

There's no reason why you shouldn't enjoy driving your car on wet slippery roads—

No reason why you should crawl along, fearful always of what *might* happen.

You can drive with assurance on any roads—get more fun out of your car—feel that you and the car are safe—that you are not a menace to the life and property of others—if you have always ready, for the first sign of wet roads, a set of Dreadnaught Tire Chains. No other chains give the same sure grip; None are so quickly attached—Dreadnaughts have a special Long-lever Fastener. Case-hardened and electric-welded to insure wear and strength. Rim-chains rust-proof. They are finality in Tire Chains.

## A Real Oil Engine NOT AN EXPERIMENT

Uses no Gasoline, not even to start with. Starts easily in the coldest weather on the fuel it runs on. Coal Oil or Fuel Oil, and only uses half the amount required by other so-called Oil Engines. The saving in fuel will pay for this engine in a few months. The

### Hoag Oil Engine

has no electric devices whatever, the burning of the oil is obtained by mechanical means alone, and the usual time and trouble, forever fixing electrical ignition, is entirely done away with, making this engine the Farmer's Friend. Get circulars and price of size you are interested in.
