### MUSIC IS CON- DUCIVE TO HOME CONTENTMENT

So Declares Texas Newspaper  
in Article on Mechanical  
Musical Instrument

There probably is nothing in the home on the farm, or in the city, for that matter, according to the Dallas News, so conducive to the happiness and contentment of its inmates as music.

"So plainly is this evident and so universally conceded," the News continues, "that one might with some show of cogency, in his argument, assert that music is of itself a necessity as well as a joy—indeed, a comfort, too. Certain it is that in a family where there are members blessed with musical talent there is an attraction for the home that does not exist in the absence of music."

"The lack of musical talent has in this present age, however, been in great measure overcome through inventive genius, for although there are not to be those in a family who are gifted with both the talent and desire to make music, the mechanical devices for making music, now obtainable in the manner in which they render the numbers played, but it is possible to have the classic produc-

tions of the century produced with absolute correctness as to melody and technic. Where mechanical attachments are not used this is not possible except in extremely few families, for extraordinary, indeed is an amateur musician, on whatever instrument he may play, who is capable of rendering the world's greatest gems of classical music.

Mechanical musical instruments render with amazing correctness and musical intonation the songs sung by the world's greatest human song-birds, and in addition, will reproduce with faithful and remarkable exactitude the beautiful instrumental productions not only of single instruments, but of orchestras or bands. Indeed these wonderful instruments make it possible for a family to enjoy, any evening, or, in fact, at any time, a lecture or recitation, vocal renditions by any of the world's most noted singers and a concert by a great musical organization in the

### CATARRHAL DEAFNESS

is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulars free. All Druggists. form of a band or orchestra. "We are rather inclined to the belief that few people realize to their full value the capabilities of these great musical contrivances and their effectiveness in adding to the pleasure and attractiveness of any home, whether in city or country. For the same outlay in money it can scarcely be gainsaid that there is no other attraction that can approach in any reasonable degree a musical instrument, especially one which is so capable of interesting, instructing and entertaining not only the members of a family but all who appreciate music and the other entertainments they afford."

### MR. T. F. SHERRARD PASSED AWAY AT A RIPE OLD AGE

Moncton lost one of its oldest and most highly esteemed citizens about twelve o'clock Tuesday when Mr. Thomas F. Sherrard, Senior member of the firm of T. F. Sherrard and Son, passed away.

The deceased gentlemen had reached the mature age of 88 years and 5 months, and had always enjoyed exceedingly good health. Even when well past the four score mark, he was comparatively active, and only recently did he show signs of failing health.

The late Mr. Sherrard was born of Scotch parentage, at Strathadam Northumberland County, on October 15th, 1833. For many years he conducted a monument business at Point du Chene, Westmorland County which was moved to Moncton about thirty-four years ago. His business connections made him a frequent visitor throughout all the northshore counties where he had made a host of friends who will regret to learn of his demise.

Mr. and Mrs. Sherrard a few months ago, celebrated the 58th anniversary of their marriage. Mrs. Sherrard is still surviving as are also two sons and three daughters. They are W. Edgar Sherrard, Junior member of the firm of T. F. Sherrard and Son, Moncton; J. Henry Sherrard of Montreal; Mrs. Albert J. Welling, of Shediac Cape; Mrs. Hugh McKeellar, of Moose Jaw; and Mrs. (Dr.) A. W. Montague, of Minnedosa, Manitoba. There is also one sister still living, Mrs. Jerome Roy, Newcastle. Mr. Will Sherrard, of Strathadam Northumberland County, and Dr. Wilbur Sherrard, of Crossburn N. S. are nephews.

The late Mr. Sherrard was a life-long Presbyterian. Prior to his removal to Moncton he was an elder in the Presbyterian Church at Shediac. At the time of his death he was Senior Elder in St. John's Presbyterian Church, Moncton. He was a man of sterling qualities and his life was that of a consistent Christian.

