NO TRACE YET OF THE MISSING \$173,000

CHICAGO, Feb. 25.—Though a score of detectives are at work on the case, the theft of \$173,000 from the treasury last Wednesday seems as far from solution as the day the robbery was committed. The general impression prevails that the thief must have been a government employee, but no evidence of a tangible nature has been discovered against any of them.

HOW BOBBY JOHNSON ROWED IN HALIFAX

St. John Man Tells of Race Which Won the Championship of Halifax Harbor

In the Montreal Star under the heading of "The Sporting Event I Remember Best," Harry Ervin, of St. John, tells how the Halifax harbor championship went to the Pacific. Mr. Ervin tells it as follows:
"This here year as I'm about to spin is a straight one, you can bet your boots. It's the true and unblemished record of how the professional championship of Halifax harbor was carried to the Pacific coast.
"Somewhere about the spring of nine years ago, a healthy-looking chap, announcing his dignity as Robert N. Johnston, and his native place so far as he was aware, as Diddegash, off the Shore line, between St. Andrew's and another bush village, entertained the belief—subsequent developments showed that he had some reason for the idea—that he could pull a cat. Now, the only water anyone knew about around Diddegash, was in old man Ferguson's pond. It is not anticipated that Johnson said he could row."

"He forced upon us the additional alarming information that he had trimmed all the amateurs in the settlement, including Dr. McDowell, but there was not a drop of money in it. He often gathered in a huddle after a race, but his ambition was sure unlimited, and he wanted the cash by buckets.
"I joshed him—seeing he was from the country—but as he persisted in hiding his shilling views, I was later tempted to issue for his sake a challenge to row anyone in the Maritime Provinces for from one hundred to five hundred punks, and the chandler of the limit for people who wanted to go higher. Professional rowing had been in the soup for half a generation, and the only man to bite was Hugh McCormick.
"Johnson had no boat so we browsed along to Torriburn and gave Keith Barber the price of two hundred and fifty shaves for an old ark he had there, put some patches on it and it looked like a new one. Johnson took it to Spruce Lake. Then I took him to Halifax, and there he doubled up with cramps and Jack McKay. They came in just a little too late in a race with the Lynch family, in doubles, but soon after that the Halifax harbor championship came on and I entered Bobby in the singles. McKay raced and Norris, and it was a walkover. The Diddegash man had no trouble in winning, and for it he got a medal, seventy-five dollars and the title of champion of Halifax harbor.
"Laden down with these heavy honors, Bobby sought consolation at his home near the well, and a little later when no one was looking, slipped away to Vancouver, where he runs a tobacco shop and a wooden Indian with a fistful of wooden cheroots.
"That is how the Halifax championship went to the Pacific.
"Johnson soon bucked. There was a race with Hackett, and the people did not like, and he retired.
"That season's racing in Halifax put new nose paint on inter-city contests, and the next year I took Harry Val over there and matched him against Jack Brennan, and later against Mike Lynch. He beat Lynch twice and Brennan once in three weeks. Since then races between oarsmen from the two towns have been frequent and sometimes painful."

UNWRITTEN LAW DOES NOT GO WITH THIS MAN

PHILADELPHIA, Feb. 25.—Judge Martin in the criminal court here today during the trial of a negro on the charge of attempting to kill another negro, refused to permit evidence offered that the prisoner's action was prompted because he claimed that the negro, who had stolen the affections of his wife, Judge Martin said:
"It sometimes happens that a man may catch his wife in a compromising position with another man and there have been occasions when a shooting at such a time has been excused on the ground that the husband was temporarily insane. When the period of excitement has passed, however, and the husband has had a chance to deliberate on the matter, such a defense could not be raised. There is no unwritten law, nor is jealousy any excuse for murder. There is a proper remedy in the courts for any wrong that a man may suffer in his home."

SHOE FACTORY WORKERS HINT AT COMING TROUBLE

BOSTON, Feb. 25.—A veiled prophecy of a labor war among some of the shoe factories in Brockton was made today by President John P. Tobin, of the Boot and Shoe Workers' Union, in a speech before the Channing Club, of this city. Mr. Tobin said that there was an element in the ranks of the union that believed in strikes rather than arbitration and there may be an attempt to establish wages in Brockton by the former method which certain contracts expire on March 1st. Mr. Tobin, however, expressed himself as confident that the arbitration system would prove superior.

REPORTS THAT TWENTY NEGROES WERE KILLED

In the Burning of a Southern Steamer—There Were Hundreds of Passengers on Board.

CHARLESTON, S. C., Feb. 25.—That 20 negro passengers were drowned or burned to death and a dozen more missing as the result of the burning of the steamer Marion at Hart's landing on the Grand Falls-Quebec boundary section, was reported by the report of Captain Ferguson to the local authorities. There were seven white passengers and about fifty negroes. The great loss of life seems the result of terror-stricken and neglecting to get life preservers, of which there were 350 on board. The Marion was licensed to carry 200 passengers and cost \$20,000. Only \$5,000 insurance was carried. The value of the cargo, which consisted of general merchandise, was estimated at \$5,000.

GERMANY AND THE EAST

Kaiser Aiming to Supplant British Influence
Control of Passenger and Telegraph Business Between Europe and India, China and Japan

A Berlin correspondent of the London Chronicle says:—It is, perhaps, a suitable time for drawing attention to the development of a certain line of German policy which has at its object the strengthening of the position of the German Empire in the near east, and the substitution there of German for British influence.
For more than ten years, but especially since the appointment of Baron Marschall von Bieberstein as Ambassador to the Porte, German policy has sought to open a way to the east through the dominions of the friendly Sultan. Seven years ago the project for building the Bagdad Railway became a question for practical politicians to deal with. Although the project has been hotly combated, its realization with every year draws nearer, and there is every reason to believe that the first, and, structurally, the most difficult, half of the line, which will end at Aleppo, will be ready by 1909.
