C.C.C. Presentation.

A meeting of the C. C. C. Band took place last night in the Band Room. Hon. John Harris presided. A cut-glass bottle was presented to Mr. Arthur Bulley, the bandmaster, by a committee of the Corps. A silver watch was inserted suitably engraved to denote the occasion, and Hon. John Harris made the presentation and paid a high compliment to Mr. Bulley who replied in suitable terms. Mr. F. J. Morris, K.C., presented the Band with a meerschaum pipe which will be played for in a billiard tournament. Mr. C. Hutton also offered a prize for composition.

Minard's Liniment Co., Limited.

I was very sick with Quinsy and thought I would strangle. I used MINARD'S LINIMENT and it cured me at once.

I am never without it now.

Yours gratefully,

MRS. C. D. PRINCE.

New Brunswick, Oct. 21st.

LEAVING THE COUNTRY.—Ninety passengers joined the express yesterday at Briggs Junction for Canada and the States, where they will work all summer.

The New Church Ship.

Mr. Gerald Harvey was yesterday apprised by letter from New York that the new church ship Amazon was receiving extensive repairs on dock there and will be finished in about six weeks. She is being thoroughly renovated, will have an excellent saloon, which will be well ventilated and lighted, and she will be in all respects a fine vessel for the use of His Lordship Bishop Jones. Capt. Randell, who is now in New York looking after her repairs, will have charge of the yacht, but another man will go up to bring the vessel down.

Tenders for Ships.

Special to Evening Telegram. OTTAWA, May 2. Tenders for the construction of four Cruisers and six Destroyers, for the Canadian Navy within six years, have been received by the Government. The names of the tendering firms have not been announced, but they are mostly British. As the contracts stipulate that the vessels must be built in Canada, this will necessitate the construction of yards and dry docks. One yard is likely to be located in the St. Lawrence, and one on the Atlantic seaboard.

Cardinia Wrecked.

Mr. H. W. LeMessurier, Assistant Collector of Customs, received the following message yesterday from Lamaline: "Schr. Cardinia, Capt. Carroll, struck off here this morning in a dense fog. Captain and crew landed safely in boats; vessel will be a total wreck." The vessel we learn was coming here from Harbor Breton when the accident occurred. She was a fine schooner of 100 tons, built at Lunenburg in 1903 and was owned by Job Bros. & Co. Going to Halifax last year with herring she met terrible weather, and coming back to Harbor Breton also had a hard experience, when Capt. Carroll had his leg broken by being thrown against the bulwarks.

Charge of Bribery.

Special to Evening Telegram. CORK, May 2. P. Guiney, Independent Nationalist member for the North Division of Cork, in the House of Commons, addressing an All for Ireland meeting to-day, made the statement that within the preceding 24 hours he had been offered \$5,000 to resign his seat to permit its capture by the Redmondites, but that he had refused.

Indigestion & Dyspepsia

In all its Forms can be Cured. It is quite a daily occurrence to hear persons say: Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and head ache, I feel too tired to do anything I have no heart to exert myself and at times I care for nothing. I often have a pain in the pit of my stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden. Now, it seems a shame and a pity for persons to be suffering like this when it is in their power to get cured by taking a Bottle of Dr. Stafford's Prescription. A sure cure for persons afflicted with stomach troubles it can be obtained at

DR. F. STAFFORD & SON, Duckworth Street and Theatre Hill. Small size, 25 cents; postage, 5c extra; large size, 50 cents; postage 10c. extra. Mail orders must be accompanied by remittance.—Oct 29, 11m

STEAMERS GOING SOUTH.—The Bellaventure will leave here Saturday to take up the fruit trade, plying between Boston and Port Antonio, Jamaica. The Bonaventure, Capt. Cross, will sail a week later. Both ships will bunker at Sydney, thence proceeding south.

Here and There.

