JUST PUBLISHED.

LABRADOR: Its Discovery, Exploration and Development.

By W. G. GOSLING. With numerous Illustrations and Maps. A new chapter in the history of our Colonial Empire, embodying the results of much laborious research in an exceedingly readable narrative. The work has been undertaken at the suggestion of Dr. Wilfred Grenfell, C.M.G., whose missionary and humanitarian labours on the Labrador coast are well known. For points of special interest, where all is interesting, the reader may be referred to the question of American Fishery Rights which has been pending for 100 years and will be shortly submitted to the Hague Tribunal, to the proof of discovery by the early Norse mariners, the tale of the romantic devotion of Moravian missionaries, and the adventures of Captain Cartwright, settler, sportsman, and merchant. Published at 21s. nett. Our Special Price—\$5.00.
