

MILION AND A HALF DESTITUTE IN BELGIUM

Only organized effort on large scale and prompt assistance will avert tragedy.

The following appeal sent out by the National Committee for Relief in Belgium shows the urgent need for help and places before minds of those who can help the terrible conditions prevalent in Belgium.

On behalf of seven million Belgians, who have dared to stay in their native land, we appeal to our fellow-countrymen throughout the British Empire. A great emergency has arisen; an emergency which involves our national honor. We are well aware of the magnificent response already made by generous and patriotic individuals to appeals for funds during the present war; yet, under the circumstances, we do not hesitate to say that we must make further and even greater sacrifices to meet the emergency of saving the people now left in Belgium from the horrors of slow starvation. No victory could be lastingly glorious if it involved the decimation by famine of a small nation that deliberately sacrificed itself rather than sacrifice its honor.

From the day when the people in Belgium laid down their land and their lives for the sake of their country's independence and the honorable fulfillment of its undertaking to maintain a perpetual neutrality, the German army of occupation has refused to feed them. They have been kept alive only by the merciful and effective interposition of a neutral commission for relief, formed under the auspices of the American and Spanish diplomatic representatives in Brussels and London. That commission, of which Mr. Herbert Hoover is chairman, has worked miracles by arranging for the importation into Belgium, in the face of unparalleled difficulties, of food supplies valued at over £10,000,000. The philanthropy, rendered necessary by the large number of destitute who cannot pay for their food, has been generously aided by the United States and the British dominions. No appeal has been made by Mr. Hoover's commission in the United Kingdom because, as neutrals, they quite properly considered this was not within their province. Mr. Hoover and Mr. Franquet, chairman of the commission in Brussels, now write: "Unless we get more assistance hundreds of thousands of the seven million people still in Belgium will actually starve. At least a million and half Belgians are now entirely destitute. With the rapid exhaustion of the meat and vegetable supplies there will probably be before harvest time, 2,500,000 in Belgium who must be fed and clothed solely by charity. The remaining 4,500,000 will get their pitiful daily allowance of bread through the commission and will pay for it. Will you help us to keep the destitute alive?"

To this question there can only be one answer. Having satisfied themselves that his majesty's government saw no objection, the undersigned have formed the National Committee for Relief in Belgium, in the confident belief that the people of the British Empire will not allow the bulk of the Belgian nation to die for lack of bread.

In providing a national channel for every part of the British Empire through which benevolence to meet this emergency shall directly and safely reach the Belgians in Belgium, it is also intended to consolidate the existing philanthropic efforts in this direction. As it is obviously impossible for any British subject to enter the occupied part of Belgium, the representatives of the neutral commission will distribute the relief purchased from the National Committee's funds. Mr. Whitlock, the American Minister in Brussels, on March 29th, wrote as follows: "I am glad to be able to say that there is not a single instance in which a pound of food sent under our guarantee has been touched by the German authorities." In conjunction with the Belgian

Don't stir it while cooking. "Roman Meal" is granulated that the particles may not cling together. Being granulated, they are easily saturated by the digestive juices, and readily digested. To stir "Roman Meal" while cooking, destroys this granulation, making a sticky coarse mush instead of a delicious porridge. Always use a double boiler when making "Roman Meal" porridge. Bring water to a boil in both boilers, salting water in the smaller boiler to suit the taste. Slowly stir "Roman Meal" in the boiling salted water, in proportion of one cup Meal to two cups water. Cook half an hour, or as much longer as desired, BUT DO NOT STIR. (If preferred, you may use three-fourths cup of meal to two cups water, cook half hour at night and warm in morning while dressing. A quantity of "Roman Meal" porridge may be prepared one day and re-heated every morning until entirely eaten. Remember, however, DON'T STIR WHILE COOKING—DON'T STIR WHILE WARMING OVER—and you will have the most delicious breakfast cereal, more nourishing than meat. At your grocer's 10c. and 25c.

