## NEW SAILORS TO LEARN OLD SEA SONGS

"Now, me hearties," as the landlubberly novelists say, you must travel far in these days of steam to find a chanty man

of the old packet school, but the United States Shipping Board has signed one on for the duration of the war, and he's going to teach the sailor songs to the young fellows that follow the sea in the new American merchant marine. And if they all pay attention and listen to Stanton H. King they'll be better able to pull a wet rope when the chanty man "strikes a light" and uncovers the best song in his locker.

The writer had a vivid recollection of the chanty at the head of this column. He heard it first as a youngster ringing from the foc'sle head of an ancient windjammer -the Eliza Barse-now gone the way of all good ships. It was a hot morning in a Southern port. Men were aloft on the yards loosening the gaskets, others were at the windlass, heaving in the anchor, and at the cathead stood the mate, watching the chain, as it rasped, link by link, through the hawsepipe. Presently. he gave a signal, and the chanty man, a strapping black fellow, in blue dungaree, with a voice like the thunder, "struck a light," with:

Come all ve young fellows that follow

refrain, the third was a solo, the chanty man holding the note at the end until the chorus broke into the fourth with a lilt public-school collections. When very of Canada opened, 1873; General election that carried the melody far across the harbor. The windlass clanked like an old bell as the men put their hearts into the song, the anchor stock showed itself above the rippling water, the ship began to pay off, and the sails tumble in the gear. Then the chanty man bellowed out his anchor song:

We're homeward bound this very day. (Refrain.)

Oh! don't you hear our old man say Good-bye, fare you well, good-bye fare you well;

Oh! fare you well my bonny young girl. Hoorah, my boys, were homeward bound

Most of the the things done on ship board are incomprehensible to the landsman, but each has a reason for it. And there was a good reason for the chanty. It put life into sailors, made them forget bad food, ill treatment, sore muscles, cold and all the discomforts of vile weather: and every shipmaster in the old days considered a first-rate chanty man the equivalent of four men in a watch.

Across that wide and rolling river." Nowadays there is less reason for the chanty man and his songs. To be sure the war has revived the glory of the square-rigger-New York harbor has for the Rio Grande," a famous chanty: seen many in recent months-but your modern sailing vessel carries a donkey engine, fed with coal and water, and the deep-water seaman finds it unnecessary to drive the engine with a song when it takes a grip of rope and chain. But as far back as fifty years ago it was plain 'Ranzo.' In the days I speak of, the chanty was always water ships.
