

FOR AND ABOUT WOMEN

Let's Talk It Over

OUR RESPONSIBILITIES.
In Mrs. Muldrew's very fine address given before the Housewives' League meeting she spoke of the responsibilities which had come to women. "I was never very anxious for the vote," she said, "but now it has come to me and I have to make the best use of it. I can't help myself."
These words strike a timely note. Now that the anxiety of the war is over (though any thinking woman knows we must not for a long time relax our Red Cross activities) there are before us the thousand and one problems of reconstruction. Are we, as women, going to take our share in the settlement of those problems or are we going to let it be done without us and then if things do not suit us, agitate and work and worry till something is changed?
We claim sometimes that we have average intelligence and yet do we all of us give the thought to matters of national importance that we should? It will be too late to seriously consider

some questions when perhaps you are asked to cast the deciding vote. Let us read and study and weigh evidence and listen to the opinions of those who have knowledge—even if we differ from them in the end!
Think of the care of the returned wounded soldier, child welfare, better houses, the fight against tuberculosis and every other kind of dread disease, laws for working women, our schools, municipal homes, the proper recreation for the youth of cities, the prevention of crime and scores of other battles which must be waged.
Women who have worked steadily and faithfully for their country in the time of war are not going in the peace days to sit back and let that country be a worse place to live in than before the awful four years of conflict.
It has been said very frequently that a country which is worth living in is worth fighting for. Now we have got to realize that a country which is worth living in is decidedly worth trying to improve.

ST. DAVID'S CHURCH CORNER STONE WAS LAID YESTERDAY

Was First Placed in Position Aug. 16, 1849—Impréssive Ceremony Yesterday Afternoon—Address by Rev. Dr. Falconer.

Yesterday afternoon for the third time the same stone was laid as the corner stone of St. David's church. It was laid the first time on August 16, 1849, and the second time on September 13, 1877. Twice the church home has been destroyed by fire and again the ashes have risen a better and bigger home in which to carry on the work of the congregation. Especial interest was added to the ceremony yesterday by the fact that John Rogers, who was present when the corner stone of the original St. David's was laid, was also at the laying, standing right alongside the stone as it was placed in position.
During the ceremony prayer was offered by Revs. J. A. MacKellan, F. S. Dowling and Dr. Falconer. A responsive scripture reading was led by Rev. H. C. Fraser, and the benediction was pronounced by Rev. W. M. Townsend. The hymns "O God of Bethel by Whose Hand," and "How Firm a Foundation" were sung.
In the stone was placed a box, hermetically sealed and bedded in wax, in order to keep it waterproof. The following articles of historic interest were deposited in the stone:
The Acts and Proceedings of the 4th General Assembly. The 68th Year Book of St. David's Church. Copies of the most recent issue of the Daily Telegraph, The St. John Standard, The St. John Globe, The Evening Times and The Presbyterian Witness. The 70th Anniversary Service Booklet. The Program of the Corner Stone Laying. Coins of this year's issue. The following coins taken from an old corner stone: 18. half-penny token, shilling and sixpence which were originally in the first corner

