Ottawa, March 15, 1926.

Honourable E.N. Rhodes,  
Prime Minister of Nova Scotia,  
Halifax, N.S.

My dear Rhodes:

I have your letter of the 11th. This is a most interesting story. Had seen in the press some days ago the account of your reply to Mr. Chisholm. It went all over Canada. I hope everybody enjoyed it as much as I did. Personally I hope you go right ahead with your policy in this matter and don't let anything stop you. I will avail myself of the first opportunity to use the material you have given me in the House.

Am hearing excellent reports of the handling of affairs down there. Your speech at the opening of the House must have been a great success.

Yours very truly,