Our motto is "Stock the Best," if you have not tried it order a sack of "Exelle," the best bread maker, from J. J. Callahan.—ap21,101

BANKERS RETURN DAMAGED.—Several Lunenburg bankers returned home last week, most of them having experienced much stormy weather and received much damage.

CAME TO HOSPITAL.—A woman named Dean, who is suffering from an internal complaint, arrived by last night's train to enter Hospital. Mr. Eli Whiteway looked after her wants.

FAIRY LAMPS.—A variety of colors, from 11c. up. Fairy Lights in boxes, 15c. GEO. KNOWLING, China and Glass Department.—m1,5in,eod

PORTUGUESE SAILOR RELEASED.—The Portuguese sailor who stole \$10.17 from Mr. Tucker of the General Hospital, has been released and goes to Pernambuco in the Maggie with Capt. Connors.

Electric Restorer for Men Phosphonol restores every nerve in the body to its proper tension; restores strength and vitality; promotes healthy and all sexual weakness averted at once. Phosphonol will make you a new man. Price \$4 a box, or two for \$6. Mailed to any address. The Robson Drug Co., St. Catharines, Ont.

STEAMERS DRY DOCKED.—The steamers Clyde and Adventure are now on the dry dock receiving an overhaul and repairs. The Clyde will leave for Lewisporte next week to take up the summer service in Green Bay, and the Adventure will get ready to go to Hudson Bay.

Kohler Pianos are in use the world over and their output numbers considerably over 100,000. We offer this make in our great clearance and change of business sale at greatly reduced prices. CHESLEY WOODS, Sole Mtd. Agent.—ap11,11

COMMISSIONER REES GONE.—Commissioner Rees left by the outgoing express last evening for Cape Breton where he will hold a series of meetings. A large number of the Salvation Army people of the city were at the station and gave the Commissioner a hearty send off.

The Tonk Piano is a great favorite with all. It retains its clear bright tone without producing the jingle of the cheaply made piano. We put this characteristic against any other make in the world and offer this instrument in our great clearance and change of business sale at greatly reduced prices. CHESLEY WOODS, Sole Agent for Nfld.—ap11,11

SERIOUSLY ILL.—Mrs. R. Anthony of Colonial Street, who fell over the stairs of her residence a short time since, and sustained serious injuries as exclusively mentioned in the Telegram, is still in a serious condition and her situation is the cause of much grave anxiety on the part of her relatives.

A PUBLIC MEETING.—A public meeting of the supporters and friends of the Association for the Prevention of Consumption will be held in the British Hall to-morrow evening. His Excellency the Governor will preside and matters of importance to the organization will be discussed.

APPOINTED THIRD ENGINEER.—Mr. John Cunningham, formerly of the Angel Engineering Co., sailed on the S. S. Glencoe in the capacity of third engineer. He takes the place of Mr. Ferguson, who has retired from the service. John is a fine mechanic and his many friends will wish him every success in his avocation.

PASSES EXAM.—We congratulate Mr. L. C. Murphy on his success in passing the final examination in Commercial Law, conducted in correspondence by the Hannan Commercial Schools of Milwaukee, Wis., U. S. A. Yesterday's mail conveyed the good news. The general average attained was 80 per cent, while 90 per cent was reached in an "Agency and Partnership" paper.

A KINDLY ACT.—The unfortunate man, "Willie" Randall, has at last secured a permanent home at Catalina, from whence he originally drifted; his aunt, who resides at that place, having consented to take him. We learn that Mr. J. P. Kiely very generously provided him with an outfit and has arranged for his transportation. This kindly act on the part of a comparative stranger in our midst is one that deserves commendation.

MAY JOIN STOCK COMPANY.—Miss Ray Hope, who dramatic readings at the Nickel are the source of much pleasure to theatre-goers, received a cable last night asking her to join the Orpheum Players at Montreal. The latter aggregation is a Stock Company organized for the summer, and is headed by Charles Mackay and Lillian Kemble. In view of the fact that Miss Ray has been engaged by the Nickel management for a period of three weeks, it is hardly probable that she will be able to join the company mentioned.

