

may be, should be a relief and Extension might have we to indi- and Extension Fund could be the charges all vote against any purpose from the Society, because I before the Confer- ray did. But it does additional labour de- tary because of this fund should pay the for the appointment, and the same rea- to do so still remain two Secretaries there retrenchment that at once squelch out Mission Fund. I think with one Secretary our debt, and then of this Board to give neration for his ser- but to appoint him d that a caucus is o- determined to saddle tory, and we will m than good. took recess.

that during the next quadrennium, the work of the Missionary Secretaries should be discharged by one Secretary alone, with a view to the saving of expense; therefore, Resolved that this Board does not feel at liberty to make an appropriation for any increase in the staff of its Mission-rooms."

Mr Paterson--We will then have to provide for a treasurer and perhaps other officers, and you will then throw more confusion in the way of the Missionary Society than there has ever been before.

Dr Sutherland--I think it would be better to let this matter stand over until to-morrow and take up other business.

Dr Douglas--I wish I were out of this chair, and I would move that the sum of \$500 be placed at the disposal of Mr Macdonald, as Lay-Treasurer of the Society, to supply what service is necessary for the efficient working of that department of the Missionary Society.

Dr Sutherland--All our difficulties in the past have been the result of resorting to expediency.

Dr Douglas--You know that there are times in politics and in law when the judges in this very city have held in suspense their decisions because of the tide of public opinion, and I say that it is prudential and consistent with Christian integrity to be wise as serpents and harmless as doves.

Rev. Mr Sprague--It seems to me that suggestion of the President would be a sinner meeting of the issue than that we have before us, because it turns out now that it is the Treasurer who requires assistance in signing cheques."

No Sutherland--No.

Rev. Mr Sprague--If Mr Macdonald were willing to continue his treasurership without the Honorary Secretary having work to do for which he would require pay, there would not have been this long discussion to-day.

Dr Norris--I move in amendment that \$500 be granted to Dr Wood.

Dr Sutherland moved that the matter be allowed to stand over until to-morrow.

Dr Young seconded the motion, which was declared carried by a vote of--Yes 5, Nays 4.

OBITUARY.

FANNY HEAL.

One of the saddest events that has taken place in this part of the country transpired at Greenville, South Richmond on Monday forenoon of the 3rd inst. A little girl aged nine years, only daughter of Mr. William Heal, one of the railway employees and an esteemed member of the Methodist Church, with other children was playing with a bush fire which had been kindled by the soil of the railway and by some means or other the little girl's dress caught fire and before the flames could be extinguished the poor child was so terribly burned that she expired about one o'clock the following morning, her sufferings until the Morphine was administered by the physician were simply indescribable. Only the Sabbath evening before little Fanny had attended the Sabbath School Anniversary and before a crowded congregation, had, in her own quiet manner recited a touching and beautiful piece entitled "As White as Snow," the first and fourth verses are as follows:

"As white as Snow! Oh can it be That these sweet words were meant for me, Ah, what a rapture 'tis to know That I may be as white as Snow. I followed Him--He leads me on The peary gates are almost won. Afar the heavenly mansions glow Where I shall be as White as Snow."

Little did that congregation think that in a few brief hours that Fanny would forever have been done with the things of earth and time, and little did she think that so soon, the touching and beautiful words would be fulfilled in her own case and possess to her a wide, wondrous and ever blessed meaning. In reply to enquiries made by the sorrowing mother little Fanny said she was going to be with Jesus and to the writer she said that God loved her even better than Pa or Ma, another He could take better care of her than could her parents though she loved them both so well. No greater expression of sympathy by a community could be given than was given in this case, the funeral was largely attended and every one sympathized deeply with the parents in their hour of sad and bitter bereavement. We commend the sorrowing ones to the earnest prayers of God's people and to the care of Him who alone can heal and bind up the broken heart.

Richmond, Nov. 11, 1879. W. H.

115 Grafton Street, Halifax, N.S. August 26th, 1879.

In February last I had a severe attack of Lumbago or Rheumatism which completely disabled me--the pain in my back was so severe that I could scarcely walk or move; I had also pains in my head and all parts of my body. Nothing that I used did me any good until I tried GRAM'S PAIN ERADICATOR. A few applications to my back took the pain from it; but the pain still remained in my head and other parts of my body until I met the proprietor of that Medicine and found I had not used it right. Under his direction I used his ROYAL DIAMOND CONSTITUTIONAL REMEDY, internally, and applied the PAIN ERADICATOR to the back head and spine. Their combined use soon cured me, and I did not use quite a bottle of each. I believe that no one need fear or suffer from Rheumatism or Neuralgia if these two Medicines are properly used.