ROMAN MEAL A FOOD THAT PREVENTS INDIGESTION RELIEVES CONSTIPATION

"Comite de Secours" and under the supervision of neutral Americans actually in Belgium, a system of distribution has been organized so perfectly as to make it almost physically impossible for a German soldier to touch one loaf of Belgian bread. All the neutral authorities on the spot are convinced that if the supplies of food to Belgium are discontinued the Germans will set up their declaration that they will not, or cannot, save the seven million people from starving to death.

To keep body and soul together in the 1,500,000 who are now utterly destitute 2500,000 a month is required. The desolating hand of war has throttled Belgium's industries and paralyzed almost a third of her population. In Liege 30,000 women, old men, children and cripples daily line up to get their half-pound of bread and their pint of soup. In Malines, 25,000 out of 40,000 are entirely destitute; in Brussels nearly 250,000 Belgians wait every day for their bread of tears. Babies and children are barely being kept alive for want of milk. So it is throughout all the country where those who stayed and bravely faced the invader are now dependent upon the mercy of the world. And if that mercy is denied, the amazing self-restraint of these seven million people will collapse. Under the impelling anguish of hunger they may be tempted to strike, desperately, and with tragic unarméd futility, and will be shot down, like so many wild creatures, in streets that were lost by sacrifice as noble as the world has ever known.

Only organized effort on an unprecedented scale will avert this tragedy. In caring for the 200,000 Belgian refugees now in this country, we are apt to forget that the great bulk of the Belgian nation—at least seven millions of them—are living under conditions of such misery as can scarcely be conceived by a people who, like ourselves, have been spared the horrors of invasion.

Faced with a situation from which there is no immediate escape, deprived of their freedom, the people of desolated Belgium only ask from us enough bread to keep themselves alive. Shall it ever be said that we denied them this?

Food cannot be expected from this country to Belgium, but the donations so urgently needed to buy it should go to the Hon. Treasurer, Mr. A. Shirley Benn, M.P., Trafalgar buildings, Trafalgar Square, London, W.C. The working expenses of the National Committee have all been generously provided for, and every penny or every pound received by the treasurer will, without any deduction whatever, reach the long-suffering Belgians in the form of food. Charles Johnston, Lord Mayor of London, Chairman. Randal Cantuar, Norfolk, Francis Cardinal Bourne, Lansdowne. Thomas Nicol, Maderator, Church of Scotland. Rickett, President, Free Church Council. Bryce, Arthur Henderson, John E. Redmond. J. H. Hertz, Chief Rabbi. W. A. M. Goode, Hon. Secretary. A. Shirley Benn, Hon. Treasurer.

CHEERS GREET ANNOUNCEMENT OF WAGE EARNERS.

Ford, Ont., May 5.—Following the announcement of the big wage increase at the Ford plant recently, there was a monster demonstration by the employees.

As soon as the men learned that they were to receive a minimum of \$4 a day and the hours of labor were to be shortened to 48 hours a week they sent up a cheer that could be heard for blocks.

Investigators have already started work for the newly organized Sociological Department, which is handling the details of the wage plan. The investigators will ascertain in the case of every workman whether his habits and mode of living are such that he is worthy of the increased pay. No difficult conditions are imposed on employees before they will be eligible for the wage scale but it is intended that the money go only to the furtherance of good habits and right living.