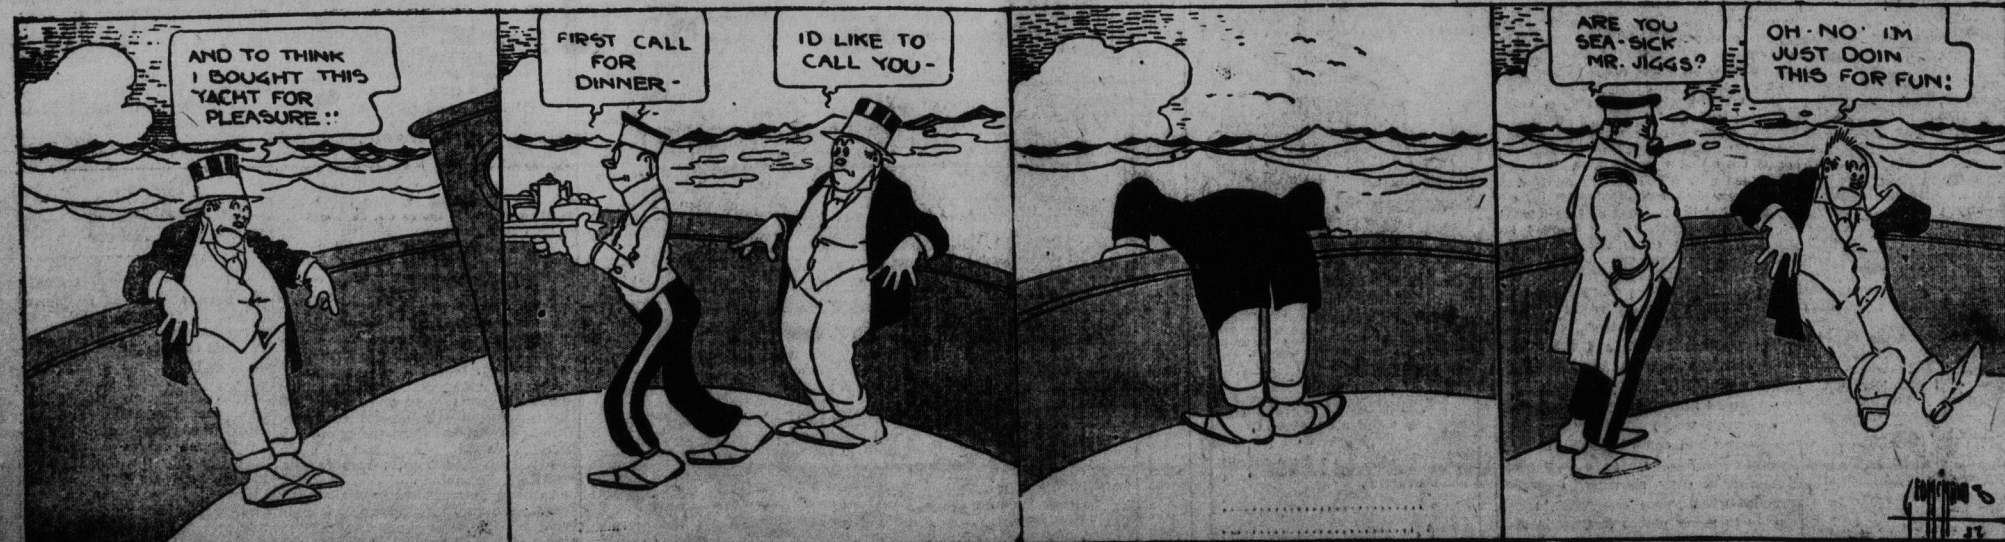

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing freezine, the other discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

Ask at any pharmacy for a quarter ounce of freezine, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.
You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never in flames or even irritates the adjoining tissue.
This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

WELL MIXED BILL AT THE IMPERIAL

Vitagraph Feature Pleased—Good Comedy Offerings.

Large business marked the opening of another week at the Imperial, and also marked what might be rightly termed—the weather standpoint at any rate—the opening of the winter season. It was a good show that was purveyed too and lacked neither quality or variety.
The leading feature was a Vitagraph Blue Ribbon feature "The Menace" starring Corinne Griffiths and Evert Overton. One of the gripping scenes was when the supposed adopted son of the wealthy parents was detected robbing the home of his fiancée's parents. The youth has fallen under the influence of a convict who convinces him he is his own son and forces him into a life of crime under threat of exposing his real parentage. This strong picture from the story by Rex Taylor is based on the experiment of a physician, and who attempts to demonstrate his theory that environment is capable of rectifying any heredity.
Corinne Griffith, young and beautiful star has the leading feminine role. Evert Overton has the leading male role, that of the son, and others in the cast are Ned Finley, Herbert Prior, Lelia Blow and Frank A. Ford. In the comedy line Mutt and Jeff have a terrible adventure with the Bolsheviks in Russia, and the Drews enact another page from the troubles of a married couple. The war pictures were as usual very interesting. Tomorrow and Thursday the Imperial will be closed to pictures, but open to the splendid rummy play, "Turn to the Right," which is a exciting favorable comment from the press all along the New England line where it is now showing. On Friday, the picture policy will be resumed with Herbert Rawlinson in "Smashing Through,"—a startling western love story.

WILL MEET SOLDIERS' WIVES ON ARRIVAL

Mrs. E. A. Burrington Hamm, Y. W. C. A. National Immigration Secretary, Leaving for England on Special Work.

Mrs. E. A. Burrington-Hamm, national immigration secretary of the Dominion Council of the Y. W. C. A., is sailing this week for the British Isles on special work in connection with returning soldiers' wives. In her absence Miss E. F. Jones, national city secretary, Dominion Council, Toronto, is heading up all port work on this coast and has engaged an office at 49 Canterbury street, St. John. Speaking yesterday Miss Jones said that the work at the boats cannot be undertaken on a large scale while the military units in possession of the sheds but it is hoped to have matters arranged so that every woman travelling will have a shelter and someone to whom she can appeal. Later on it is hoped that the women's societies may assist greatly in this patriotic work and that their members will volunteer for this service so that the soldiers may hear their wives have been met and welcomed on their arrival in Canada.

