THAT we have the finest Millinery—the most elegant in style and quality—is conceded we think by everybody—but some say we charge more for it than they do in the smaller Millinery stores in the city, and in this they are wrong. Owing to our immense business in this line we are able to keep the most experienced and highest paid trimmers and salespeople, put in the fine materials, and give you your hat or bonnet as cheap as you would get the inferior for elsewhere.

A HOSTILE AUDIENCE. Stephens' Campaign Managers Encounter One at Their Very First Meeting in Fletcher.

Ald. Stephens' committee opened its public campaign last night by an inaugural meeting in the village of Fletcher. Fletcher and vicinity, it may be remarked, is supposed to possess a considerable reform vote, and therefore a good barometer meeting was counted upon. The result to Mr. Stephens' friends was very disappointing. The attendance was large and the audience demonstrative, but not in Mr. Stephens' favor. The following strong array of Reform speakers were on hand to enlighten them: Barrister W. A. Thrasher, Dr. Fleming, J. A. Walker, Q. C., Dr. J. O'Keefe, of Chatham, and Dr. Sharpe, and John A. McGregor, of Tilbury. Mr. Fletcher, of the village, occupied the chair, and made a fair and impartial presiding officer. Mr. Thrasher opened the speaking, but the effect of his remarks was somewhat obscured by musical selections which some boys persisted in playing on election horns. Although opposition was invited, when Barrister Geo. G. Martin, of Chatham, appeared, all the time they would allow him was half an hour. Mr. Martin, during that short time dealt with the subjects of binder twine, the county court clerkship and other issues which aroused very considerable enthusiasm. When his half hour was up he was not nearly through, and the chairman and Dr. Fleming courteously wished to allow him to finish, but Mr. Thrasher said no. Then the audience took matters into their own hands and insisted most vigorously on the speaker going ahead, cheering loudly at every point he made. Later he was again called for, but was refused permission to respond. The "break" of the meeting was made by Mr. Walker, who referred to Hugh John Macdonald as the man who might be known from his father's nose. Mr. Walker evidently thought this was funny, but the audience did not, and literally hushed him to his seat. He managed to wind up his speech amid a great deal of noise, hissing and interruption, but nobody could follow what he was talking about. His co-speakers on the platform felt very sore over Mr. Walker's blunder, which certainly did Ald. Stephens' cause no good. Mr. O'Keefe spoke from a Catholic standpoint. He urged his co-religionists to support Sir Wilfrid Laurier on religious grounds. From the Reform side the best speech of the evening was made by Dr. Sharpe, of Tilbury, who received an attentive hearing. The last speaker was John A. McGregor, who addressed the assembly very briefly as some of the Chathamites were anxious to break up the meeting so as to prevent Chas. A. Williams, of Raleigh, discussing the binder twine question from a farmer's standpoint. The climax of this meeting was as odd as the rest of it. Although a Reform meeting it closed without a cheer for Smith and those present almost raised the roof. Then they cheered for the Queen and the gathering dispersed. It was one of the most satisfactory gatherings—some a Conservative standpoint—ever held in the riding.

TOOK PAO-TING-FU British Commander Announces His Arrival There With Allied Forces.

A Boxer Proclamation—Th-y Still Propose to Drive Out the Foreign Devils.

London, Oct. 26.—The following despatch from Gen. Gazelle, commander of the British troops at Pao Ting Fu, has been received by the Secretary of State for India, Lord George Hamilton. It is dated Pao Ting Fu, Oct. 26, and reads:—"The allied troops under my command arrived here yesterday. British, French, German and Italian guards have been posted at the gates. To-day all the generals, with small escorts, went through the town, after which they arranged for the allotment of quarters for occupation. I shall know, most of the British in camp for the present. Am waiting orders from Waldersee regarding their future disposition."

A BOXER PROCLAMATION.
Advices received at Hong Kong from Lien Chu, on North River, say

that American mission property there is threatened with destruction by Boxers. They have posted the following proclamation:—"We have organized to protect our country and our homes, and we rely upon one another to support the order to drive out the foreign devils. They are mad. Their folly passes description. They are the usurpers of our land. They disturb our borders in all the provinces and prefectures have been opened and our people are deceived, ripped open and disembowelled, while the foreigners grow fat on the revenues of China, insulting our officials and merchants, and seizing our temples and palaces. The Emperor is indulgent, and permits this. Who can forestall the intentions of the foreign devils? Day by day they act more outrageously. When we behold the present condition of affairs, our hearts are brained with grief. Therefore we have organized our strength to destroy the devouring wolf throughout the empire." The Boxers took the American Presbyterian mission buildings, but have not destroyed them.

