

Even Temperature

Any furnace will get a house warm at times. A "Sunshine" enables you to keep your rooms at an even temperature day or night in any weather. 70 degrees is easy to maintain every day of winter.

Our local agent will tell you why and show you many other "Sunshine" advantages. Send for free booklet.

Pump annoyances never worry the Farmers who are fortunate enough to be using Imperial Anti-Freezing Pump

The "Imperial" is the pump best suited for all farm purposes.

It has a large air-chamber, extending to top of stand, containing 127 1/4 cubic inches. Has 1 1/4-inch plunger-pipe instead of stuffing-box. The advantage over the stuffing-box is that it has three plunger buckets which are self-expanding, and therefore require no attention. Can be used on any sized pipe from 1 1/4 to 2 inches in diameter, tapped for 1 1/4, 1 1/2 or 2-inch pipe. On tubular wells, the plunger can be withdrawn without removing the pump.

Get our illustrated catalogue with prices—sent postpaid. This interesting catalogue sent to you on receipt of post card. Send us your address to-day.

RAISE A BIG CROP OF GOOD WHEAT With Homestead Fertilizers

WHY be satisfied with 15 or 20 bushels per acre when you can double the crop? Those who use the Homestead Fertilizers are harvesting large crops of first quality A-1 wheat, and if you are not yet acquainted with the merits of these Fertilizers, it will pay you to investigate them. To ripen large crops of early plump grain requires a large amount of available phosphoric acid derived from the best sources.

The best are none too good for you. When you consider that the application of a few hundred pounds of GOOD fertilizer will produce marvellous results, you will use it, and use Homestead grades that contain the highest percentage of plant food in available form.

Farmers in the States are using on the average about seven million tons of fertilizer every year. Are you using your share?

Write us for further information and tell your friends we want agents where we have none. Let us hear from you.

Join the Men Higher Up

YOU can rise above the crowd. You can be one of the men who are looked up to. And it won't require years of struggling to attain this, either. It's within your reach right now. Go into the contract ditching business with a

Buckeye Traction Ditcher

The modern farmer is too busy to dig his own ditches—and too wise to expect good results with slow hand-labor methods. He wants the work done quickly and efficiently, so he lets it to the man who owns a Buckeye.

The Buckeye digs every ditch clean and true, with straight, smooth sides and a perfectly-graded bottom. There is no variation to Buckeye-cut ditches, they are always uniform size.

You can cut 100 to 150 rods a day with the Buckeye. You can make \$15 to \$18 a day clear profit, and you can keep busy 9 to 10 months in the year. What more could you ask—where is there another business that will net you such a big return on so reasonable an investment?

Write for catalogue T to-day.
