

## Stand By the Old Standbys

There's no advantage in stocking the cheap syrups that are flooding the markets just now. You can't depend on their quality. Your customers may not like them. And what promises to show a profit, will turn into a big loss.

### “CROWN BRAND” CORN SYRUP

Everybody knows it—everybody likes it. The price is the same as last winter—so is the quality. You make your steady profit on it and your customers are perfectly satisfied with it. What's the use of running the risk of offending customers with cheap syrup, when you want all the steady business you can get?

## Ye Olde Time T & B

It's over half a century since T. and B. Myrtle Cut was first introduced to the now-old men of Canada. For over fifty years this tobacco has never varied one iota from its original high quality—it's still the sun-cured, mellowed, Virginia leaf. It's real tobacco and your wholesaler carries it. **Stock up now.**

**When the quality of T. and B. Myrtle Cut changes it will be when there's no more Virginia tobacco.**
