

Give The Children

Plenty of Good Bread

good home made bread—made of "BEAVER" FLOUR. It means vigor, bone and muscle to your growing children, because it is a perfectly balanced food. And it is the least expensive food you can put on the table.

"BEAVER" FLOUR is a scientific blend of the best Western Spring Wheat and Ontario Fall Wheat. It is as good for pastry as for Bread, and best for both. Your grocer has it.

DEALERS—Write us for prices on Feed, Coarse Grains and Cereals. THE T. H. TAYLOR CO. LIMITED, 110 CHATHAM, Ont.

Advertisement for Zam-Buk featuring a large '2 IN 1 FAMILY' headline and a testimonial from Mrs. Elliott. The text describes how Zam-Buk cured various skin ailments like eczema and ringworm. It includes a 'FREE BOX' offer and the company name 'ZAM-BUK' in large letters.

A GROWING IDEA. Women's Canadian Clubs Spreading All Over the Land.

The first Women's Canadian Club was formed in 1907. One would not like to venture the statement that if men's Canadian Clubs had not existed it is improbable that a Women's Canadian Club would ever have been added to the history of Canada. The fact is, however, that men's Canadian Clubs were formed first. The first city in Canada to possess a Women's Canadian Club was Montreal. The Women's Canadian Club of Winnipeg was inaugurated in the same year. Toronto followed suit with its Women's Canadian Club in 1908. Since then many Canadian Clubs for women have been organized in Canada.

The great majority of Canadians, both men and women, delight to listen to distinguished visitors. While the men were able to partake of the feast of reason and flow of soul, the women of Canada had to stay at home, because they had no Canadian Clubs. They did not like being denied the privilege of listening to the distinguished visitor and of seeing him for themselves. So women in the different cities began to form Canadian Clubs. Undoubtedly, an intelligent interest in affairs of the day, as well as a keen interest in interesting people, is a strong impulse behind the Women's Canadian Club. One other predominant motive which spurs on the growth of the Canadian Club is nationality.

It is impossible to keep account of every Women's Canadian Club which has been formed since 1907. They are being formed very rapidly and they are independent organizations which find it easy to stand alone. The Association of Canadian Clubs is a federation which includes both men's clubs and women's clubs. There are at least twelve Women's Canadian Clubs in Canada. The list includes Berlin, Fort William, London, North Bay, Montreal, Ottawa, Quebec, St. John, Toronto, Vancouver, Victoria, and Winnipeg.

Women's Canadian Clubs differ widely in some respects. But they all have a large membership. Most real, which is the oldest Women's Canadian Club, is the only one which keeps to the idea of the men's club and has a speaker address them at a luncheon.

The statistics of Women's Canadian Clubs show the popularity of the movement with Canadian women. The Women's Canadian Club of Berlin and Waterloo was formed last year. It began with a membership of 117.

"Old Boys" of the House. Of the senior nine members of the House only one Liberal is left, and that is Sir Wilfrid Laurier, first elected 1871 (unbroken). Sir Wilfrid Laurier, first elected 1871 (unbroken). Dr. Sprague (Grey), first elected 1876 (unbroken). George Taylor (Leeds), first elected 1881 (unbroken). Hon. George E. Foster, first elected 1889 (broken). David Henderson (Halton), first elected 1882 (broken). Dr. Reid (Grenville), first elected 1891 (unbroken). Col. Hughes, first elected 1892 (unbroken). W. F. Maclean, first elected 1892 (unbroken). And then there comes a very considerable gap. W. H. Bennett is probably the next in the order of seniority, but he was out of the late Parliament. L. L. Gordon came in in 1894. Mr. Oiler of Toronto was also first elected in 1896.

Methodist Antiquities. Among the antiquities of Methodism which have been brought by Rev. Dr. H. K. Carroll, the secretary of the western section of the Ecumenical Conference, for exhibition in Canada are the watch carried by Bishop Asbury, his spectacles, jackknife and comb. The bishop's saddlebags are also coming, and reports of probably the oldest church on the continent, the old John Street Church, New York.

Alberta's Evening. "Marvelous is the influence of the Pacific winds and currents. Two hundred miles north and west in the Peace River country and in a broad strip lying across Alberta north of the Lesser Slave the climate is milder than at Edmonton. The mountains are low and admit the ocean air unimpeded. Summer nights in Edmonton give only about two hours and a half of actual darkness. One can easily read fine print by daylight at 10.30. Ball games begin at 7.30. The longest day gives 18 hours of sunshine. One rarely sees such brilliant, living sunshine anywhere else.

