#### Royal Purple Stock Specific

What we claim for our Royal Purple Stock Specific, the great farm animal conditioner and fattener;

In conditioning and fattening hornes you can do more in four weeks by using our floyal Purple Stock specific than you could do in two months without it... You can fatten horses with this Stock Specific you have never been able to fatten before. Try it on the worst animal you have our piace.

A cow will gain from two to five lbs. of milk per day while in the stable by using our block Specific.

You can fatten steers a month earlier on the same feed by using this specific.

You can market pigs one month earlier and have ger and better pigs, thereby saving a month's labor d feed. One \$1.50 tin will be sufficient to develop six

to clear pips for market.
