight.

The Northern League senior game scheduled between St. Thomas and Tilsonburg at the latter town on Monday night was postponed until January 27.

A meeting of the Northern League Executive has been called for this afternoon at the Imperial Hotel, Palmerston, to hear the Warton vs. Chesley protest.

The various teams representing Western University of London in the O.H.A. and Northern League will have their players numbered to correspond with an index which will be given to every spectator. This is a good idea and might well be taken up by the other teams.

For real excitement last night's O.H.A. junior game at Toronto had any thing players numbered to correspond. The contestants were Aura Lee and Toronto R. and A. A., and they battled for 70 minutes before the latter were declared winners by 11 to 7.

EVERYBODY'S SECRET!

Officers at Salisbury Found Leave Rules Hard To Obey.

SALISBURY PLAIN, Jan. 5. — A general order was issued which stated that no general Christmas leave at all would be granted the men of the Canadian Expeditionary Force. The next line went on to say that commanding officers were empowered to grant it to the extent of 20 per cent. of the men under their command. Seven days could be allowed for men wishing to proceed to Ireland, six for those going to Scotland and so on in descending proportion, according to the distance which the recipients of such leave proposed to travel. Finally there was an injunction that this was to be kept "secret."

There are officers who have learned the drill book from cover to cover and who know "everything else" about tactics and strategy, and yet they found themselves up a tough proposition when they were required to grant leave to one-fifth of their men and to keep the fact secret from the rest!

## THE MARKETS

CHICAGO, Jan. 5. — Prices said not to have been equal for cash wheat, especially at this time of the year, since the Franco-Prussian war in 1870, were reached today on Chicago.

Domestic millers were the chief buyers of the cash wheat that was bargained for in Chicago. Exports were said to have continued to buy large amounts at the seaboard, but \$60,000 bushels was the greatest total known. Meanwhile speculative values here swept higher, and also unsettled at the finish, were 1 1/2 to 2 1/2 above last night. Corn closed unchanged to 1-1/2 up, oats 1/2 up and provisions dearer by 7/16 to 5/16.

## WINNIPEG GRAIN MARKET.

WINNIPEG, Jan. 5. — The wheat market at the opening was wild, and the excitement continued for some time following. May wheat opened at \$1.31 to \$1.34, and advanced fractionally later, showing nervousness the most part of the day. The contributing cause of the advance were the continued export trade and higher Liverpool cables.

The European visible supply of wheat was a decrease of 7,564,000 bushels, which was also a record.

In exporting circles the opinion is freely expressed that a large volume of business would be transacted but for the freight difficulties. Later it was established that considerably over 1,000,000 bushels were worked for export today, and it is claimed to be a record. May wheat on the Winnipeg market was sold at \$1.35, which is the record for years.

Winnipeg wheat futures closed 2 1/2 to 2 3/4 higher: cash wheat, 2 1/2 to 2 3/4 higher; oats, 3/4 higher, and flax 1 1/4 higher.

## MONTREAL GRAIN MARKET.

MONTREAL, Jan. 5. — Export business in Manitoba spring wheat was good today, there being a heavy demand from overseas buyers at an advance in prices of 1 1/2 to 2 1/2 per quarter, or \$1.31 to \$1.34, 1 northern to London at \$4.50 and No. 2 northern at \$4.50 and No. 2 northern at \$4.50.

February shipment. All the offers made by exporters last night were renewed for more, but exporters would not accept them, owing to the further advance in the Winnipeg market, and are asking 18 per cent. more for the same quality of wheat.

Winnipeg wheat futures closed 2 1/2 to 2 3/4 higher: cash wheat, 2 1/2 to 2 3/4 higher; oats, 3/4 higher, and flax 1 1/4 higher.

## CATTLE MARKETS.

UNION STOCK YARDS.

TORONTO, Jan. 5. — Receipts of live stock at the Union Yards were 750 cattle, 1157 hogs, 486 sheep and lambs and 55 calves.