The funeral of the late Mr. Thomas F. Sherrard took place Thursday afternoon from his late residence, 257 Robinson street, at 2 o'clock. The service was conducted by Rev. A. J. Ramsay, pastor of St. John's Presbyterian Church, assisted by Rev. J. V. Tilton, pastor of Central Methodist Church and Rev. Mr. Tomlins, pastor of St. Martin's-in-the-Wood, at Shediac. The choir of St. John's Presbyterian church, assisted by members of the choir of Central Methodist Church, rendered appropriate selections. The hymns rendered were "What a Friend He Have in Jesus," "Jesus Lover of My Soul," and "All Hail the Power of Jesus Name."

The floral tributes were many and beautiful and included a wreath from St. John's Presbyterian Church, also a wreath from Simmons, Limited of Montreal, of which firm Mr. J. H. Sherrard, son of the deceased is manager, and many others from close friends of the family.

The pallbearers were Messrs Owen Cameron, William J. McBurn L. C.

### NORTH'D MUST PAY THE HEALTH BILL

Fredericton, N. B., March 10.—Mr. Justice Barry today issued an order.

on the action of the Minister of Health that the municipality of Northumberland pay a total of \$9,441.12 the total of assessments for public health purposes for 1920 and 1921. For 1920 the assessment was \$4,437.10 and for 1921 \$5,004.02.

Northumberland is the sixth municipality of the Province against which the Department of Health has been compelled to take action to force payment of health assessments.

### WILL MAKE REPORT THIS WEEK

Halifax, Mar., 12.—Dr. Walter Franklin Prince, investigating officer of the American Institute of Psychological Research, has laid the Caledonia ghost to his own satisfaction. This much is conceded by those who were instrumental in bringing the widely known expert on matters psychic to Nova Scotia. But what manner of ghost it was which drove the Alexander MacDonald family out of their home in the dead of winter, took liberties with the MacDonald cattle and subsequently played phantom pranks with a provincial detective and a newspaper reporter, bent on interviewing him, is a matter it is announced that will remain a dark secret until the doctor wills it otherwise.

### BIG FIRE IN KENT COUNTY

Eleven buildings, involving a total loss of \$40,000 were burned at St. Anthony, Kent County on Saturday. The fire started at eleven o'clock at night in the home of Alyre Cormie, and burned until eleven the next morning. The loss is fairly well covered by insurance.

### PRAIRIE PROV- INCES TO RECEIVE RESOURCES

In a letter written to the Premiers of Manitoba, Saskatchewan and Alberta, Hon. W. L. Mackenzie King, Prime Minister, outlines the proposal of the Government for returning the natural resources to these three Prairie Provinces and relinquish the subsidies which they have received in lieu of their lands, and receive resources. "The shortest and simplest way of settlement, the one admitting of quick results, would be to ignore transactions of the past and make a fresh start," he says.

The Prime Minister states in his letter that the question of returning the natural resources has been complicated in the past by objections raised on the part of the older provinces, who have claimed that if the requests of the Prairie Provinces were granted, new conditions would arise which would entitle them (the older provinces) to compensation. Speaking on behalf of the Government, he expresses the opinion that any claim on the part of the Eastern Provinces will probably be removed if it is understood that on receiving their natural resources, the Government, he expresses the opinion subsidies.

The Premier makes it clear that any arrangement arrived at is subject to the approval of Parliament.

### A WARNING

Last Tuesday night, three young men from Chatham who came for the purpose of attending the carnival, placed their horse and rig in one of the local livery stables. When preparing to return to their home, one of the three young men appeared to have something under his coat which looked rather suspicious and told his comrades that he would meet them a little further along on the street. Chief of Police Ashford was informed the following morning of a new bride having been stolen from the stable, and he immediately got in touch with Chief Coughlan of Chatham and advised him of the above young man's actions on the previous evening. Chief Coughlan made an investigation, with the result that he found the bride and the same was returned to Newcastle. This is not the first occasion that similar happenings at the same stable has occurred, and the Newcastle Chief of Police wishes to inform all persons who are accustomed to picking up articles that are not nailed down or too heavy to carry, that in future he proposes to take the matter to the law courts where severe justice will be handed out all such culprits and they will not be so leniently dealt with as the party involved in this particular case has been. It is yet undecided whether or not further proceedings will be taken in this case.