No family in this broad land should undertake to keep a horse without JOHN-SON'S ANODYNE LINIMENT, many have tried to but failed. It is worth more to a family than a whole medicine chest.

TEMPERANCE.

A CRUSADE AGAINST BEER.

While we talk Temperance, the opposition bring on beer. While we talk against whisky, rum, or brandy, they bring on more beer. Last year (1878) the United States used 9,478,361 barrels of beer, which was an increase of 813,605 barrels over the year previous.

Next year they hope to go up to 10,000,000 of barrels. So says the President of the Brewers' Convention, They are getting the beer in everywhere. This is their constant, persistent, though often silent effort; or when they do talk they call it a temperance drink; they say it is good and wholesome, and get the doctor to sanction it. The invalid drinks it, feels better for a little while, and then wants more beer. Those who are not invalids take it as a preventive, or because they like the first effects, or because it is the custom. Already we average eighty-four glasses of beer for every man, woman, and child in the country, and the average is increasing, and the number of drinkers is increasing. This is the enemy's practical work, and it is effective. What can we do to match it?

We can fight the beer. We can study about it till we understand it; and then we can make everybody else understand it. When other people call it good, we can call it bad, and prove it. We can ask ministers to preach about it, and lecturers to expose it, and editors to publish articles against it. We can buy tracts and read tracts, and distribute tracts about beer, till we get everybody to open their eyes and shut their mouths--against beer. If everybody on the other side can drink beer three times or twenty times a day, everybody on the right side ought to talk about beer quite as often. We can put a handbill into every man's beer mug. We must fight fire with fire, and we shall prevail, for the celestial fire of truth is stronger than the infernal fire of alcohol. Beer is a bad subject, and cannot stand the truth. Will you help fight it? Shall we have a crusade against beer?

The invention of that Superior and Complete Sewing Machine (The Family Sewing Machine) marks one of the most important eras in the history of machinery, and when we consider its great usefulness and extremely low price of (\$25), it is very difficult to conceive of any invention for domestic use of more or even equal importance to families. It has great capacity for work; beautiful, smooth and quiet movement, rapid execution, certainty and delightful ease of operation, that commends it above all others. The working parts are all steel, strong and durable, and will last a life time; the bobbins hold 100 yards of thread; the stitches the firmest of all the stitches made, neat and regular; and can be regulated in a moment to sew stitches from an inch in length on coarse material down to the finest, so infinitesimal as to be hardly discernible with the naked eye, and with a rapidity rendering it impossible to count them; it has more attachments than any other, and it does to perfection all kinds of heavy, coarse, plain, fine or fancy needle-work with ease, and far less labor than required on other machines. It needs no commendation, the rapid sales, increasing demand, and voluntary encomiums from the press, and the thousands of families who use them, amply testify to their undoubted worth as a standard and reliable household necessity, extending its popularity each day. This popular machine can be examined at the office of this paper. AENTS WANTED by the company. Address them for information FAMILY SEWING MACHINE CO., 75 BROADWAY, NEW YORK.

As white as Snow! Oh can it be That these sweet words were meant for me, Ah, what a rapture 'tis to know That I may be as white as Snow. I followed Him--He leads me on The peary gates are almost won. Afar the heavenly mansions glow Where I shall be as White as Snow."

Little did that congregation think that in a few brief hours that Fanny would forever have been done with the things of earth and time, and little did she think that so soon, the touching and beautiful words would be fulfilled in her own case and possess to her a wide, wondrous and ever blessed meaning. In reply to enquiries made by the sorrowing mother little Fanny said she was going to be with Jesus and to the writer she said that God loved her even better than Pa or Ma, another He could take better care of her than could her parents though she loved them both so well. No greater expression of sympathy by a community could be given than was given in this case, the funeral was largely attended and every one sympathized deeply with the parents in their hour of sad and bitter bereavement. We commend the sorrowing ones to the earnest prayers of God's people and to the care of Him who alone can heal and bind up the broken heart.

