The Grand Central Hotel and an adjoining building in Niagara Falls, Ont., were on the 21st May completely destroyed by fire, and some other buildings were saved with difficulty. The loss was heavy, only partially covered by insurance.

The Pacific Coast Lumber Manufacturers' Association, at a meeting at Seattle a few days ago, advanced the cargo list price of lumber \$1 all round. From British Columbia comes news that the "woods are full" of Americans on the look out for timber properties. Business is reported good in all kinds of lumber.

We hear the news from Seattle to the effect that one of the largest timber deals put through in the North-West for some years past was consummated the other day, when Ray W. Jones, Lieutenant-Governor of Minnesota, and H. W. Stone, Senator from that State, purchased fifty thousand acres of standing timber land in the Knights Inlet country, on the British Columbia mainland. The deal was engineered by Henry B. Thomson, of Victoria, and Ormsby McHarg, of Seattle and St. Paul. It was stated also that they secured a mill site, and will erect a mill capable of turning out two hundred thousand feet of lumber per day.
