HAY PRESS
COMPANY,
Kingville,
Ontario.**

Boys for Farm Help The managers of Dr. Barnardo's Homes invite applications from farmers, or others, for the boys who are arriving periodically from England to be placed in this country. The young immigrants are mostly between 11 and 13 years of age; all will have passed through a period of training in Dr. Barnardo's English Institutions, and will have been carefully selected with a view to their moral and physical suitability for Canadian life. Full particulars as to the terms and conditions upon which the boys are placed may be obtained upon application to Mr. Alfred B. Owen, Agent Dr. Barnardo's Homes, 50-52 Peter St., Toronto.

**Most Convenient
Easiest on Horses**

Dain

**Pull Power
Press**

By long odds the most convenient hay press on the market. You can set the Dain between two stacks or at the middle of a stack. You don't have to fork the hay so far or set the press so often. Shape of hopper, and location of feed table and platform make press very easy to feed. You can stand on either side and keep out of the dust. If you are doing the tying you can stand up all the time. Not necessary to walk around the press, as you can readily reach over and tie the wire. The bales come out of the press away from the dust. They are smooth and clean.

You can set the Dain Press quickly, as it does not have to be level. You can bale hay on the floor of a bank barn without leveling the power.

As the Dain is the original pull power press, it has patented features found on no other press. No pitman or other large obstruction for the team to step over. The power is applied direct, and an ingenious device equalizes the draft, maintaining an even, moderate load. The Dain is thus very, very easy on the horses.

Every part of the Dain is made stronger than actually necessary. Made of steel throughout. No toggle joints or other delicate parts. It is the most durable press as well as the one that makes the smoothest bales and has the largest capacity.

Write today and we will tell you of a co-operation plan whereby purchasers of Dain Presses can get more money for their hay.

Get a Beath LITTER CARRIER

With the Beath Litter and Load Carrier you can save many hours a week. It carries all kinds of litter, and dumps it just where you want it. It is a decided improvement on other styles. No dog or brake required—an endless chain raises the load. All parts subject to strain are made of malleable iron. For sureness in operation, simplicity of construction and all-round excellence the Beath cannot be excelled. Send for catalogue and learn more about it.