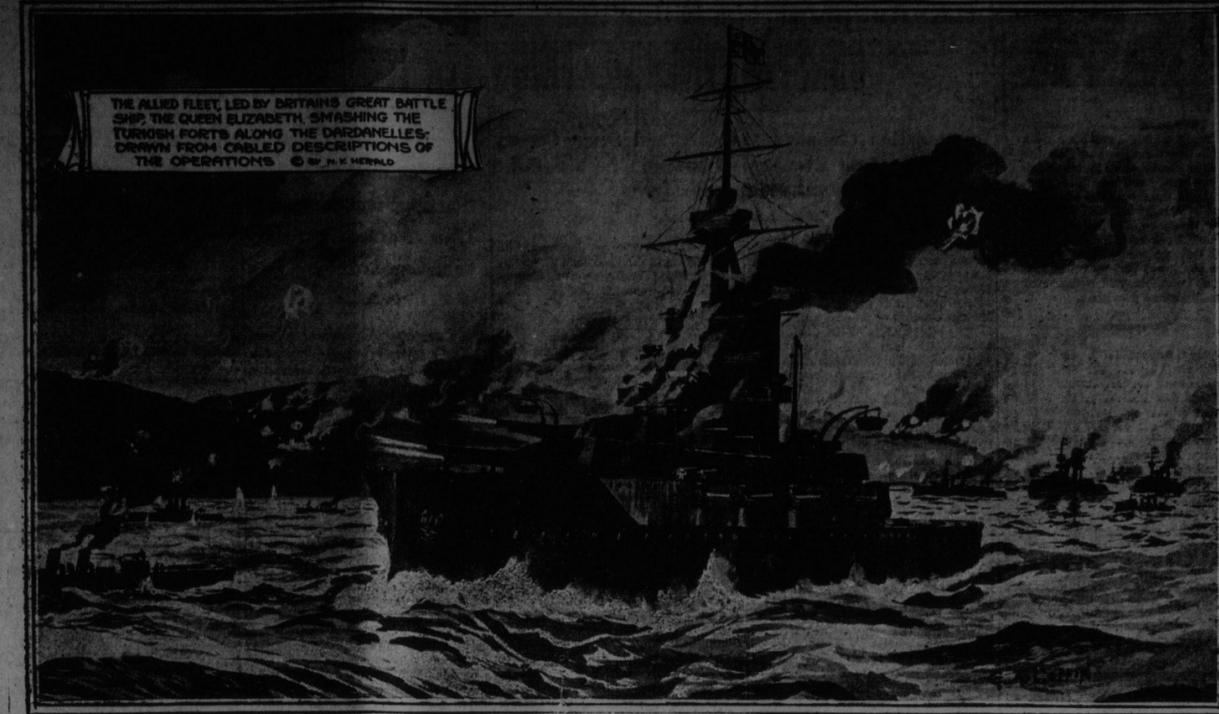

Mr. Ford in discussing the schedule with the officers of the Canadian company told them he considered that the workman with a family to support should receive at least \$100 a month to get along comfortably, pay his living expenses and reach top efficiency as a factory hand or a citizen. The Ford employees will not only receive higher wages, but will have the benefit of general advice by the experts on the staff of investigators. The man who is buying his home or wants to build a house for himself will have the opportunity of consulting without charge the best business talent that the Ford organization can command. This will include advice on legal matters.

In short, the idea is to increase the men's pay and afford them every opportunity to develop into useful and efficient citizens, thus helping themselves, their families, the company where they work, and the community in general.

BELGIAN RELIEF FUND.

The following subscriptions were received for the Belgian Relief Fund yesterday by Mayor Frink: "La Societe L'Assomption," Parish of St. Isidore, N. B., N. B. per Rev. George J. Cormier, \$ 3.25. Half of proceeds from a concert held in the Knights of Columbus Hall, 65.00. Total \$68.25.

THE SHIPS AGAINST THE FORTS IN THE GREAT FIGHT FOR THE DARDANELLES.

JURY DISAGREED IN CARLETON CO. CASE

Hartland, N. B., May 5.—Considerable interest has been caused by an occurrence at Middle Simonds on Monday last week. A man named Ryder, sometimes called Haywood and other names who has been employed for some time on the farm of Judson Rideout, at Middle Simonds, committed a criminal assault on the nine-year-old daughter of his employer. Mr. Rideout was so enraged that he gave Ryder a most severe punishment, leaving him, as he thought, nearly dead.

Later going to the scene of the thrashing, it was found that Ryder had disappeared. The community became considerably worked up over the matter and some ugly rumors were afloat. Today, however, the air was cleared. Officer A. R. Foster this afternoon arrived in the village with his prisoner who, with the exception of a missing front tooth, did not show any signs of the rough usage he got last week. The officer located his man about 22 miles out in the back country, at a place called Gordonsville.

