THE EFFECT OF SHELL FIRE AT THE FRONT

SHELL HOLES, 17 FEET ACROSS, CAUSED BY BURSTING SHELLS. The results of the continuous bombardments along the fighting line in France and Belgium may be observed at nearly every point where artillery fire has taken place. At many places the roads are seamed with "Jack Johnson" holes—grim reminders of former fighting. Time and again when burrying across the desolate no-man's-land holes—grim reminders of former fighting. CHOCOLATE SOLDIERS FIGHT BATTLE WITH PEN-PUSHERS TODAY

If the weather permits, and some of the Scribes do not feel a cold current of air blowing about their ankles about 3 o'clock this afternoon, the baseball team from The Chocolate Soldier Company and the Press Gang will cross bats for a duel to the death on the Marathon grounds. All day yesterday representatives from the newspaper team were observed about the Opera house, ostensibly to renew old acquaintances in warfare but in this case legitimate in warfare but in this case the scouts got little information, for the actors were mum and kept the secret carefully concealed until last night when General Manager J. Francis Boyle announced the line-up as follows: P. Devlin, 1st base; J. Francis Boyle, centre fielder; Wm. Whitebone, 2nd base; J. Sparling, pitcher; H. Curtin, s.s.; B. Gaunt, 3rd base; the maine idol, Walter Greene, in right field. The name of the catcher still remains a mystery. Frank Boyle will also act as home of the Commissary Department. Miss Tena Rashband and Kittle Burke will act as treasurers of the fund and W. H. White will lead in the cheering. The manager of the Scribes' team, has refused to answer up to going to press, but has refused quite an event and furnish some amusement, particularly when some of the heavyweights on both sides get to caving on the bases.

WILL SOON CALL FOR RECRUITS FOR THE FOURTH CONTINGENT

London, Ont., June 16.—General Hughes stated here today that the total strength of Canada's forces, when the fourth contingent is raised, will be some 155,000 men. Seventy-three thousand Canadian soldiers, he said, are already overseas. Instructions for the recruiting of the 35,000 men of the fourth contingent, he said, will be issued within a few days.

FINDS GERHARDT WAS MAN WHO TOOK MESSAGES TO GERMAN GOVERNMENT

Washington, June 16.—Secretary Lansing received word late today from sources which he regarded as reliable that the man who called for Berlin with a safe conduct, carrying messages to the Foreign Office at Berlin from Count Von Bernstorff, the German Ambassador, was Dr. Anton Meyer-Gerhardt.

KENTVILLE HAS \$10,000 FIRE

The Arena and D. A. R. Building Burned—Circumstances of Fire Suspicious and Investigation Likely. Kentville, N. S., June 16.—Fire, destroying the arena, and a large storehouse belonging to the Dominion Atlantic Railway, with its contents, broke out in this town early this morning under very suspicious circumstances, and into which an investigation is likely to be held. The entire destruction of the arena, a building erected at a cost of over \$10,000, and the storehouse containing at least \$16,000 worth of railway material, including considerable furniture and fittings and valuable woods for the D. A. R. steamer, will involve a loss close to \$20,000.

LUSITANIA INQUIRY MAY END TODAY

Evidence Yesterday There Was Only One Boat Drill During the Last Voyage. London, June 16.—Baron Mersey, president of the Court of Inquiry into the sinking of the steamship Lusitania, intimated this afternoon that the investigation would soon be ended. The Baron said his mind was quite satisfied as to the most important questions—the speed of the vessel at the time she was attacked, and the absence of British destroyers as an escort. He believed the court had before it all the evidence it was likely to obtain relative to the alleged shortage of officers and the use of boats at the time of the catastrophe.

NEW MACHINE OBVIATES NECESSITY OF CUTTING TRENCHES IN STREETS

The pipe shoving apparatus secured by Commissioner Wigmore and used for the placing of water service pipes in position has proved successful. A small trench had been dug, when a machine set up in the basement of the cafe, and from there pushed the iron pipe through to the water main in the middle of the street, where a small trench had been dug. The pipe was thrust through twenty-four feet of earth, and in its course several boulders were pushed aside. Three hours work was all that was necessary to place the new pipe in position.

RUSSIAN CHEMIST IN TORONTO INVENTS A NEW RESPIRATOR

London, Ont., June 16.—At the London Institute of Public Health this afternoon Paul Newman, a Russian chemist of Toronto, demonstrated a "muzzle" of his invention which he believes will prove effective in combatting German gases at the front. With the respirator over his nostrils Newman entered a room filled with chlorine gas. After six minutes, however, he was forced to withdraw, having inhaled some of the deadly fumes, his first model, not fitting closely over his nostrils. Another test will be held at Ottawa shortly in the presence of Major-General Hughes and other militia authorities.

MORE FRIENDLY TONE SINCE LAST NOTE ARRIVED

Berlin Finds in Wilson's Latest Protest a Basis for Diplomatic Negotiation and Settlement. Washington, June 16.—Ambassador Gerard called today his first informal report on how the latest American note to Germany was received in official quarters in Berlin. He spoke of its reception as friendly and courteous, and said unanimous opinion seemed to be that the document afforded a basis for diplomatic negotiation and settlement.

STATE DEPT WILL PROBE THE GERHARDT CASE

Will Investigate Story that Bernstorff's Envoy Was in States to Buy War Materials. Washington, June 16.—Published charges that Dr. Anton Meyer-Gerhardt, for whom the United States arranged a safe conduct with the Allies that he might return to Germany with a personal message from Count Von Bernstorff, the German Ambassador, was in reality Dr. Alfred Meyer, chief of the supply department of the German army, who had been secretly in the United States buying munitions of war, are to be investigated by the State Department.

PIMPLES APPEARED ON HIS FACE AND HANDS.

The primary cause of pimples arises from the blood not being in a good condition. When the blood becomes impure you will find that pimples will break out all over the body, but more particularly on the forehead, nose and chin, and although they are not a dangerous trouble, they make you appear unsightly to both your friends and yourself. What you need, when these pimples break out, is to get a real good blood purifying medicine such as Burdock Blood Bitters. One that has built up the system by cleansing the blood of all the impurities and poisons which cause the skin to break out in these eruptions.
