#### OTHER SIMCOE NEWS

Simcoe, May 20.—(From Our Own Correspondent.)—Col. Wayland and Lieut.-Col. Pratt returned to town on Saturday. Mr. C. E. Innes took the visitors and Dr. Burt on an auto tour of inspection of flax and they were much pleased with the way in which the ground has been chosen and prepared and with the appearance of the flax, now "just up," as it were. Col. Wayland leaves for the East to-day. Col. Pratt will spend a week in the county. Both of them will return to the scene of conflict, their mission in connection with the flax crop having been performed.

**Dr. Richardson to Leave Simcoe.**—Dr. S. A. Richardson has disposed of his practice, good will and real estate to Dr. F. McGilvery of Tiltsburg. The deal went through on Saturday and the transfer will take place on June 15th.

**Dr. Richardson purchased the business three years ago from Dr. Stanton, and had soon acquired a heavy practice, which he has continued to enjoy up to the present. He has won exceptional distinction as a successful surgeon. We understand that he will take a couple of months' well earned vacation on his farm down west and then take a post-graduate course in surgery.**

**Dr. McGilvery is a son of our townsman and merchant, Mr. Chas. McGilvery. He was born at Pt. Rowan and matriculated from the High School there. Graduating from Toronto University, he has been associated with Dr. Bennett of the emergency hospital, Tiltsburg, and comes to Simcoe well recommended.**

**Simcoeans Will Catch Fish.**—Robert Rawling, who has been appointed Government fish distributor, will begin to deliver fish at minimum cost in Simcoe on May 27th. For the general benefit of all concerned it will be essential that customers select and pay for their fish without delay. A minute's delay at each

call runs quickly into an hour. Wm. Hawling is guaranteed by the Town Council so far as the Government is concerned; and the co-operation of our citizen is necessary to the success of the enterprise. Buy quickly as the wagon can't wait.

**Can't Find It?** In answer to several inquiries, the word "hardhead" does not appear in any of our dictionaries. The geological works and is used colloquially as applied to any lump of metamorphic rock, other than sandstone or quartz and smooth off through being carried in glacial detritus.

Larger rocks or boulders resembling these are found rarely in these parts, but they are quite common and increasingly so as one progresses towards the Muskoka district. Occasionally one is seen quite as large as a load of hay. The Campbell memorial stone should be of interest to students of science in the High School. In composition, it is approximately the same as the red monuments, but it carries splendid examples of one of the outstanding points of distinction between "granite" and "gneiss" in the definite, more coarsely crystalline, dykes—as one might expect to find in the composition of the latter. We leave it to the science students to determine whether "orthoclase" or "plagioclase." Miller's text will make this an easy task.

**A Good Revenue Payer.**—Mr. Purcell's "Lyric" picture show collects annually at the ticket booth, about \$1,000 of war tax. Besides the management pays a war tax of \$75, and a film and chair tax, and indirectly other assessments totalling about \$500. So that while the town collects but \$25.00, the government finds the show a desirable source of constant revenue.

**Press Photographs.**—Miss Helen Owen, spent the week-end with the Fishers, at Fisher's Glen. Mrs. Burr, of West Street, suffered last week from a severe attack of grippe and the aged lady's condition on Friday was considered alarming. Last night she declared that quite an improvement had taken place.

**Wm. Hennessey returned from London on Saturday, after volunteering for service overseas, either with the medical corps or the artillery. He was examined and will await orders to report.**

**Old Ends of News.**—The Simcoe High School, fair appetite at basket-ball, motored to Fort Rowan and met with defeat at the hands of the home team, on Saturday afternoon. The Rowanites had too masculine a grip on the game for the girls.

In reporting last week's game we appear to have erred in crediting one of the locals with scoring all the goals. Our reporters, and we had the details from two of them, seem to have lost the identity of the players in the field costume for we have been advised that the honours of scoring were equally divided between two of the girls.

**Chas. Bint, of Charlotteville, who left his bed two weeks after undergoing an operation for appendicitis, has suffered a relapse.**

An Austrian at work on the factory reconstruction was in trouble on Saturday. A fellow countryman disappeared with his passport and post office savings bank account. As some \$1150 was involved the foreigner lost no time in getting in touch with the police. The savings account is in Toronto and the police there were notified at once.

### WALKED FLOOR AT NIGHT FOR HOURS FARMERS MAY RETAIN FLOUR

Mrs. Langford So Nervous Least Noise Would Startle Her

Required, However, to Report on Amount Which They Are Holding

This Order is being printed in the Canada Gazette. Whereas to require farmers at present to return any surplus flour as directed in Order of the Canada Food Board number 31, may incur loss of time and interfere with production of wheat flour.

In exercise of the powers conferred upon it by Orders of His Excellency, the Governor General in Council, dated the 12th day of March, 1918, P.C. 596 and P.C. 597, and of all other powers enabling it in that behalf, the Food Board hereby orders as follows:

Section 1 of Order number 31 of the Canada Food Board dated the 25th day of April, 1918, is amended by adding the following sub-sections:

(c) A bona fide farmer shall be permitted to hold, subject to the order of the Canada Food Board, the amount of flour, made wholly or in part from wheat, he may have in his possession in excess of the amount prescribed by the above Order if, on or before the 15th day of June, 1918, he reports to the miller or dealer from whom it was purchased or by whom it was manufactured, the excess amount held by him. It shall then be the duty of such miller or dealer to report all such holdings to the Canada Food Board on forms to be supplied and at such times as he is directed.

(d) Any person holding or having in his possession not more than 55 pounds of flour made wholly or in part from wheat, or who holds or has in his possession at the date hereof part only of one original package in which such flour was purchased, though the amount exceed 25 pounds, shall be permitted to hold the same.

