

### THOMAS GOT LONGBOAT'S OLD NUMBER

(Boston Globe.)  
Notwithstanding that the annual B. A. A. Marathon is only two weeks distant and that the total number of entries to date is less than 50, little doubt is felt that more runners than ever will start in the run on Patriots' day.

The interest manifested in the race by distant runners well for its success. There will undoubtedly be more Canadian runners entered than ever before. Runners from New York, Chicago, Philadelphia and Jersey City will also test their mettle against the proven champions of North America.

Joseph O'Brien, of Jersey City heights will be one of the contenders for the honors this year. He has figured in many long distance races and has always earned credit to himself.

Manager George V. Brown yesterday granted the wish of Michael Thomas, the Indian runner from Lenox, P. E. I. Thomas, who by the way ran a fast trial Monday, requesting that he be given the same number as Longboat wore in 1909, when he established the present record, and the request was granted. Thomas is training daily in East Boston and is reported to be in pretty fine condition.

Little Jimmy Hennigan, of Malden, who is a member of the North Dorchester A. A., and who won the inter-collegiate cross-country run in 1909, entered for the race yesterday. Hennigan has competed in a number of relay team races the past winter and has proved that he can stand the pace up to 20 miles. Whether he can run 25 miles over hill and dale remains to be seen.

Other entries received yesterday were those of Robert A. Stone, of St. Joseph's T. A. S. of the West End; John M. Larson, of Readville; John Walsh, of the Brookline gym; Cliff Ton Home, of North Hill; John P. Maher, of the County Clare association, and Luigi Gemba.

The Irish-Canadian A. C. of Toronto, held the final trial Saturday to select the runners to represent the club in the B. A. A. race. Ten sturdy athletes competed in the 15 mile race which was won by Jim Corkery, who finished third here a year ago. Dan McCormick, who ran in Boston last year and finished well up with the leaders was second. These two will compete April 19.

The day was a hard one for the runners and Corkery's time of 1h 27m 20s speaks for his condition. McCormick's time was 1h 30m 20s. Both runners are at their best just now, and it is only a matter of keeping the edge for the next two weeks. Canadians expect one or the other of these men will win the Boston race.

The third man to finish in the try-out was a newcomer, Showers, who showed form and endurance, finishing in 1h 35m 20s. Price of the Toronto Y. M. C. A. racing association will compete in the B. A. A. Marathon.

### JOHNSON LOST HIS APPEAL

San Francisco, April 6.—Superior Judge Cabanis, denied today the appeal of prize fighter Jack Johnson from a fine of \$100 imposed on him by Police Judge Conlan for automobile speeding. The \$100 fine was assessed several weeks before Johnson was sent to jail for 25 days on a similar charge.

### SUNDAY BASEBALL BEATEN.

Boston, April 6.—Advocates of Sunday baseball today received another setback in the legislature, which may end the movement for this year, the senate by a vote of 17 to 22 killing the bill permitting amateurs to play Sunday afternoons.

### HERB KIPP, THE CHAMPION OF CANADA SHOWS WHAT HIS MACHINE CAN DO ON ST. JOHN'S MUDDY STREETS.

With a whirl something whizzed up King street that made the passersby take notice yesterday afternoon. It was Herb Kipp on his Indian motor cycle showing that muddy streets do not affect the running or speed of his machine. He has been here all week in the interests of the makers of the Indian machine and the way he sent his machine up the several big hills around town shows that he knows his business and also that the machine is all he claims for it.

Mr. Kipp's machine is a four horse-power Indian and he thinks that it has power enough to climb a wall if it got a good start. Anyway it proved that it could easily climb any of the hills around the city.

The most remarkable thing about Mr. Kipp's machine was that it made hardly any noise at all, in fact not near as much as lots of automobiles. A reporter interviewed Mr. Kipp yesterday afternoon and found him to be a young man who is highly enthusiastic about motorcycles. He is employed by the manufacturers of the Indian machine to travel in Canada inspecting their agencies. Mr. Kipp has had considerable racing experience, and when asked how it felt to go 50 miles an hour on a motorcycle, he said he could get just the same sensation by holding his face close to an electric fan—all you can see is the road and it requires pretty good nerve to hit that pace. The average speed that Mr. Kipp thought could be made on our roads was between 20 and 25 miles an hour, and he said that there would be no more danger than driving a horse and carriage.

Mr. Kipp has made several sales so far, and judging by the number of people who are interested, he expects to have at least a dozen new Indian motorcycles in this city before the season opens.

The Indian is being demonstrated every afternoon at 31 Nelson street. In the mornings Mr. Kipp gives riding demonstrations about the city.

### REAL MARVELS OF BASEBALL ARE EXCEEDINGLY RARE

Walter Johnson is One of the Few Great Stars of Recent Years -- Something About Ty Cobb -- Others Included in List are Walsh and Evers.