SWORN STATEMENT OF A BOSTON POLICE OFFICER.

H. R. STEVENS. From exposure I took sick about nine years ago with Rheumatism Fever, from which I suffered about four months. Then I recovered from the fever I found myself suffering with pain in my sides and constipation which brought on the piles. I consulted a Physician and paid him over \$200 for attending me, and all the while I was gradually growing worse. Then one physician after another was employed, and seven of the best physicians of Boston had taken my case in hand. On consultation between several of the leading physicians, they concluded my complaint was asthmatic and general debility. I had great difficulty in breathing, and sometimes was required to sit up in bed. To treat the treatment of one physician I took from 15 to 20 boxes of cod liver oil, and faithfully tried all the medicines that each physician prescribed. From my long sickness, and the vast amount of medicine used to overcome the great pain, my kidneys became badly affected, and I suffered excruciating pain in the small of my back, with great difficulty in passing my urine. One physician said I was diseased all through my system, and that I could give up and die. My suffering from indigestion was such that it was impossible to keep any solid food on my stomach, and the whole nature of my food was brot from oatmeal. I obtained a prescription from a celebrated English physician, who said my trouble was Bronchitis and Dyspepsia. I took 18 bottles of this medicine, and found it of great benefit. I have used a great deal of medicine from another physician's prescription. I have taken Sarsaparilla and you could count on my hands all the pills and advertised medicine I had taken. I had a dreadful cough, and did not average over two hours sleep a night for years. A British physician named VEGETINE, but for a long time I refused, having got completely discouraged from taking so much medicine without any benefit; however, after urgent persuasion, I concluded to try it, and before I had taken a few bottles I had not been able to do before for years; indeed, I obtained more benefit from the first bottle of VEGETINE than from all other medicine which had been taken. I kept on improving, and kept on using the VEGETINE, until I was perfectly cured and able to do my day's work, eat and digest my food, sleep well at night, and I am now 40 pounds heavier than I ever was before in my life, and am as strong as ever. Having confidence in the properties of the most learned medical talent of New England, for with all of their combined wisdom, they could not accomplish so much as that simple vegetable medicine called VEGETINE to which I am indebted for health, life and happiness.

EUGENE E. SULLIVAN. 267 Athens St., Police Station 4. Sudbuck, 83, Boston, Mass., Nov. 21, 1878. Then personally appeared the above named Eugene E. Sullivan, and made oath that the foregoing statement is true, before me. ROBERT B. BOWEN, Justice of the Peace.

VEGETINE. Further Proof. Facts Will Tell.

H. R. STEVENS. To say a word in favor of VEGETINE. During the past year I have suffered from a complication of diseases. I lay in bed for a week, and did not get up until the middle of the following June, and on an average did not sit up two hours a week; I had eight of the best physicians in the state, but got no help, and completely grew worse. They agreed that I had heart disease, phthisis, pyemia, and kidney complaint, and could never be any better. I was reduced in weight 80 pounds, which is much, for I am naturally thin. In June I was falling under the treatment of a physician, I commenced the use of VEGETINE through the earnest persuasion of friends, and I am happy to state, with good results. I have gained ten pounds in weight, and can sit up all day, walk half a mile and ride six miles. I am greatly encouraged, and shall continue using VEGETINE until I can get well. I am a poor man, and for the truth of this statement I refer to any man in Goffstown or vicinity. Yours very respectfully, EUBECK.

VEGETINE. H. R. STEVENS, Boston, Mass: VEGETINE IS SOLD BY ALL DRUGGISTS and at Wholesale by Brown and Webb at Forstyth, Sutcliffe & Co

NEW RICH BLOOD! MAKE HENS LAY.

Parsons' Purge! Pills make New Rich Blood, and so change the blood of the entire system in three months. Any person who will take a pill each night from 1-19-79 may be cured of 1) constipation 2) indigestion 3) Rheumatism 4) Headache 5) Stomach trouble 6) Liver trouble 7) Kidney trouble 8) Catarrh of the bladder 9) Dropsy 10) Gravel 11) Gout 12) Rheumatism 13) Neuralgia 14) Sciatica 15) Piles 16) Hemorrhoids 17) Cancer 18) Scrofula 19) Syphilis 20) Gonorrhea 21) Stricture 22) Prostatitis 23) Urinary
