

THE "BT" LITTER CARRIER

Has Features That You Will Appreciate.

Its construction is simpler than any other—fewer parts to wear out.

Its parts are heavier and more strongly built.

Only the very best of materials are allowed to enter into the construction of the "BT" Carrier.

These features, together with the following points of advantage, have made the "BT" Carrier famous.

1st. In lifting we use double purchase. This is an exclusive feature of merit on our Carriers.

2nd. The bucket on the "BT" Carrier can be tipped either way to discharge—most buckets will only tip one way.

3rd. It is made of 18-gauge galvanized steel, being some four gauges heavier than the material used by other firms.

4th. The bucket can be elevated higher than any other. The bottom of the box is within three feet of the track when wound up.

5th. The "BT" Litter Carrier Track is heavier per foot and stronger than any other on the market. It is made of the toughest and stiffest high-carbon steel.

If you are thinking of buying a Litter Carrier, let us send you our new catalogue on the "BT" Litter Carrier. It is just off the press and is free.

Trinidad Lake Asphalt

is the natural proven waterproofer. Its use in streets and roofs for over thirty years has shown it to be a mighty storm-defier and weather-resister.

Genasco Ready Roofing

is made of Trinidad Lake asphalt. It prevents cracks, breaks, and leaks. You can't afford to run risks. You want the roofing that proves it is proof.

The Kant-leak Kleet insures water-tight seams without cement. Ask for it with Genasco.

Ask your dealer for Genasco. Mineral or smooth surface. Don't go by the looks of roofing; insist on the hemisphere trade-mark. A written guarantee—if you want it. Write for samples and the Good Roof Guide Book.