A Jubilee Year. In the October Canadian Magazine Dr. J. D. Logan observes that B. G. Carman, Archibald Lampman, William Wilfred Campbell, Frederick George Scott and Margaret Marshall Saunders were all born just 50 years ago, in 1861. In any consideration of Canadian literature this is an important fact.

IN FICHU FINERY. Revival of These Dainty Old World Accessories.

The most distinctive of the new fichus is the model with jabot ends. This dainty accessory is of sheer handkerchief linen and suggests a Dutch neck at the back. A slide of lace takes the place of a brooch fastening. Another charming fichu is the Charlotte Corday of handkerchief linen trimmed with real curly lace. A sailor collar almost reaches the waist in the back, and the little tabs in front are modestly folded under a huge breast pin.

A Nursery Romance. Much has been written about a suitable bride for the Prince of Wales, but no one who has discussed the subject in print seems to be aware of the nursery romance which started when the little Grand Duchess Olga, eldest daughter of the czar and czarina, was at Balmoral with her parents. The Prince of Wales, a baby, too, took a violent fancy to his small second cousin. In those days the Grand Duchess could not talk, so she only laughed and put her tongue out at her would-be suitor. A few years ago, when the czar and czarina brought over their family in the imperial yacht to Cowes, Prince Edward again met the grand duchess, who is growing up to be a tall girl, the image of her mother, and his royal highness, boylike, fought rather shy of her. But onlookers, as usual, seeing most of the game, noted that he cast many admiring glances at his pretty cousin and she at him.

It's Plain, but Very Smart. If this attractive suit, which is the creation of a famous French dressmaker, is to be taken as a harbinger of fall styles all women will rejoice in the tailored trimness and grace that are theirs. The lines of the suit are smart and distinctive. The coat is an admirable length and is just loose enough to be comfortable for everyday wear. The skirt is particularly good looking and while narrow enough to suggest slenderness, is not extreme. The entry little suit is built of novelty mohair, which has all the appearance of cashmere, but sheds dust more readily.

able length and is just loose enough to be comfortable for everyday wear. The skirt is particularly good looking and while narrow enough to suggest slenderness, is not extreme. The entry little suit is built of novelty mohair, which has all the appearance of cashmere, but sheds dust more readily.

15 YEARS A DYSPEPTIC. Forced to Live on Stale Bread and Porridge.

"FRUIT-A-TIVES" CURED HIM. AVONDALE, N. B., October, 15th. "I have been a great sufferer from Indigestion for fifteen years. I was forced to deny myself all such hearty foods as beans, meats, potatoes and could not drink tea or coffee. For the past two years, I lived on porridge, stale bread, etc. I had treatment from two doctors, and tried nearly every kind of medicine, but got worse. "Finally I saw a testimonial of "Fruit-a-tives" and concluded to give them a trial. I took nearly four boxes of "Fruit-a-tives" and they have made me feel like a new man. I can eat all kinds of hearty foods without suffering, and am no longer constipated."

HOCKEY IN CAMPBELLTON. Victorias Winning Streak Continues.

Those who attended Wednesday nights Hockey Match surely received their money's worth, at least in quantity if not in quality. Ladies' night was quite a success a goodly number of the fair sex having assembled to see our local gladiators meet in friendly combat, each striving to display their superiority in manipulating that small rubber disc.

Only by twenty minutes grueling overtime play was a decisive issue reached in Wednesday night's game which remained a tie at the close of the second half. The game was strenuously contested from the very start until the close of the first ten minutes of overtime play which did not effect the game as both teams failed to score. However, with the opening of the last ten minute period of overtime the I. R. C's appeared to weaken and while working like Trojans their play was ineffective and the Vics chalked up three in succession making the final score six to three.

The I. R. C. aggregation of puck chasers are undoubtedly in much better condition than when they played the firemen on the Wednesday of the previous week but the last ten minutes overtime they were unequal to the strain and to that was due the three successive goals scored by the Vics.

From the spectators' standpoint of view the game was moved by many offside plays and while to the average looker on it spoils the game, still it is necessary to hold up all violations of the rules of hockey to be played here to any degree of efficiency.

The penalties landed out were of the weighty variety and were distributed most impartially. Not a single bench warmer getting off with anything under two minutes while three and five were very conspicuous. Each game played is more and more indicative of the very narrow margin existing between the three teams forming the Campbellton Hockey League and while the Victorias are at present on the top of the heap they have by no means cinched the local championship, which with each game showing greater strength on the part of the leading teams is still in doubt.