He is a man about thirty years of age, and is not considered all right mentally. The prisoner will be brought before Police Magistrate Cameron tomorrow morning and arraigned. The case of young Hanning, of this place, who some time ago was sent up for trial at the county court by a local justice for breaking into Pinky's meat store and stealing a calf and some other articles, came up before Judge Carleton, at Woodstock on Tuesday. The trial was short and quickly given to the jury who returned to court announcing that they could not agree on a verdict. The vote standing 10 to 2 for acquittal. The case will be tried before a new jury in September, the prisoner being on parole in the meantime, with his father and uncle as sureties for his appearance.

C. P. R. Suburban Service.

Commencing May 17th suburban will leave at 6:30 a. m. Atlantic time, due St. John 7:45 a. m. Will leave St. John 6:10 p. m., due Welsford 7:15 p. m. Full suburban service in effect May 31st.

COULD NOT GO TEN STEPS FOR THE PAIN IN HIS KIDNEYS.

When you get a pain in the back you may rest assured that it comes from degeneration of the kidneys, for were there not something wrong with the kidneys the back should be strong and well.

Doan's Kidney Pills regulate the kidneys, and there is no further excuse for any kidney trouble to exist. What more needs to be said? While Doan's Kidney Pills are not a "balm for every ill that flesh is heir to," they are a positive, never-failing remedy for every disease that has its inception in the improper action of those delicate little filters of the blood, the kidneys.

Mr. Adlard Cleroux, Eganville, Ont., writes: "I was troubled with my kidneys for four years. They were so bad, at times, I could not go ten steps for the pain they caused me. My doctor could not do me any good. A friend advised me to use Doan's Kidney Pills. I bought five boxes, and now I have cured for over three years. I will recommend them to whoever may be suffering from kidney trouble."

SERBIA NEEDS ALL HELP THAT CAN BE SENT

New York, May 5.—Mrs. Grouitch, the American wife of the Serbian Permanent Under Secretary for Foreign Affairs, who is touring the United States in the interest of relief for her adopted country, has made public a letter from Lord Bryce, former Ambassador from England, expressing his admiration of "American humanity and American liberality," shown in the help given to Belgium, and his belief that the American people will also respond to Serbia's needs. The letter follows:

April 9, 1915. Dear Madame Grouitch: May I express my cordial good wishes for the admirable work you are doing to bring the misfortunes and the needs of Serbia before the American people. Here in Great Britain we have been filled with admiration for the gallantry Serbia has shown in her struggle against a tremendous adversary, and filled also with sympathy for the sufferings her people have had to endure, first through the invasion and devastation of their country, and now through the outbreak of a terrible epidemic. Here in England we are doing what we can to send help to the sufferers, and many Englishmen and women have gone out and have organized hospitals in Serbia. But the sufferings are so widespread and the needs so urgent that all the benevolence of the United States can add to what is being now done will be wanted. American humanity and American liberality have never been shown on a more magnificent scale than in what they have done and are doing for Belgium's sorely tried people, and I am sure they will respond also to your appeals on behalf of Serbia in her grievous trial.

Believe me to be, Very truly yours, JAMES BRYCE. COUNTY COURT. The case of the King vs. David Hennessy came up yesterday before Judge Forbes, the prisoner having been previously remanded for sentence. The court was ready to sentence the prisoner when Mr. Mullin, K. C., the defendant's counsel, was called upon. He stated that in his opinion the court had no jurisdiction in the matter, on the ground taken on behalf of the attorney-general that a prisoner pleading insanity could not make his election to be tried under the Special Trials Act, in which opinion he concurred. When the prisoner was remanded for sentence, said Mr. Mullin, the attorney-general was to be consulted. He had consulted the attorney-general and the attorney-general said that the court had no jurisdiction. The judge, however, said he was going to sentence the prisoner. Mr. Mullin then stated that the prisoner should never have been asked to elect, as he had before that been indicted by the grand jury in the Circuit Court and had pleaded guilty to the indictment. Mr. Mullin argued that the matter was in the hands of the Circuit Court, and His Honor had no jurisdiction, as the prisoner was not properly before the court. After a lengthy discussion His Honor decided to remand the prisoner, and said he would see the attorney-general himself.