Dated at Ottawa this 17th day of May, 1918.

Canada Food Board,  
HENRY B. ROWEON,  
Chairman.

#### WATERFORD

(From our own Correspondent.)  
Mr. James Ross, Wm. Woodley and Walter Blaney were delegated to Ottawa this week to see about the exemption for farmer's sons.

Miss Mildred Buslaugh, of Alma College, St. Thomas, was home for the week-end.

Mr. L. E. Kidder's car was taken from Smith's barn on Sunday night and after a joy ride through Windham, left the car in the Baptist church shed. It was found to have been a young lad, but owing to his age, was not prosecuted, but was released with a warning which will long be remembered.

Mr. and Mrs. Lora Shaw of Paris spent the week-end with relatives here.

Mr. and Mrs. E. G. Christie, of Seattle, Wash., arrived rather unexpectedly on Saturday to visit his daughter, Mrs. T. C. Savage and Mr. Savage. It has been some years since they have been here. Mr. James Christie of Brantford spent Monday here also with them.

Miss Lillian Marchand of Paris, returned Saturday with friends and relatives here.

About 75 hens were stolen from Martha Collier, near Bloomsburg, one night last week. The tracks of four men were seen across the field and it could be seen that they had left in a car.

Dr. W. S. Savage of Windsor, spent Sunday with his brother, Postmaster Savage.

A number of young men in this vicinity reported for military service at Brantford last Monday. The father's sons were given leave of absence until June 1st to help on the farm.

Mrs. R. J. Penhall of Villa Nova has donated a beautiful bed of tulips and some other spring flowers to the Patriotic League. These are being sold at the stores here, and many are taking advantage to give to the Patriotic cause in this way.

Mrs. W. W. Carter went to her new home in Toronto this week after spending a couple of weeks here with her sister, Mrs. W. H. Trusdale.

**Taylor-Woodley**  
A very pretty wedding was celebrated on Wednesday, May 15th at 2 p.m. at Sunnyside Farm, the home of Mr. and Mrs. Bert Woodley, when their eldest daughter, Ada, was united in the holy bonds of matrimony to Mr. William H. Taylor of Scotland. The bride entered the spotless white gown of her father, and looked very pretty in a gown of white georgette crepe over silk, with embroidered bodice and ruffled panels. She wore the usual bride's veil and carried a bouquet of roses and lilies of the valley. Miss Rhoda McMichael of Hamilton, and Miss Marion Woodley made very pretty flower girls. Rev. B. R. Fitch, M.A., performed the ceremony. About seventy relations and close friends of the bride and groom witnessed the ceremony.

The house was beautifully decorated with ferns and apple blossoms. Mrs. George Pearce played Lohengrin's bridal song as the bridal party entered the parlour after the ceremony. Mandelstam's wedding march. During the signing of the register, Miss Letta Woodley, sister of the bride, sang "A Birthday." Guests were present from Brantford, Hamilton, Lockport, N.Y., Orillia, Mich. and Saskatchewan. Mrs. and Mrs. Taylor left later in the afternoon for a short trip. The bride's going away suit was a navy serge with white Milan hat. Mrs. Taylor

will be greatly missed from the Baptist choir, where she has used her beautiful contralto voice for some years.

Unusually beautiful and numerous were the wedding gifts, which testified to the best wishes of a host of friends. A shower was given her the Saturday night before the ceremony at the home of Mrs. George Pearce, where she received a number of pretty and useful gifts.

A sad accident occurred at the Main St. bridge on Thursday afternoon about half past five. Mr. Howard Young of Wilsonville had just left Terrace Hill school, which he attended, and had crossed the railway tracks on his way home on his motor cycle, when the front wheel became loose from the rest of the machine, throwing him to the ground on his face. He was unconscious when picked up, and it was necessary to take him home in an ambulance, and it is not known if his skull is fractured or if he will develop recovery of the brain. A speedy recovery is hoped for him by his many friends.

#### Rippling Rhymes

They tell us not to hate the cat, but rather pity the galoot. And when this grisly war was young, some rhymes along that line I sprung. I said that hatred is a crime, and boomed a charity sublime. I fear I'm not so saintly now; I have no halo on my brow. There's so much evidence that Teuts are hearty and humane brutes who butcher children with their blades, and strike down dotards, wives and maids, that I can't love them as I should, if I were really, truly good. I cannot say, "Their hearts are right," though like the cheapest sports they fight. That was the line I took at first, ere I swore off on liverwurst; I said the poor chaps were misled, by all the military hordes who strut around with clanking swords. "The Teut himself," I used to say, "is but a sentimental jay, who's fond of music, art and song, and dreams mild dreams the whole day long." Now, don'terblitzen and gee whiz, we've seen the Teuton as he is, the Visigoth of ancient time, come back to wade in lust and crime. I cannot bid my doubts depart, and take the ruffian to my heart. I hate him quite as much as he, in his cheap way, is hating me. Perhaps I'll see his bloody skate, when he gets done with slaying men, but now I loathe the while I hate.

#### Lemon Juice is Skin Beautifier, Also a Whitener

Many women use just the juice of lemons to bleach or whiten the skin, but pure lemon juice is acid therefore irritating, and should be mixed with orchard white.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and beautifier by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in. The lotion will keep fresh for months. Every woman wants that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smotherer and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to bring back to any skin the whiteness, the sweet freshness and flexibility of which it has been robbed by carelessness or trying-atmospheric conditions.

Forest fires raging on the Midland Railway between West Gore and Clarkeville destroyed a black fox farm. Fifty soldiers from the depot at Windsor, N.S., have gone to help save West Gore.
