The 100% Washing Machine

*Do you buy a washing machine to save time or to save labor?*

If you simply want to save time any good machine will serve your purpose, but if you are interested in saving labor there is one machine that stands out sharply from all the rest because it not only saves time but does more of the work of washing than any other.

We refer to it as "the washing machine that does more" and this is the reason why.

First, it washes anything that any machine can wash and many things no other machine can wash and washes them just as speedily. But, in addition the Laun-Dry-Ette—

Saves the work of rinsing—the machine rinses

Saves the work of bluing—the machine blues

Saves feeding the wringer—the machine whirrs a whole tubful dry in one minute

Saves handling WET clothes

Saves putting hands in water

Saves time sewing on buttons, fasteners and hooks, often demolished or pulled off by wringers.

Don't be content with simply a washing machine—get the most for your money—get a Laun-Dry-Ette.

Come in and see it or phone us for a demonstration in your home.

"If it has a wringer it isn't a Laun-Dry-Ette!"
