CANADA GETS CABLE FROM THE PREMIER

Praises Record of Army of the Dominion on Battlefields of Flanders.

Ottawa, July 2.—(Lensed wire).—The following message of congratulation on the event of the jubilee of Confederation has been received on behalf of Canada by the Governor-General: From Premier Lloyd George: "Fifty years ago the statesmen of all provinces of Canada gathered in convention in Quebec to work out the basis of a federal union. From that act of statesmanship the Dominion of Canada was born. Confederation has done much for Canada. It has enabled the Canadian people to attain to internal unity and self-government and to achieve the beneficent development of the resources of their country. It has done no less for the Empire. It has made Canada the pioneer of that autonomous nationhood which is the unique characteristic of our commonwealth of nations and it has had its logical outcome in the imperishable record which the army of Canada has made on the battle field of Flanders in the cause of human freedom. The history of the fifty years is indeed a certain proof of the part which Canada is destined to play in concert with her sister nations in promoting the peace and unity of the world after victory has been won."

WILL NOT PROMOTE KUT OFFICIALS

London, July 2.—In the House of Commons today the government leader, Andrew Bonar Law, gave the assurance, pending the discussion of the Mesopotamian report, no person censured by the commission would be promoted to any higher position than he now holds. He added that there was not at the present time, and never had been, any intention of transferring Lord Hardinge, the former viceroy of India, to the Paris embassy or to any other diplomatic post.

RUSSIAN MINISTER IN LEAD

Minister of War Heads Army in the Great Forward Movement. LITTLE MARKED ACTIVITY IN WEST. Attention of Whole World Now Largely Centered on Russia.

Prisoners exceeding ten thousand and the capture of the village of Koniuchy and strongly fortified positions southwest of Brzesany are the first fruits of the new offensive movement of the Russian forces in Eastern Galicia. North of Koniuchy the Russians have attacked and fresh battles are in progress. The Russian artillery, long inactive from lack of shells, played an important part in the defeat of the Austro-Germans at Koniuchy. For two days a rain of iron was thrown into the German positions and Berlin says officially that they were turned into a crater field. The Russians not only carried three lines of German trenches and Koniuchy, which was strongly fortified but also advanced to the Koniuchy stream south of the village, which is on the Zlota Lipa river.

Around Brzesany the fighting was most bitter and Berlin claims that six-tenths Russian Division were thrown forward. The Russians carried the fortified Teton positions at several points in face of a desperate resistance by Austrian, German and Turkish troops. Minister of War Kereny was at the head of the revolutionary army in its forward movement and in a message to Premier Lvoff says that the offensive "proved to Russia and the entire world its fidelity to the revolution and its love for liberty and country." The premier has authorized Minister Kereny to give the regiments which participated in the fighting of July 1, red revolutionary flags and the name "Regiments July 1st."

Little Activity in France. On the western front there has been little marked activity. Both the British and Germans have carried out raids in the area around Lens and northward. In the Trentino south of Riva the Austrians have attacked Italian positions between Lake Garda and the Ledro Valley. Rome reports that all the Austrian efforts were checked with loss. The Greek destroyer Doxa, manned by a French crew, has been destroyed in the Mediterranean Sea by an explosion. Twenty-nine members of the crew including all the officers, were lost.

WREATH ON SIR CHARLES' GRAVE

Canadian Club of Halifax Honors Memory of Great Statesman.

Halifax, July 2.—The Canadian Club of Halifax placed on the grave of Sir Charles Tupper a wreath with the following inscription: "In Loving Memory from the Canadian Club of Halifax." The grave of the last of the "fathers of confederation" is in St. John's cemetery alongside that of his wife. The remains of the aged statesman were brought from London and given a state funeral. The placing of the wreath was, on this fiftieth anniversary of the confederation, a tribute to the memory of one of the greatest men Nova Scotia has produced whose name will ever be associated with the uniting of Canada.

CANADA'S DAY HONORED BY KING GEORGE

His Majesty, Queen Mary and Queen Alexandra Attend Impressive Service.

London, July 2.—(Montreal Gazette Cable).—The confederation jubilee celebrations passed off today with wonderful success and the people of London as well as other centers where Canadians are located seemed to vie with each other in entering into the spirit of the day. For the greater part of the forenoon traffic was held up in Westminster and work was at a standstill, while crowds gathered to cheer the King and Queen and Queen Alexandra on their entering and leaving the Abbey. It was especially fitting that just across the road is the building which was until recently, the Westminster Palace Hotel, where the fathers of Confederation drew up the Dominion's constitution.