MIGHT HAVE BEEN A BIG FIRE

Sydney, N. S., Dec. 2.—Three million dollars worth of electrical equipment was removed to safety by the city and company firemen, when the mill of the Dominion Steel Corporation caught fire last night. The damage was slight as compared with the material saved, much of which would have been difficult to replace at any price.

S. C. A. WILL CLOSE DEPOT IN SPRING

The Soldiers' Comforts' Association have received letters from Miss Plummer stating that the work of the association is expected to be almost over by the spring, so officers of the S. C. A. stated. The Standard. The Christmas parcels sent from Canada will be faithfully forwarded and there will be quite a lot of work in connection with the closing up of the Field Comforts Department.
This association has done a splendid work for the soldier on active service, and no doubt its members will receive many words of thanks from the returning soldiers as they have already had many grateful letters. They have sent socks in huge numbers as well as parcels of field comforts. Their work of forwarding individual parcels has been a great boon to many a soldier's relatives. Miss Jean Arnold, who arrives in St. John this week will tell of her own work accomplished and of future plans.

Shock Left Her Weak and Nervous COULD NOT SLEEP.

When the system receives a shock of any kind, the heart becomes weakened, the nerves unstrung, the appetite poor, faint and weak feelings come over you, you can't sleep at night, and you wonder if life is worth living.
To all those who suffer from nervous shock we would recommend Milburn's Heart and Nerve Pills as the best remedy to tone up the entire system and strengthen the weakened organs.
Mrs. J. J. Bunyan, Milburn's Heart and Nerve Pills after having suffered from a terrible shock to my whole system. I was so utterly weak, and nervous I could not sleep at night, and my appetite was very poor. I could not walk across the floor without trembling all over.
I had hot flashes and fainting spells. When I was on the second box of your Heart and Nerve Pills, I began to feel that they were doing me good, so I kept on until I had used six boxes, when I felt like a different person. I am never without them in the house, and highly recommend them to all who suffer with their heart."
"Turn to the Right," which is a exciting favorable comment from the press all along the New England line where it is now showing. On Friday, the picture policy will be resumed with Herbert Rawlinson in "Smashing Through,"—a startling western love story.

MILITARY FUNERAL ON BATTLEFIELD

St. John Soldier Tells of Sad Scene on Last Day of War When Many of His Chums Fell.

A young soldier of the city writing to his mother a short time ago stated that on the very last day of hostilities, in France a large number of the boys fell. The boys of the different units were gathered together and forward to bury their dead the fallen being given a military funeral on the battlefield—something unknown before.
Continuing he stated: "The service was indeed most impressive and long to be remembered by the sorrowing chums of the deceased soldiers; and was the cause of tears on the part of those participating in the solemn duties."
Concluding he added that he would reach home near the Yule Season and orders were to that effect. Needless to relate the mother of the lad awaits in suspense the homecoming of her gallant son.

RALLY SERVICE LAST EVENING

A rally service held in the Ludlow street Baptist church last night under the auspices of the senior and junior Christian Endeavor Societies and the Senatus Paritatis Society was largely attended and the three organizations got away to a splendid start on the winter work.
The chair was occupied by Miss Imrie Cochran, the pianists of the evening were Mrs. A. McKenna, Miss M. E. Mullin and Miss Hilda Beat. Rev. I. W. Williamson, pastor of the Victorian Baptist church, delivered a most inspiring address on "The responsibility of the church for the training of the young." Solos were sung by Miss Mildred French and Rev. Mr. Williamson; a piano duet was rendered by Misses Beat and Cairns, and prayer was offered by Deacon John F. Ring.

"BOUGHT AND PAID FOR"

An effective comedy drama well told and splendidly acted. It has sentiment, drama and fun—with plenty of the latter. "Bought and Paid For" was written by the distinguished playwright George Broadhurst, and originally presented as a play, it immediately jumped into favor as the Broadway success of years. The adaptation to motion pictures enlarges and strengthens the play to gigantic proportions. The star, Miss Alice Brady, most charmingly portrays the title role, and the supporting cast has been carefully selected to properly interpret this masterpiece.
