

From an eight years' varied experience of Dr. Mathews, I have formed a very high opinion of him; he is patient under difficulty, kind, gentle and attentive to his sick—a good doctor and a gentleman.”

Hon'ble Hudson's Bay Company's Service.*

DEAR DOCTOR:

This is to let you know that we will all be very sorry when you leave us. For all the years you have been here, you have helped us in sickness. We are all very thankful to you for all your kindness to us in helping us all, and also for all you have done for our sick, hungry, or our starving. We are sure no other Doctor ever will do so much for us as you have done. We hope that those who are over you will say or even think the same. And, again, that our Lord Jesus Christ will reward you for all your kindness and charity to us. And now hoping that all this will make you think of us, as we will always remember you, dear Doctor.

JOHN, *Chief.*

JOSEPH KICHEKESICK,

YORK, HUDSON'S BAY.

Counselor.