CHARGED THE MOB Militia and Strikers in Conflict at Valleyfield, Quebec.

Troops Engaged the Rioters With Fatal Consequences on Both Sides.

Valleyfield, Que., Oct. 25.—The cotton mill strikers this morning commenced to act in a high-handed manner, forcibly hindering the delivery of coal to the mill. The mayor and two justices of the peace considered the situation serious enough to warrant them in asking for military protection. This they did, with the result that two companies of the 5th Royal Scots, of Montreal, arrived here by special train shortly after 1 o'clock this afternoon, under command of Col. Ibbotson. Since the arrival of militia the strikers have dispersed, and it is thought they will make no further attempt at disturbance as long as the soldiers are in sight.

MORE TROOPS ASKED FOR.
Montreal, Oct. 25.—9:45 p. m.—Word received here by telephone from Lt.-Col. Ibbotson at Valleyfield states that the strikers have become very much excited, that a row is in progress and that two hundred more militia are required. It is reported that eight or ten persons have been hurt. Doctors and ambulance corps have been called out. Two hundred more militia leave here by special train at 11 o'clock.

CHARGE THE CROWD.
11 p. m.—During the evening a number of strikers assembled at the Empire mill and commenced smashing windows. The militia charged the

crowd. Two soldiers, it is feared, are fatally hurt, while twelve are more or less injured. About twenty strikers were hurt; one, it is reported, fatally. The situation grows more ominous as the hours roll on.

REINFORCEMENTS SENT.
Montreal, Que., Oct. 25.—Serious rioting is reported to have taken place at Valleyfield to-night as the result of the strike on the new mill of the Montreal Cotton Company. When the militia from Montreal arrived there this evening the strikers started rioting. The militia charged upon them, and a number on both sides are reported to have been injured. An additional force of soldiers has been sent from Montreal.

THE PEOPLE WIN. Government's Local Candidate in the Yukon Beaten.

Victoria, B. C., Oct. 25.—News was brought by the Danube that in the elections for seats in the Yukon Council, held at Dawson, October 17th, in as far as the votes have been counted, Arthur Wilson and Alex. Prudhomme, people's candidates, were successful. A despatch dated October 17, 9 p. m., which reached Skagway prior to the sailing of the Danube, says:—"This first election in the territory, which was for two members of the Yukon Council, has been well contested, and in some respects has been a bitter fight between the two candidates nominated by the upholders of the present administration, Augustus Noel and Thomas W. O'Brien, and candidates nominated by the reform party, whose strenuous efforts to obtain local representation on the council at length succeeded."

"At this hour the reformers believe they have succeeded in returning both nominees. The election of Wilson is conceded, but as to Prudhomme, there being still 20 polling places to hear from, O'Brien may make it a close run, with the odd chances, however, in favor of Prudhomme proving the winner. The total vote of the entire territory, less the 20 polling places referred to, is:—

Arthur Wilson, 490
Alexander Prudhomme, 401
Thomas W. O'Brien, 350
Augustus Noel, 254

"At White Horse the majority of the votes were cast for the administration candidates, the poll being:—O'Brien 76, Noel 58, Wilson 15, Prudhomme 13."

R. G. Duggan, who arrived from Dawson, and of course left prior to the elections, said it was generally conceded there that Arthur Wilson and Alex. Prudhomme, the latter a French-Canadian, would win. The creek miners were for them in overwhelming majorities. "No one," said Mr. Duggan, "who has been connected with the administration in the Yukon could be elected to anything. The Government has been obnoxious to all classes except those seeking special favors. The enmity of the laboring classes has particularly been aroused on account of the fact that Judge Duggan's rulings have left no recourse to them for their wages. He has held that a claim owner gets his share of this gold taken out of the claim free from any lien of wages taken into the court and tried before Judge Duggan's own son. He took a large claim belonging to his father, the judge. He lived in great style. At the clean up there was 17 cents on the dollar for the laborers, while Judge Duggan got his half of the gross output free of all expenses. The case was taken into the court and tried before the claim owner, who gave himself the ruling. There are 6,000 laborers on the Klondike creeks, and 1,500 of them did not get all their pay on account of the rulings of Judge Duggan."
