STOCK MARKETS.

nerce building, received the following by private wire from Bartlett, Frazier & Carrington today: New York, Nov. 24—Noon.—While there have been weak spots throughout the ndustrial quarters, and though the railroad stocks show fractional declines, the undertone has been good. The particuarly weak spots among the industrials were the corn product securities, on ru-mors that dividends would be cut. Copper eased off on relatively high selling. and showed no resistance. There was good buying of Sugar, and the operations in that stock look like accumulation. The traction stocks were very strong in the first hour, but lost part of their gain

and then drifted into comparative dull-ness. Southern Railway and Louisville and Nashville have been strong. Repubic Iron and Steel were under pressur luring the early trading and lost consid Car was reactionary. Strength is mani-test in the standard railway stocks, al-though no advances of material importance have been scored. Southern Pacific and Union Pacific are well held and Sentiment is cheerful. Sales to

bags, \$3.05, middle freights; choice brand are 15c to 20c higher; Manitoba, \$4.55 to \$4.60 for cars of Hungarian patents, \$4.25 to \$4.30 for second patents, and \$4.15 to \$4.20 for strong bakers, bags included, of the track, Toronto, Milliced—Firm, a \$17 to \$17.50 for cars of shorts and \$13.55 to \$14 for bran in bulk, middle freights; Manitoba \$200 for cars of shorts and \$13.55 London, Tuesday, Nov. 24. Either the weather or the fact that the farmers bring in nearly all the produce they have to sell on Saturdays, was the cause of a small attendance at the mar-ket here this morning. Small stuff was very scarce, the bulk of the offerings consisting of the heavy lines, such as hay, oats and dressed hogs. Sales were brisk for everything offered, excepting aressed hogs, which were easier. Grain—The deliveries of oats were large, about 30 loads being offered; prices were easier, at 83c to 88c per cental; most of the leads sold at 85c to 86c per cental. Quite a few loads of wheat sold at \$1.30 per cental. Barley sold at 87c to 90c per cental.

Hay and Straw-There were 24 loads of hay offered today; the majority were of interior quality; sales were brisk for the choice loads, which sold at \$8.50 to \$8.75 per ton; inferior and medium quality sold at \$5 to \$750 per ton. Straw sold at \$5 per ton; by the load \$3 to \$325 was

offered to warrant a change in prices.

There were only a few lots of apples offered, and sales were made at the Poultry--Very little was offered today; geese sold at 8c per pound; turkeys, 12c 10½c per lb. to 12½c; chickens, 60c to 80c per pair. Dressed Hogs-There were from 50 to 60 carcases offered, and sales were slow, as the buyers are expecting a further

decline in prices; a couple of large loads were sold at \$6 per 100 pounds; the holdwere sold at \$6 per 100 pounds; the noners were offered \$650 in the early part
of the market; prices ruled mostly at
\$650, and a few choice light hogs brought

13 lbs, dull, 32s.

Lard-Prime western, in tierces, easy,
36s; American refined, in pails, easy
36s 6d. eased to be in existence. By orders of Col. Drury, the guns, tores and accoutrements will be takn over by Col. M. D. Dawson, storeeeper of the district, and those that re found to be of any use will be withneld by the department of militia, and he rest will be sold at the next annual

The battery consisted of six nine ound Armstrong-rifled guns, and al-hough the guns are not by any means nodern implements of war, they are nevertheless said to be in good condiion, and as good as the guns in any

attery in Canada. The harness, etc. is said to be of no ise, however, and will be sold.

What will be done now fowards resenerating the battery remains with the department of militia, and with any while spiritual citizens when the department of militia. ublic-spirited citizens who may desire o recall it back to life. Since the death of Major Van Tuyl.

of Petrolea, two years ago, the bat-tery has been without a commander, and it has dropped away to nothing. It ad neither men, horses, nor enthusi-sm, and at the last couple of camps when it turned out its showing was so poor that it was not called upon to go inder canvas last June. Though without a commander, its provisional com-nanders were J. E. Smallman, Len Citzgerald, C. R. Hunt, C. F. Colter, Dr. George D. Wilson being surgeon and Dr. Tamlin veterinary surgeon. The battery did service along the St. lair frontier at the time of the Fenian aid, and was at one time one of the trongest military organizations in the

Carry Appeal to Toronto. To Ask Provincial Authorities to Re-

move Alleged Nuisance.

It is understood that those interested in the removal of the rag business on Simcoe street, which is alleged to be a nuisance, contemplate a new move. It is said that since the city appears to be powerless in the matter, they will appeal to the provincial health authorities and will ask for an investigation into their charges that rag and bone businesses in cities are a menace

to the public health. If the provincial board of health takes the matter up and agrees to proceed with an investigation, some interesting facts may be brought out, and just as interesting points settled. One contention of the Simcoe street residents is that rats, which are attracted in large numbers to places where rag and bone businesses are carried on, spread disease in all directions. They also allege that the recent large amount of sickness in London was owing in large measure to the storing of rags and bones in the heart of the city. At the next meeting of the board of health, the report of Dr. Hutchinson the medical health officer, and Dr. Niven, will be presented. It is said the report will not, as far as it goes,

dealers. Complaints regarding the tallow works on Trafalgar street continue to be made. One of the McClary employes was at the city hall today, and registered the usual complaint. yet, Dr. Hutchinson has made no report

deal harshly with the rag and bone

on the subject. The annual reports of the board of health and of the medical health officer will be presented to the council at its next meeting. Owing to the large number of cases of contagious diseases in the city this year, and the consequent cost, it is not likely the board's repor will be a very satisfactory one.