The Abbey service was brief, but profoundly impressive and effective, the most stirring moment being that when Bishop Ryle pointed to the Wolfe monument, on which the colors of many fighting battalions were folded as a symbol of Canadian liberty. Outside the Abbey was a composite battalion representing every Canadian camp in England. These men, together with the guard of honor and cadets, were inspected by the King, who complimented Col. Godson and Major A. A. Law, of the London command, upon their fine appearance. The reception organized by the Royal Colonial Institute in the afternoon was largely attended and hundreds of Canadians were received by Princess Louise, the Duchess of Argyll and Sir George and Lady Perley in the Natural History Museum at Kensington.

London, July 2.—Sir Herbert Beerbohm Tree, the actor, died tonight. Sir Herbert Beerbohm Tree, who was knighted in 1909, was born Dec. 17, 1853, the second son of Julius Beerbohm and Constantine Draper. He married Maude Holt and had three daughters.

He was educated at Schnepfenthal College, Germany. He made his first appearance on the stage in 1877. Ten years later he became manager of the Haymarket Theatre, London, but relinquished management in 1894. He then became proprietor and manager of His Majesty's Theatre. He held the order of St. John of Jerusalem and was a member of the Order of the Crown of Italy. Among his publications were: Lectures on the Imaginative Faculty and on Hamlet from an Actor's Point of View; Henry VIII and his Court; Thoughts and Afterthoughts. He had appeared in the United States and in Canada several times in well known plays.

THE RUSSIANS TAKE 10,000 PRISONERS

Also Capture Town of Koniuchy in Brilliant New Campaign. DRIVING FOR THE CAPITAL OF GALICIA. Operations Being Conducted at Scene of Fierce Fighting of 1916.

London, July 2.—The resumption of the Russian offensive, with the capture of the town of Koniuchy and more than 10,000 prisoners is the most cheering news the British have had for some weeks. References in recent German official communications to the activity of the Russians have given hope that something really serious was about to occur, but the public was hardly prepared for such an immediate and successful result, as it was thought it would take a few days for the artillery to destroy the Austro-German defenses which were under construction for so many months. The scene of the Russian success, between the Stripa and Zlota Lipa rivers, was the battle ground of such heavy fighting after General Brusiloff's offensive of a year ago, Koniuchy being on the latter river. Like other demonstrations it is, in the direction of Lemberg, the capture of which would be of the greatest strategic and political importance. General Brusiloff apparently has renewed his concentric manoeuvre, which was interrupted by the advent of winter and then by the revolutions.

Appeal to Armies. Petrograd, July 2.—War Minister Kereny has issued an appeal to the Russian armies to take the offensive. He says that Austria and Germany have replied to Russia's appeal to all democracies in favor of peace by the dishonorable proposal that Russia should conclude a separate peace which would enable them to crush Russia's western allies. On Russia's rejection of the proposal, the enemy, says the war minister, threatened an offensive against Russia, and the freedom of the country and the revolution itself were in danger. The appeal concludes: "Every day's delay strengthens the enemy. That is why we appeal to our armies to take the offensive. Let all the world know that it was not from weakness that we talked of peace. Let it be known that liberty increases our military strength. All Russia will bless your exploits in behalf of liberty, your country's future and an honorable and lasting peace."

THE GERMANS ASSUME THE OFFENSIVE

Teutons Succeed in Forcing Back Both British and French.

London, July 2.—"As the result of hard fighting west of Lens yesterday and today our advanced posts have been driven back a short distance," says the official report from British headquarters in France issued tonight. "There is nothing further to report except considerable artillery activity by both sides at numerous points along the front." Germans Succeed. French Front in France, Sunday, July 1 (By The Associated Press).—The Germans succeeded in occupying today French front line trenches a third of a mile in length to the east of Corry, north of the Chemin Des Dames. This local success, worth less from a military viewpoint, followed a terrific pile-driving artillery bombardment at the beginning of which the French abandoned the line, the trenches of which were flattened out. This forward step leaves the Germans still without their coveted observation posts. Apparently there was little backbone in the attack, as the success was not followed up.