A baseball marvel occurs every five years, according to some collectors of the game. One of them goes still further and says there are two extraordinary players developed during the space of time and that one of them always is a pitcher. As this man is connected with one of the National league clubs, and does not care to have his name divulged, we will call him Mr. Short.

"My point is easily taken, and to my way of thinking, easily proved," said Mr. Short. "These last five years both men have gone to and been developed in the American league. One of them is Walter Johnson, of Washington, that marvelous pitcher and perhaps the greatest of this and former years. The other player is Ty Cobb, of Detroit.

"The half decade from 1900 to 1904 brought out pitcher Ed Walsh of the White Sox and Second Baseman Johnny Evers of the Cubs. I would like to include Pitcher Mathewson of the Giants and Jose of the Naps in the list, but really believe that Ed Walsh tops above either. You see, he hasn't the club behind him that the others have. I don't think he would pitch to win a game for the Sox, especially this past year.

To return to Johnson. He never was heard of until Joe Cantillon told him at Washington only a couple of years ago. Straight from the deserts of Idaho he jagged Walter, and Johnson has been a star ever since. He has not got what you could call a marvelous team behind him, but his winning average is close to .500, and he has worked in a big lot of games too.

"Cobb, Speaker, Lajoie and the other magnificent batters of the American league find him a hard proposition to face. Pat Dougherty of the Sox, who is really a pretty fine slugger, cannot do anything but whiff when he gets up against Johnson.

"Lots of the time he doesn't need many curves. His straight, fast ball is enough to baffle most of the batters. The last series with the Sox in Washington, when he first went against them, I don't think he threw fifteen curve balls the whole game, but when he has to he can put on every kind of a dress that a ball can stand. "There is no need of telling of the merits of Ty Cobb. He has figured in countless column base ball stories. It's a cold day when some kind of a layout can't be woven around Ty Cobb.

During the discussion several took exception to Short's remarks. They claimed that he was unfair. That if he compared the great players of the past five years that would make about fourteen players of that caliber since the National league opened.

"That's not the matter," continued Short. "I want to figure on the real, top-notch, amazing stars. They don't come any faster than that. Before Walsh and Evers, in that generation from 1895 to 1900 I would include Lajoie of Cleveland and Wagner of Pittsburgh. Others whom I would place in the list are Conkney, Clarkson, Kelly, Jennings, Anson and Badbourne.

"I don't mean this as any knock against the other players. It's the same as classifying the great actors or the great presidents. I don't think Sir Henry Irving would have justice done him if you compared another tragic actor of good ability to him. Sir Henry Irving was a star of the first magnitude, just as Walter Johnson and Evers are in their profession.

### BILL WILL REVIVE THE RACE GAME

Albany, N. Y., April 6.—Senator Brackett, of Saratoga Springs, is at work on a bill which he thinks, if passed, may be effective in reviving horse racing in New York state. Senator Brackett is chairman of the senate codes committee which last year reported the so-called directors' liability bill subsequently enacted into law. Under this law any trustee or director of a racing association is held personally liable and may be prosecuted if gambling is conducted anywhere on the association's property.

His enactment was given recently as a reason for the abandonment of racing on many of the tracks in New York state and Assemblyman Martin, of Saratoga Springs, has introduced a bill providing for its repeal.

Senator Brackett does not believe the legislature will repeal the law. He suggested to Joseph Auerbach, attorney for the racing interests, the enactment of a law providing for the appointment of the governor of special officers whose duty it shall be to patrol the grounds and prevent gambling at races. These officers would be paid by the racing association and would be held accountable for the loss rather than the directors. By the Percy-Gray law the posting of bonds at race tracks forbidding gambling on the premises operated to relieve the directors from liability.

### A MOTORCYCLE IN THE MUD.

Herb Kipp, the Champion of Canada Shows What His Machine Can Do on St. John's Muddy Streets.

With a whirl something whizzed up King street that made the passersby take notice yesterday afternoon. It was Herb Kipp on his Indian motor cycle showing that muddy streets do not affect the running or speed of his machine. He has been here all week in the interests of the makers of the Indian machine and the way he sent his machine up the several big hills around town shows that he knows his business and also that the machine is all he claims for it.

### THISTLES IN ANNUAL MEETING

The annual meeting of the Thistle Curling Club took place last night at the club rooms, Golding street. The following officers were elected:

President—A. D. Malcolm.  
Vice-President—E. F. Burpee.  
Treasurer—D. McNeil.  
Secretary—A. G. Steven.  
Chaplain—Rev. J. J. McCaskill.  
J. S. Malcolm was presented with the Milligan medal which he won with 36 points, while James Mitchell received the Klondike points medal with 45 points.

The reports showed the club to be in a flourishing condition. During the past season the Thistles played 13 foreign matches and only lost two of them. In the games two of the Thistles skips made eight ends.