Trout Joke May Prove a Boomerang

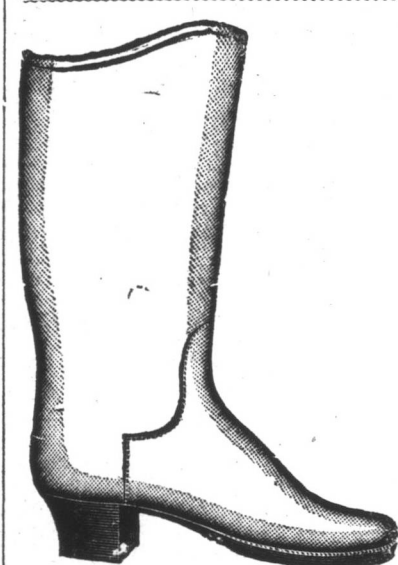

Frost fish, dropped in a harmless solution of carmine coloring to make them look like trout, were distributed in South Norwalk, Conn., recently, because it was April Fool Day, as well as the opening of the trout season. The "speckled beauties" were served on the menu cards in every restaurant and cafe. Such an influx of trout was never heard of before, and every fisherman became excited and set out for the brooks, only to come back empty handed, querulous and inquiring.

It was not until a few days later that it became known the inventor of wooden nutmegs had been outdone by a couple of South Norwalk jokers, who had read of Brian G. Hughes, of America, tried the game first on Saturday as a joke, but when they found they could sell all the inked frost fish they could catch at twenty-five cents a pound as trout, when as ordinary frost fish they were only worth eight cents a pound, they turned in and repeated the trick. A neat amount of money was cleared before the gullible public discovered the joke.

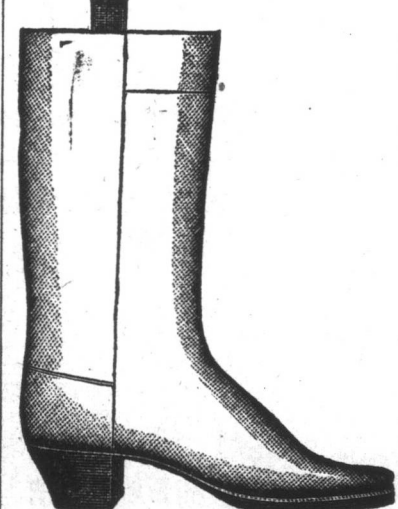

There is a possibility that the Food and Drug Inspection Board of the Department of Agriculture may take up the matter as the "trout" were undoubtedly adulterated, the difficulty which the Board will encounter will be the present location of the trout.

HAD VALISE STOLEN.—From letters received by yesterday's mail, it would appear that in addition to the other losses sustained on account of the wreck of the S. S. Bruce, Mr. M. F. Carroll met with another misfortune, in that his valise, containing a number of valuable articles, although saved from the wreck, was stolen from him on the train on the way to Victoria, B.C. The valise contained the baggage checks of the men who were accompanying him to the whaling fisheries, and this robbery caused him a great deal of inconvenience. The perpetrator of the theft was not discovered.

You can wash everything with Sunlight, but can injure nothing—neither hands, nor face, neither fabrics nor furniture.

SUNLIGHT SOAP

Harbor Main Notes.

A sociable was held at Avondale last week when \$75 was raised in aid of the priest's new residence, now in course of erection. Miss B. O'Brien, who is now domiciled in the United States, collected a goodly sum for the same purpose from former residents of Avondale there. The building will be an excellent one when finished. A new parochial residence is also to be erected at Conception Harbor for Rev. Monsignor Veitch. A very successful concert was held there Saturday night in aid of this building and a good sum was realized. Mr. L. Hennessey and Miss Nellie Moore, of Avondale, were united in matrimony on the 25th of April and received the hearty congratulations of their many friends. The mail man who brings the mail to Chance Cove had a hard time of it the past winter. He had to haul it on dog teams, the roads being impassable, was several times overtaken by snow storms and only saved his life by getting back to the camp or halfway house.

