ANXIOUS ABOUT SERVIA

Wants To Know Just What Meanwhile Russians Are Bat-Will Be Given As Compensation.

[Canadian Press.] Berlin, via London, June 22.—Bulgaria's answer to the entente powers regarding her participation in the war leaves the question undecided, according to information given out here today. The proposal of the quadruple entente was that Bulgaria should mobilize immediately and move against Turkey.

The prospective compensation offered for such action included Servian Macedonia. Kavala (a port on the Aegean Sea in the extreme eastern part of Greece) with the Kavala hinterland and the territory north of the Enos-Midia line in Turkey. The powers are said to have agreed to mediate at Bucharest for the restitution to Bulgaria of Dobrudja (a district of Roumania bordering on the Black Sea), and also to support Bulgaria financially during the war. No induce-ments were offered for a continuance of

ulgarian neutrality. The Bulgarian answer, it is said, while courteous in tone, did not touch the question of the Government's attitude regarding mobilization, but devoted it-self to counter-questions. Buigaria wished to know whether Servian Macedonia included only that part to which Bulgaria laid claim under the Balkan League treaty, or other parts as well. The entente allies are reported to have proposed that Servia, in return for ceding Macedonia, should receive suit-

able compensation in Albania, Bosnia and Herzegovina. Bulgaria, to which the future size of Servia is important the balance of power in the Balkans, requested more definite information conwell as a more precise definition of the

London, June 22.—With the exception of a few transactions in oil shares, rubbers, United States Steel and Canadian Pacific, business was practically given over to discussion of the new war loan details. Dealers were busy answering clients' queries regarding the conversion, etc. Home rails and gilt-edged securities were dull, and in several instances weak, the new loan proving more attractive. The old war loan advanced on conersion rights. The opinion in the money market that the new war loan would be responsible for higher money rates in the near future caused as mart rise in discount rates, which strength was also assisted by the continued drain of gold. In the late trading short bills touched 3% to 4, and three months bills 4 to 4½, against 2% and 3 to 3½, the final quotations of yesterday.

New York, June 22—Wall Street, 10:30 a.m.—Early dealings on the stock exchange today indicated some confusion of speculative sentiment. Bethlehem Steel, yesterday's strong feature, opened with a decline of 2%, which it soon increased to 3%. United States Rubber fell 2 points, and Reading, United States Steel and Amalgamated Copper lost fractions. The Locomotive issues, Steel Foundries, American Can and local tractions registered advances ranging from large fractions to 1%. Later there were general recoveries led by Steel, which rallied a full point, and steel, which rallied a full point, has been ordered by the supreme court to divorce its coal properties, rose 5 points.

Noon.—Stocks were in free supply on the really which followed the early irregularity, and Steel, Coppers, American Can, Reading and war shares went lower. Bethlehem Steel lost almost inconnection with rumors which revived doubts of the stability of its dividend. Lackawanna increased its gain to 5 points, and Baltimore and Ohio rose a point on publication of highly favorable further foreign selling.