Line up of Teams. I. R. C. Victorias. Gee, Matthew's goal. Kelly Savoie point. J. Matthew's Damboise cover. Delaney Mersereau rover. Schurman Lutz centre. Wallace Martin R. wing. R. Matthew's Boudreau L. wing. Keith.

GOAL SCORES. Lavoie 1 Wallace 1 Damboise 1 Wallace 1 Martin 1 Keith 1 Delaney 1 Keith 1 Delaney 1. The game started with Wallace getting the puck in the face off but losing on a pass to the I. R. C. Keith who rushed things in the opposite direction until stopped by the Vic's defence then the puck began to move in fast and furious play with both teams striving their utmost to score. For the first ten minutes the Vic's hammered about five shots at the I. R. C. goal to one in return the advantage being due to combination play. Then Lavoie obtaining the puck rushed up the ice alone ran the gamut of the Victoria defence and notched the first goal of the evening in favor of the I. R. C.

After the face off the I. R. C. forwards made a splendid run up the ice using combination for the first time. This play was wrecked upon hitting J. Matthews at point who in consequence received two minutes for tripping. R. Matthews and Wallace by a pretty play got a clean shot at the nets but it was neatly turned aside by G. Matthews. Then Boudreau and Damboise worked a similar trick to meet a like fate at Kelly's hands. Boudreau again tried to score but was effectively blocked by J. Matthews.

The game continued fairly fast with quite a number of offside plays which were immediately held up and faced off. Mersereau suffered 2 minutes penalty for tripping. Then Lavoie tried another run but was blocked by Delaney who intercepted the puck, carried it up the ice but was blocked while shooting. Hay Wallace getting the puck from a mix up in centre managed to slip it in past G. Matthews, tallying the first goal of the evening for the Vic's.

Keith was the next man to warm the bench for two minutes and Damboise in a swift run eluded the Vic's defence and found the nets the game ending at half time two to one in favor of the I. R. C's.

OPERATION FOR PILES FAILED. Zam-Buk Was Then Tried and Worked a Cure.

Writing from Poplar, B. C., Mrs. C. Hanson, wife of the proprietor of the Commercial Hotel, says: "I suffered four years with bleeding piles. The pain was so bad at times that I could hardly walk, and ordinary remedies seemed utterly unable to give me any ease. Finally I decided to undergo an operation, and went to the Sacred Heart Hospital in Spokane. There they performed an operation and did all they could for me. For a time I was certainly better, but within twelve months, the trouble started again and the piles became as painful as ever. I tried liniments, hot poultices, various pile cures, and indeed everything I could think would be likely to do any good, but still I continued to suffer, and the shooting burning, stinging pains, the dull, aching and wretched, worn-out feeling that the disease causes continued as bad as ever.

"One day I read about Zam-Buk and thought I would try it. The first one or two boxes gave me more ease than anything else I had tried, so I went on with the treatment. In a short time I began to feel altogether different and better, and I saw that Zam-Buk was going to cure me. Well I went on using it, and by the time I had used six boxes I was delighted to find myself entirely cured. That was three years ago, and from then to the present time there has been no return of the trouble." Zam-Buk is a sure cure for piles, eczema, ulcers, abscesses, cold sores, chapped hands, various sores, burns, scalds, bruises, inflamed patches, and all skin injuries and diseases. Drug-gists and stores everywhere, 50c. box or Zam-Buk Co., Toronto, for price. Refuse harmful substitutes.

BLACK CAPE. Black Cape, Feb. 2.—We regret to announce the death of Mr. Duncan Campbell which occurred at his home in Caplin River on Monday Jan. 29, after an illness of about three months which he suffered much during that time. Deceased was 57 years of age and leaves to mourn his loss a wife and two daughters, one son and three sisters and brothers. The funeral took place on Thursday and was largely attended, interment being made in the Black Cape cemetery. Much sympathy is felt for the family in their sad bereavement.

The W. F. M. S. held their monthly meeting at the home of Mrs. Peter McRae on Saturday afternoon. Mr. Hastie Henderson drove to Campbellton last week on business. Mr. and Mrs. Felix Gavey are being heartily congratulated by their many friends on an addition to their family. The new arrival is a bouncing boy.

Advertisement for J. & D. A. Harquail Co., Ltd. The text describes the company as contractors and builders in Campbellton, N. B., and lists various services including planing mill, dry kiln, sash and door factory, and wholesale and retail dealers in building hardware, paints, and oils. It also mentions high class woodwork and special designs furnished for store fronts, counters, and shelving. The advertisement includes contact information for phone, mail, or wire orders.