Wedding at Bell Island.

A very pretty wedding was solemnized at the R. C. Church on Monday evening when Mr. Amen Basha, of Grand Falls, led to the altar Mrs. Joseph Carbage. Rev. Fr. McGrath tied the nuptial knot. The groom was attended by his cousin, Mr. Thomas Basha, while the bride was supported by her cousin, Mrs. Abraham Basha. She was given away by her brother, Mr. Joseph Shean. After the ceremony the happy couple drove to the residence of the groom's brother, Mr. Joseph Basha, where a very enjoyable time was held. The bride and groom leave for their future home at Grand Falls on Wednesday. We all wish Mr. and Mrs. Basha many years of happiness.—Com.

Competition.

The competition between the Sections of C Company, C. C. C., for a silver cup, presented by Lieut. Summers, which took place at St. Bonaventure's College, a short time since, has resulted in favour of L. C. O'Hagen's section, the result being made known a few days ago. The contest was conducted before Capt. Vaughan, of the Holy Cross Division, and consisted of the usual preliminary formation, squad, manual and physical drills. No. 3 Section, commanded by Lance-Corporal Edward O'Hagen, was the successful one; Lance-Corp. Neill's being second; Lance-Corp. Rawlins' third, and Lance-Corp. Dunn's last. The presentation was made by the Principal of the College, Rev. P. J. Culhane, and the students showed the popularity of the decision by prolonged cheering. Lieut. F. Summers is one of the most zealous officers in the Company, and to his keen interest the success of that division of the C. C. C. is undoubtedly due.

Porcelain Expert

Acquires \$1,250,000 Collection. London, April 28.—A collection of rare old Chinese porcelain has been acquired by Edgar Gorrer, the well known London porcelain expert, for \$1,250,000. The collection was made by Richard Bennett, of the Thernby Hall, Northampton. Among the notable pieces is a unique pair of yellow hawthorn vases said to be the finest of their kind in the world, having a market value of about \$50,000; two dozen black hawthorn specimens averaging in value about \$20,000 each; samples of green hawthorn and a couple of pearl greys said to be the finest in existence.

Rare Mexican Shark Killed.

A rare specimen of man-eating shark was brought to San Francisco last week by the Pacific Mail Steamer Peru, from Central America and Mexican ports. It was killed by native swimmers in sight of the passengers, while the craft was at San Jose, Mex. The shark is 11 feet long, the biggest ever reported along that coast. It will be given to the Golden Gate Park Museum. It was killed by two men, who, with hardwood sticks, shapened at each end, in their hands and knives between their teeth, plunged into the water. They came to the surface many times, only to dive again. After fifteen minutes the men came up smiling. Soon the dead shark rose to the surface. Its jaws were held apart by the stick.

BOYS PLAY BURNING AT STAKE.

Boston, Mass., April 28.—Bound and tied to a stake, while his little playmates executed a mimic Indian war dance about him and "tortured" him with a lighted candle, Max Tatlebaum, aged 5 years, of Roxbury, turned play into a reality and was "burned at the stake" when his clothing caught fire from the candle, causing injuries which resulted in the boy's death at the hospital last night. The Tatlebaum boy's companions ran away in terror when they saw the boy's clothing flaming up, and he was released from the stake by two little girls, who carried him home.

BEAVER DESTROYING TIMBER IN WEST.

Regina, Sask., April 28.—Beaver have become so numerous and are destroying so much fine timber around Oxbow that settlers are appealing to the Government to exterminate them.

Mr. T. A. Brown, Superintendent of Mines at Bell Island, is now in the city, and has registered at the Crossie Hotel.