### LOCAL MEN WILL FIGHT IN THE HUB

In a recent issue the Boston Globe published pictures of Fenwick McKelvie and Edward Mooney, of St. John, and refers to their approaching bout as follows:

Fenwick McKelvie and Edward Mooney, of St. John, N. B., who are to compete for titles in the national amateur boxing championships at Mechanics building, April 10 and 11 are rated well by the sports of that city. McKelvie who is entered in the heavy weight class, has defeated every amateur in the class in that city. Mooney is in the 135 pound class and according to Instructor John Power, of St. John, who has been getting the men ready for the event, it will take a champion to box him to a draw.

### BASEBALL MEETING TONIGHT

In the Y. M. C. A. rooms this evening at 8 o'clock an interesting meeting will doubtless take place. The chances of the team for some time to come, and Manager Donovan is so worried over the "Texan's" condition that he sent him on to Boston to consult a specialist.

Ever since the team reached the coast, Speaker has suffered with a heavy cold, and recently it has become so aggravated that Tris finds it impossible to sleep at night. For weeks the Texan has been deteriorating for it, and every effort was made by him to shake it before the team reached the East. Today, however, his condition is so serious that the Red Sox manager became convinced that the services of a specialist are needed.

Speaker claims that the cold is merely in his throat and bronchial tubes, but there is no use in denying that it is a stubborn and severe one, and many of his fellow players are afraid that there is a long spell of sickness ahead of him. Speaker laughs at their fears, but he is suffering considerably, nevertheless, and unless he gets immediate relief he is more than likely to be down with an attack of bronchitis.

### EMPRESS MEN BEAT CORSICAN

There was considerable interest on the Barrack square yesterday afternoon when the Empress team of the C. P. R. steamer Empire of Ireland and the Allan line Corsican battled for supremacy. The Corsican team up till yesterday had an unbroken record and in the association game there was great rivalry and the interest was strengthened by the presence of a large number of followers from each ship.

At the conclusion of the match the Empress team was victorious with a score of 6 to 1. A return match will be played on the first opportunity.

As the result of yesterday's match the Empress team claim the steamship championship of the North Atlantic.

### CORRI TELLS WHY DRAW WAS GIVEN

Paris, April 6.—A weekly sporting paper gives Rene Eugene Corri's explanation of his decision of a draw after the fight last Saturday night between Sam Langford and Sam McVey. The decision has been ridiculed by all Paris, as it is generally thought Langford was entitled to the verdict.

Corri says the chief French organizer of the affair asked him before hand to avoid disqualifying either of the fighters unless such action was absolutely necessary. He therefore refrained from doing this, although he would like to have disqualified both the contestants. Corri states that he was convinced that from the sixth round on neither of the fighters fought sincerely. He says he was not willing that either of the fighters should benefit by the decision, and so he announced the fight a draw.

### BASEBALL NOTES.

Josh Devore, the Terre Haute sar-torial model, is touted to show 50 per cent improvement this year. He is a product of McGraw's coaching, and is said to be an exhibit of the finished big leaguer.

Not many days now until the percentage table will be seen and the season will be upon us.

Eastern critics are asking if it is possible Fred Toney has instituted something into the Boston Nationals? Almost everyone picked them to finish last, and it would be sweet joy for Toney to land at the top of the first or second division.

Wid Conroy, former Highlander, is said to be going in fine shape with the Washington club.

Wid Conroy, former Highlander, is said to be going in fine shape with the Washington club.

### Tris Speaker Ill; Has to Come Home

CRIST CATCHING—BLAKE AT BAT. Here is a training camp scene, with Crist catching and Blake batting. Both men are members of the St. Louis American league team.

By Paul H. Shannon.  
Topeka, Kan., April 6.—Tris Speaker Boston's great centre fielder, may be out of the game for some time to come, and Manager Donovan is so worried over the "Texan's" condition that he sent him on to Boston to consult a specialist.

Ever since the team reached the coast, Speaker has suffered with a heavy cold, and recently it has become so aggravated that Tris finds it impossible to sleep at night. For weeks the Texan has been deteriorating for it, and every effort was made by him to shake it before the team reached the East. Today, however, his condition is so serious that the Red Sox manager became convinced that the services of a specialist are needed.

Speaker claims that the cold is merely in his throat and bronchial tubes, but there is no use in denying that it is a stubborn and severe one, and many of his fellow players are afraid that there is a long spell of sickness ahead of him. Speaker laughs at their fears, but he is suffering considerably, nevertheless, and unless he gets immediate relief he is more than likely to be down with an attack of bronchitis.

### Mr. Taxpayer For Commission

You should vote on Tuesday, April 18th  
The elective Commission Plan of Civic Government provides for a business-like administration by a MAYOR AND FOUR COMMISSIONERS, each having direct control over a Department.

### Doctor Wanted Quick

A message like that means that SPEED is necessary. An INDIAN MOTOR-CYCLE is the quickest and surest method. The Indian will go as fast or as slow as you want. Simple to operate, a ball of the west, that's all. "As Reliable as the Finest Automobile". No Vibration. The strongest and most powerful motorcycle in the world.

We have some extremely interesting literature which we will gladly mail you. Send us a postcard.