PATRIOTIC FUND.

The following subscriptions for the Patriotic Fund were received by the secretary, Mr. C. B. Allan: J. F. H. Teed, \$10.00. D. W. Puddington, 10.00. George D. Ellis, subscription for May, 5.00. Total, \$25.00.

OBITUARY.

Mrs. Margaret Finley. The death took place at St. Stephen on April 27th of Miss Margaret Finley. She deceased was in her 55th year and had been ill for some time. Prior to her illness she was in the employ of Mr. P. F. McKenna, of St. Stephen, for thirteen years as a book-keeper. She is survived by her mother, Mrs. Thomas Finley, and three sisters, Mrs. Ernest Cunningham and Mrs. George Irving, of St. Stephen, and Mrs. George Hennessy of West St. John. The funeral of the deceased took place Thursday from the Church of the Holy Rosary, where Requiem High Mass was celebrated by Rev. J. M. O'Flaherty.

Mrs. Marx.

A. A. Briggs, Moncton, on Saturday received a telegram calling him to the bedside of his sister, Mrs. Marx, who had been ill for some time at Cambridge, Mass. He arrived only a few hours before his sister died. She passed away about 5:30 o'clock on Sunday night. She is survived by her husband and two children and was about forty-eight years of age.

Hit on Head by Ball, is Dead.

Indianapolis, May 5.—Lewis Wasson, aged 26, was struck on the head by the first ball pitched in the opening game of a Sunday School league here Saturday. He died today as a result of the accident.

CIVIC PAY DAY.

Yesterday was civic pay day and the following amounts were disbursed: Fire, \$1,420.51. Market, 176.93. Police, 1,734.41. Sundry departments, 1,182.75. Ferry, 788.75. Official, 1,550.37. Total, \$6,853.77.

DR. A. W. CHASE'S CATARRH POWDER 25c. In use direct to the diseased parts by the Improved Method. Cleans the inflamed surfaces, clears the air passages, stops drops, plugs in the throat and purifies the system. Cures Catarrh and Hay Fever. Has a powerful effect. Accept no imitations. All dealers or direct from Chase & Co., Montreal, Quebec.

Blood Thin and Weak Too Nervous to Sleep Here is Another Case in Which Dr. Chase's Nerve Food Proved Its Great Reconstructive Influence.

Thin blood and exhausted nerves usually go together. A considerable portion of the blood is constantly consumed in keeping up the vitality of the nervous system. Once the blood is deficient, either in quantity or quality, the nerves suffer and bodily pains result. Headache, neuralgic or sciatic pains are the indications in some cases, while in others weakness, nervousness, irritability and sleeplessness are the most marked symptoms. Mrs. R. F. Catlin, Elm Springs, Sask., writes: "For years I was troubled with nervousness, and could not sleep nights. Also had lack of color as a result of the blood being thin and weak. My husband saw Dr. Chase's Nerve Food advertised, and got some for me, and wanted me to try it. I did so, and it has proven a wonderful help to me. By enriching the blood, it has resorted color to my face and has built up the nervous system so that I rest and sleep well. It is a pleasure to recommend so excellent a medicine. Dr. Chase's Nerve Food goes direct to the formation of pure, rich blood, and for this reason is the most certain means of increasing the quality as well as the quantity of blood in the human system. The feeble, wasted nerves are restored, and through the nervous system new vigor and energy is imparted to every organ and member of the body. You will be surprised at the way this food cures puts new strength and vitality into the weakened body. And the best of it is that the benefits are both thorough and lasting. In this the Nerve Food differs from mere stimulating medicines which give rise to false hope and when discontinued leave you as weak as before. Put try it. I did so, and it has proven a wonderful help to me. By enriching the blood, it has resorted color to my face and has built up the nervous system so that I rest and sleep well. It is a pleasure to recommend so excellent a medicine.
