ROD AND GUN FOR DECEMBER.

Away down on the storm swept coast of Nova Scotia, lives Bonny-castle Dale the well-known naturalist who contributes interesting articles to ROD AND GUN IN CANADA. A few years ago he lived on the coast of the Pacific Ocean gathering specimens and photos of Canadian Wild Life. December Issue of ROD AND

GUN IN CANADA tells the interesting story of how he spent one Christmas Day amongst the harbor seals, sea urchins and varied water life of the Gulf of Georgia. Other interesting stories and articles included in this issue are "The Keyhole Bullet," by the skilled writer of Nature stories—George Gilbert; "In the Basin," by H. C. Hadden; "Silver Tip—A Tale of the Far North," by Robert E. Hewes; "The Propagation of Brook Trout," by John W. Titcomb. In addition to these splendid features ROD AND GUN IN CANADA for December contains the usual high class Fishing, Guns and Trap Line Departments. W. J. Taylor Limited, Woodstock, Publisher.

WHAT A NURSE FOUND.

While making her visiting rounds one morning a nurse of the Muskoka Free Hospital for Consumptives discovered a particularly sad case.

On a dingy street, in a hovel which they called "home" she found a mother dying of consumption.

The house was in a filthy condition, soiled garments, unwashed dishes, and food, lay about, even in the bedroom itself there stood a loaf of bread and an uncovered bottle of milk.

Amidst it all two children played, both too young to help or to realize that they would soon be left alone. The mother died before an ambulance could be summoned.

This is but typical of the wastage of consumption; the poor are its especial victims. Too ill to work they are unable to supply even the necessities of life. You will wish to help. This can best be done by assisting our Hospital work.

Contributions may be sent to Sir William Gage, 84 Spadina avenue, or George A. Reid, 223 College street, Toronto.
